M. the Forest is the best Medical School!

That prodigious combination, extracted the Autumn Forest by the scientific and wonderful skill of the Canadian Physician, directly or indirectly from a thousand sick and suffering fellow-creatures, cured by Imperial Blood, Bilious and Morbid conditions of the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS,

(A Scientific preparation of concentrated virtues.)

These Pills are prepared from the best Extract, obtained with other Vegetable drug-virtues of the high art Medicinal virtues. They are warranted MILD to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time with no hindrance from business, change of diet, or danger of taking cold. They do not have the taste or smell of medicine, and are the three cases out of four instead of disease that any Pills in use.

But a short time has elapsed since these valuable and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the seeds of sickness are sown, is generally the cause arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague, and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No patient can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile, or foul stomach.

Costiveness of bile may always be known by some unfavorable symptoms which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, lowspirits, or other symptoms of a sickly habit. Almost every person at this season of the year is bilious, therefore we would be sure to bring on some severe disorder, frequently terminating in death. A single 25-cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 2, of these mild and excellent Pills for a child, from 3 to 4 for de adult, and from 6 to 8 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all the manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive—the stomach in an irritable state, and the liver in a torpid state. Dr. Halsey's Forest Pills act on the gall ducts, and remove the morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the bilious and morbid matter from the blood, and expel the bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in curing disease.

A great amount of good these Pills have done for the sick and afflicted have induced thousands to recommend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing is in always every day of the week have been handed to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1849.

DR. G. W. HALSEY,—Sir: I was for several years past, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I have always employed a Physician, but in this case I concluded to try one of your Forest Pills in the house, I concluded to try them. I gave to each of those six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. And since that time I have kept your Forest Pills at hand, and in all cases of distress I have found them with the most happy results.

NOTICE TO THE PUBLIC.

In 1840 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Super-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the envies of designing men, who counterfeited the wrappers of the genuine, in which they coated with Sugar, to give them the appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by curing thousands of diseases.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC.

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Medal ever given for Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain in any climate for a length of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all impositions and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Remember!!! If you wish to be sure of a medicine which does not contain that poisonous drug, Calomel or Mercury, purchase **HALSEY'S GUM-COATED FOREST PILLS**, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, ask for HALSEY'S PILLS.

If you would have the most convenient as well as the most complete Family Medicine Extant in the world for destroying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous diseases, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, If you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and may be administered to the peculiar delicacy of your constitution. Trust them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

THE PROPHECY FULFILLED.

"In the month of August, 1850, we published to the world that we had discovered a remedy that would cure in fifteen days the most severe cases of pain, and speedily relieve the worst case in twenty-four hours.

"We appealed to Hospitals, and all other Institutions for the relief of the sick; to Governors, Legislators, and all other Institutions and Societies, to investigate our claims to their favorable notice and to introduce it for the benefit of the afflicted.

"We declared that it would relieve, in a few minutes, the most excruciating pain, and that in all cases of Fever and Ague, Bilious Fever, Dysentery, Diarrhœa, Cholera Morbus, Cholera Infantum, Colic, Cramps, Spasms, Sour Stomach, Heartburn, Sick Headache, Diseases of the Kidneys, Inflammation of the Bowels, Piles, Worms, Colds, Coughs, Rheumatism, Neuralgia, Toothache, Pain in the Side, Back or Loins, and all internal pains, it would stop them in from one minute to twenty minutes. That it would relieve the most severe and aggravated case of Headache in from one to twenty minutes. That no matter how severe the pain, it would relieve in from one minute to thirty minutes. That it would cure any kind of a Cough in from one to twenty-four hours. That it would cure the most painful Rheumatism in from one to twenty-four hours. That it would cure the most painful Swelling, Sprain, or Bruise in from one to twenty-four hours. That it would cure the most painful Burn or Scald in from one to twenty-four hours.

"That it would in no instance administer the least pain or sickness, and consequently cure this extraordinary affection. That it would stop the most terrifying Cholic in from one to twenty minutes.

"That it would relieve all Fluxes, no matter from what cause, and cure many Chronic cases of Rheumatism in a few hours.

"That it would prescribed a miraculous soothing and relieving influence over all pains originating from Rheumatism, Neuralgia, Sprains, Bruises, Burns, Scalds, and that it would in no instance fail in relieving the most excruciating tortures, would fail in curing the most severe case.

"That we would continue at the head of our discoveries. The most eminent of Medical Science should their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker or slower than recommended. That it would cure quicker or slower than recommended. That it would relieve in a very few minutes any pain, at once determined to try it; the consequence was, that from almost every town, village, and hamlet in the States of New York, we have the daily testimonials of orders for our article, and the consequent cures. The people tried it and found it good; the most severe cases, the most excruciating pains, the most terrible sufferings of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. Cases of Fever and Ague, Chills and Fever, Bilious Fever, Dysentery, Diarrhœa, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were soon made very rare cases. Their torturers had restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had passed its twenty courses,

BALDNESS CURED.

The following is from Rev. Wm. Forrest, Saratoga Street, East Boston:

EAST BOSTON, Feb. 5, 1847.

Mr. William Boyle—Dear Sir: For several months past my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failure of other remedies, I was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effects have been truly astonishing. In about one month after I first used it, a perfect growth of hair, of an original color, will shortly follow. Its effects in clearing the hair from scurf and dandruff are also truly surprising. The purely vegetable nature of the ingredients of which it is composed, renders it perfectly safe for the most delicate person to use with confidence.

Respectfully yours, WM. FORREST.

HYPERION FLUID,
FOR RESTORING, PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians in Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Dec. 14, 1847.

Mr. Wm. Boyle.—Sir.—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other preparations for the hair. It keeps it in curl, prevents and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many worthless patent preparations.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The basis of it is derived from the "Amole, or Soap Plant," of California, an article used by the natives of that country for washing it, and thus the use of strong alkali, so hurtful to the skin, is avoided. It rapidly and completely softens the beard, the purest and most nourishing effects on the skin.—It soothes and allays irritation, and has a fine, fresh, creamy lather, which will not dry on the face. Those who use it never can be shaved with the incomparable soap. It is done up in elegant style, calculated either for the dressing case of the rough and ready of travellers, or the toilet of the most fashionable connoisseur.

With pleasure I assert, that the use of Smith's Exterminator was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises, which was effected without any inconvenience.

C. F. BAILLARGEON, Pte.

Quebec, 7th March, 1849.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the miscreants, without success. Having been strongly recommended Smith's Exterminator, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

I hereby certify, that by using Smith's Exterminator it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1849.

From the Rev. B. Davis, D. D., Minister of the Bleurie Church, Montreal.

I most willingly bear testimony to the good effects of Smith's Exterminator. I found my present dwelling over-run with Beetles; the nuisance had defiance to all efforts to abate it, until this preparation was applied. Our Rev. has suffered much from the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, as eminent Physicians of this city, write as follows:—

Dr. Sherwood's Galvanic Embrocation, in regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with Scrofula in the knee joint, and was under my treatment for some time, but without effect. The Embrocation was procured, and in a short time after the discharges from which was purulent and very fetid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation, and after using only one bottle, the discharges ceased, the ulceration of the knee healed, and a complete cure was effected.

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most important and valuable toilet articles,—the result of his inventive research. His Hyperion Fluid is extensively used, and stands at the head of the list of preparations for strengthening and beautifying the hair; but Bogle's Amole, for shaving, is decidedly the greatest curiosity in the way of shaving soap with which we are acquainted. STRONG RECOMMENDATIONS.

Regarding the efficacy of Dr. Sherwood's Galvanic Embrocation, a distinguished Physician of New York remarks as follows:—"I have for many months past, with various and repeated trials, tested the merits of the Embrocation, and am happy to say that I have found it to be a most valuable remedy in relieving pain, and expediting the cure of many diseases of the Pulmonary system, to which I am frequently called to attend. The Galvanic principle of restoration in the Embrocation, I consider the great secret of its success in the cure of many diseases, and I have found it to be a most valuable remedy in Rheumatism, Neuralgia, Lumbago, Sprains, Bruises, Burns, Scalds, Sore Throat, all cases of Local Inflammations, Cuts, Wounds, Bruises, Headache, Toothache, Sore Mouth, Piles, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many very surprising cures in cases of the foregoing complaints, and we say no more, than hundreds in this city and upon sound will testify, when we say there is no Medicine equal to it for the cure of pumpkins, possessing more than a tythe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

Being free from any deleterious article, and cannot, in any possible case, injure the patient.

It does not deaden the Life Function, nor produce for temporary relief, a paralysation of the nerves, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, but on the contrary Cramps and Pain subside, and it's a restorer of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved *surprisingly* successful. Many cases, (See Certificate,) in these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—and should continue to bathe the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or other substance.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and surely cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Bengore, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest and speedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. It also is cases of *Burns, Scalds, Frozen, &c.*,—relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will never fail, unless the tooth is decayed. If the tooth is hollow, saturate a little lint and put it an cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

Dr. E. Carll, in the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckeane, Esq., of Dunmore, Mo.:—

DUNMORE, July 11, 1848.

Messrs. Curtis & Perkins.—For two years past I have been entirely prostrated with the Rheumatism; all my limbs were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bunch was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, but all to no purpose, and finally gave up all hopes. I then concluded to try your Pain Killer, prepared by Curtis & Perkins, of Bangor. After taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles, when I found my quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in world for Rheumatism, and I have also used it for cholic and pain in the stomach, and always found immediate relief.

JOHN BUCKNAM.

"Round him rush the people crying, 'Tell us all, oh, tell us true!'
Where are they, our brothers, children? Have they met the English foe?
Why are you alone, unfollowed? Is it weal, or is it woe?"
Like a corpse the grisly warrior looks from out his sable vest;
No word he speaks in answer, only with his armed hand
Clutches his weary steed, and onward up the city streets they ride;
Fathers, sisters, mothers, children, shrieking, crying
"By the God that made thee, Raindolph! tell us what mischance hath come?"
Then in lifts his riven banner, and the sabbeth voice is dumb.
