## The Answer

**Because** the Farmers' Company is giving satisfaction.

**Because** the large volume of business it handles enables it to secure for its shippers the highest prices possible.

**Because** it takes duplicate samples to check the Government grading and prevent mistakes being made.

**Because** it has a Claims department to protect the interests of its shippers.

**Because** the profits left over from the cost of handling the grain go back to the farmers or are spent in their interest.

**Because** it was started by the farmers, is owned by the farmers, and is run by the farmers; its only object is to secure for the farmers the highest returns for their grain.

**Because** it has been the means of improving conditions and enabling the farmers to secure more nearly the full value for their grain.

**Because** what it has done for the farmer in the marketing of his grain it can, if supported, do for him in the marketing of his livestock and other products.
