Take "Pape's Diapepsin" and in five minutes you'll wonder what became of misery in stomach

Wonder what upset your stomach —which portion of the food did the damage-do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gas and acids and eructate undigested food; breath foul, tongue coated-just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help; remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful-it digests food and sets things straight, so gently and easily that it is really astonishing.
