En-ar-co Lubrication Is Profitable Lubrication

INCREASED war-time production on the farm demands that every working hour shall be devoted to actual production. Hours wasted in delays and repairs due to faulty lubrication are unprofitable and unpatriotic.

That your motor may develop its greatest power and speed and to insure its continuous operation, it is necessary to reduce the friction of moving parts to a minimum by the most efficient lubrication. Only the *best* is good enough.

Oil That Acts As Oil Should

En-ar-co National Motor Oil, by force of feed or splash, protects the moving parts by a soft, velvety cushion or film—strong and tenacious—and permitting the motor to render its greatest strength and power.

Oil Made As Oil Should Be

En-ar-co National Motor Oil is the result of nearly 40 years of refining experience, modern methods and scientific instruction. It is a marvel of expert workmanship. Expert workmanship is the silent partner of good results.

Every En-ar-co workman must pass through a primary course of refining instruction. Then through the higher grades of En-ar-co training. As these high standards of efficiency are attained, workmen are awarded their degrees. Only graduate workmen are assigned to responsible duties. Only expert refiners produce lubricants which bear the En-ar-co label.

The conservation of time and machinery makes it to your distinct advantage to use only lubricants and petroleum products made by *men who know*—En-ar-co Graduate Workmen. Try En-ar-co National Motor Oil now. Mark its high excellence. Observe the greater power and longer life of your motor. You'll never go back to "just oil."
