Norfolk Heroes Home From Front

George Green, the County's First Volunteer, Among Those Returned

NEWS FROM SIMCOE

Simcoe, Oct. 15.—(From Our Own Correspondent).—Simcoe is warming up in the matter of receiving the boys from overseas. Just before the procession of autos draped in flags and bunting started for the depot to meet Trumpeter George Green, the chairman of the committee on receptions was advised that "Frank Parsons will arrive tomorrow at 11:20 a.m." But when the train pulled in Green and Parsons both appeared and with them Joseph Lorne Goodlet and Roy Patterson of Nixon-Goodlet, last with the former 133rd Parsons enlisted at Welland and Patterson somewhere outside the

county. His father, owing to a recent accident, was unable to meet him here and he and Goodlet went on by train. They are all here de-combat, but none of them have any disfigurement or facial distortion, which Parsons has one eye affected, and Green's trouble is in one of the lower extremities, as the surgeon would probably express it.

Offered Before the Call. Green offered his services to Col. Aiken on the first news of men from Canada being wanted. He enlisted on August 13th, 1914, left Simcoe for Valcartier in a uniform of the old 39th on the 19th and reached home on first leave yesterday after three years service as trumpeter and one year as a trooper. He came home on the last ship with the gauntlet of the subs, and the transport tied up at Halifax a few hours before the city began to celebrate on Monday.

It is his intention to make a profession of his natural talent as a cartoonist. One of his former efforts was reproduced at the Lyric last night in honor of his return.

SIMCOE AGENCY

The Brantford Courier 55 Peel Street. An Excellent Local Advertising Medium. Telephone 390. Nights 355-3.

NOTICE—The party who removed from the Armoules on Monday night, a large Union Jack, is requested to return the same at once. It may be left at the Courier agency.

It was a genuine surprise that Mrs. Parsons of Patterson street received when the procession, after leaving Green at his home and proceeding with young Parsons proceeded at her door with a long absence. Parsons arrived 24 hours ahead of schedule. Parsons lost a day somewhere, possibly slept it away. At any rate he saved his mother a night's preparation and impatient waiting. Lieut. Harold McCall in Town. Lieut. Harold McCall arrived at 12:30 yesterday via L. E. and N. announced except for the Senator's family. He has been in England with a forestry battalion and is en route to Vancouver for discharge. He will spend a few days with his family in town before continuing West.

Instantly Killed. Mrs. Ruby Hall received on Wednesday a letter from her daughter-in-law in Scotland, confirming with particulars news of the death of Gunner George Hall, one of eight sons in service. He was killed instantly with two others of a quartet of the 1st Battalion, and the one who escaped was able to communicate the details to the stricken wife.

Wood at \$3.25. The fuel committee of the Town Council met last night and fixed the price for corporation wood at \$3.75 a cord of 128 cubic feet, or \$3.25 a short cord. The wood is hauled on a 16-inch highway, varying slightly as all wood thus sawn does. It is almost all green and should be split for the stove at once and piled to dry.

It will be sold to bona fide residents of Simcoe for use within the corporation in quantities not exceeding one legal cord nor less than one-third cord at a time, and a fresh supply will not be sold to the same consumer unless he has less than three days' stock on hand. All wood must be paid for when ordered and the purchaser must sign the teamster's delivery check.

It is desirable that where parties in the same locality desire to place small orders, that they should order in succession that delivery may be made by a single trip.

An effort will be made to deliver within three days of the placing of the order.

Deputy-Roeve Langford has undertaken to receive orders at his office, Peel street, and will begin the work on Monday. His office is generally open evenings.

November Crop of Strawberries. Mr. Ted Matthews brought to the office yesterday a dozen large sized delicately flavored strawberries which he had just picked from his farm, which were it not for the birds would have yielded quite a crop. The feathered youngsters, however, are getting in first.

Odd Ends of News. Enough has been published recently about arrears on newspaper subscriptions to move most people. We have about a score on our list whom last night in honor of his return.

Music and Drama

"CHIN CHIN." A crowded house, probably the largest of the season, greeted the performance of the musical extravaganza, "Chin Chin," at the Grand last night. The extravaganza is a peculiarly hybrid variety of entertainment, a cross between the usual American musical comedy and the English pantomime. "Chin Chin" purports to tell the story of Aladdin and his lamp, but the plot is mostly overshadowed by a luxuriance of elaborate costuming and a chorus numerically strong and melodiously pleasing. The piece lacks the pep with its original story, but it is its first production, but it pleased the great majority of last night's audience, and after all, that's the main thing. A six-piece orchestra had pleasing such popular numbers as "Katy," "Smiles," "My Beldin Rose" and "Over There," proved a decided hit in the second act. Miss Lorraine Lester, who has been twice seen here with the musical comedy, "When Dreams Come True," was a dainty figure as Violet Bond, the heroine of the piece and the beloved of Aladdin. Walker, Willis and Roy Binders, the principal comedians, appeared in a varied repertoire of burlesque roles, and created a big hit throughout.

"THE BRANT." "Visions of Fairland" is the title under which Gertrude Rinaldo, better known as La Graciosa, presents a series of elaborate electrical and optical spectacles which head the program at the Grand the last of the week. The act is one of the most beautiful of its kind ever seen here. The illusions produced being masterpieces of their kind. Lila Lee, the latest Paramount star, a recumbent from the vaudeville stage, is seen in her first motion picture "The Cruise of the Make Believe," a delightful story of the little drudge of a regiment house and the manner in which her dreams of wealth come true. What else are dreams good for, in the movies, except to come true. Charlie Chaplin, who could darned near buy up the whole Victoria Loan with one year's salary, appears in a comedy produced especially for the Victory Loan officials, "The Bond." And Charlie is some propagandist. The latest episode of "The House of Hairs" featuring Pearl White and Antonio Moreno, is also on the program.

"A GOOD INVESTMENT." Lift up your heads, Canadians, our sons so valiant, brave Have stood the test of battle, our country's life to save. If ever there was time for pride, for joy our hearts to fill, 'Tis surely now when we have helped to shatter Kaiser Bill. And his lone stream of conquest over, His dream is gone, the waking sure, and this world shall be free. If you and I still "got" 'em nor fail to do our best, By cutting out all selfish needs, just live and save the rest. To buy enough of Victory Bonds for coming days of need. The income is both sure and safe, 'Twill be a boon indeed. A bank may fail, loan companies smash, both stocks and homes decrease. It's safe to hold to Johnny Canuck, his virtues will increase. His precious metals, lands and wood, 've all his hidden gold. Are his reserves good, also ours if Victory Bonds we hold. Let us buy for Christmas presents and gifts for brides-to-be. To help our soldiers later when they come from over the sea. But best of all, for Canada's need, this land so great and free. —M. R.

Since the "flu's" visit Simcoe children remain at school till four o'clock. In a pointed if caustic letter in the British Canadian this week, J. K. McLennan of Victoria, deals smashing blows against the spreading disease in the church than in the factory because only the most cleanly and those in "fairly good" health go to church. The same truth he says, "has been against temperance (local option) prohibition, equal suffrage, even in war time, against the church and has favored higher criticism." But Mr. McLennan need not butt his head against the walls of the Simcoe woolen mills or any other Simcoe factory. As he counsels, "Little boats should keep near shore."

ACTRESS TELLS SECRET

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture. Joicey Williams, the well known American actress, who was playing at the Imperial Theatre in St. Louis, Mo., made the following statement about gray hair and how to darken it. "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Chlorine Compound, and 4 ounces of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not run off."

WILL SAIL FOR EUROPE

Washington, Nov. 14.—Food Administrator Hoover will sail for Europe on the White Line Olympic probably on Saturday, it was learned at the Food Administration today. He goes at President Wilson's request to direct the work of feeding the starving populations of western Europe. Owing to the lifting of the naval censorship this is the first time since the war started that the name of a ship on which American or other officials sailed or planned to sail for Europe has been permitted to be published. On the Olympic also, it is understood, will be Dr. Masaryk, president of the Czechoslovak republic, and returning to his liberated country.

PARIS MILES SUNDAY

Paris, Nov. 15.—General Eisenhower will reach Metz on Sunday evening, according to Marcel Hatin, editor of the Echo de Paris. He will not make an official entry of the city, however, until Monday. Representatives of the German civil and military authorities will go to Nancy today to reach an agreement with Leon Mirman, director of public relief on important questions arising from the taking over by the French of the administration of Alsace and Lorraine.

Laid at Rest

The funeral took place Wednesday afternoon of the late J. H. Burns from the family residence at Echo Place to Mount Hope Cemetery. The funeral was largely attended, the deceased being a well known man throughout the city. The floral tributes were particularly beautiful and large numbers of them told of the high esteem in which the deceased was held by his many sorrowing friends. The services at the house and grave were conducted by the Rev. G. A. Woodside, who said a fitting tribute to the deceased. The following acted as pallbearers: R. Gowman, F. Gowman, C. Boles, J. Kelly, F. Gardner and Art Tuck. The flowers, pillow, wife and children, cross, Lou Charlot and Josephine; heart, Jan and Harry; wreaths, mother and sisters, Mr. and Mrs. T. Paper Controller Orders Cutting Off of Unpaid Subscriptions!

Mr. R. A. Pringle, K. C., the Paper Controller of Canada, has issued an order, effective January 1, 1919, which says: "Discontinue sending paper within three months after date of expiration of subscription, unless the subscription is renewed and paid for."

There are many other restrictions imposed, but this one is the most important. Therefore, between now and the end of the year The Courier's subscription list must be overhauled and put on a paid-in-advance basis, in order to comply with a governmental order.

Accounts have already been sent out to those in arrears, but subscribers do not need to wait for a "dun" to spur them to action. The date on the label affixed to the paper sent to mail subscribers tells the story. City subscribers can learn how their subscription stands by referring to their last receipt.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspaper until ordered stopped, and this practice frequently means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacture of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved, and proposes that only those who pay for their publications shall receive them.

Under these regulations The Courier will have no choice in the matter of dealing with subscriptions in arrears for over three months.

Send in your subscription at once. Do not delay, the collectors call regularly on city subscribers. Keep your account up-to-date.
