Young Man Carried Off His Feet

Heroic Effort to Save Silas Carson's Life Proves

Unavailing

MONCTON, N. B., July 7 .- The community at Boundary Creek was shocked last evening by the news that a young man named Silas Carson had been drowned while bathing in the Petitodiac river. The unfortunate young man had been working at Boundary Creek. The weather was intensely hot and about seven o'clock in the evening Carson and others went down to the river to bathe. The tide was running in swiftly and Carson, who was unable to swim, got into deep water and was quickly carried off his feet. All efforts to save him were unavailing and up to nine o'clock this evening the body had not been recovered, though a large searching party was at once organized. The sad affair has cast a gloom over the entire com-

Young Carson belonged to Upper Turtle Creek. Carson was about 23 years of age and was working with a bridge crew on the I. C. R. at Boundary Creek. When he went into the water he claimed he could swim a little, but when swept off his feet by the swift running tide it was found

that he was unable to keep afloat. One of his companions who could swim went to Carson's assistance and succeeded in getting him by the hair estimates, railway subsidies, a bill reof his head. The drowning man immediately grabbed the rescuer about the body and both went to the bottom. The rescuer found that he was unequal under such circumstances and he was compelled, in order to save his own life, to abandon Carson. He was much exhausted with his struggle and barely able to reach the shore. A searching party will go out tomorrow morning and drag the river for the body.

ROY FACES TRIAL ON DOUBLE CHARGE

ST. JOHN'S, P. Q., July 7 .- Hon. P. H. Roy, president; P. I. L'Heureux, exmanager, and P. Beaudouin, assistant manager of the defunct Bank St. Jean, were this morning formally committed by Judge Lanctot to stand their trial before the court of King's bench on October 22nd next, on the double charge of making false bank returns to the government and of conspiring to defraud creditors of the bank.

All three accused pleaded not guilty. No witnesses were called, the crown having closed its case and the accused having decided to reserve their defense. A lengthy discussion over bail ensued and was finally fixed as follows:

Hon. Mr. Roy, charged with making false statements, \$15,000; charged with these seven sureties of \$5,000 each will have to be found. Personal bonds of

In amendment on motion to go into supply Mr. Lancaster moved that the House consider his bill regarding protection at level crossings on railways. The Senate, he said, had again declined to pass the bill as passed by the Commons and its reconsideration in the Commons would only come up under

Mr. MacKenzie had been an official tive regime and was no doubt a canable official. It was simply a question of whether Mr. MacKenzie had exercised his judgment fairly. MAYOR ASKS FOR MILITIA. Major Good telephoned to the D.O.C. asking permission to call out the militia, but could get no reply. DISASTROUS FIRE AT PERTH JUNCTION

Perth Junction was visited by a disastrous fire yesterday morning by which Dionne's Hotel was practically totally desroyed and along with it the residence of Mrs. William Mallory near by, together with nearly all the outbuildings belonging to the two places this morning in an outhouse in the rear of the notel. The cause is not known but there is no indication that the blaze was of incendiary origin. Owing to the long spell of dry weather, the buildings were like tinder and the flames spread with such rapidity that in a very few minutes practically the whole main hotel building was enveloped. The hotel was crowded with guests at the time, and a number of those had very narrow escapes, several of them managed to get out of the building clad only in their night clothes However, as the evening was very warm and sultry, this was no great hardship. . Most of the outbuildings were burned, the ell and kitchen was completely destroyed and the main building is so badly gutted that it is scarcely worth repairing. William Perry proprietor of the Minto Hotel. at Grand Falls, was among the guests, and in addition to all his clothes he lost his pocketbook containing \$700. Walter Scott, of Plaster Rock, lost every stitch he owned and did the town until vesterday morning in his night shirt along with a coat some one lent him. From the hotel the flames jumped to the residence of Mrs. William Mallory near by. All the outbuildings attacked were burned and the residence portion badly gutted, but that portion of the building used as a store suffered only slightly and practically the whole of the shop is still standing. Mr. George Dionne, owner of the hotel, was last week offered \$9,000 for his property while Mrs. Mallory estimates that her place was valued at \$5,000. The guests of the hotel are still hangendeavoring to sort them out. So far Nelson and fortunately the sample room in which were his trunks, was and four strong streams were kept continually on the fire.
