SOMETHING SWEET

J. A. Wilson took in the excursion to Dresden and Wallaceburg sugar factories yesterday and told a Planet reporter that he enjoyed the trip very much and was surprised to see such immense structures.

"I never before saw so much ma-chinery in a building," said Mr. Wilson. "You wouldn't think it would take such a vast quantity of it to turn out a barrell of sugar. The excursion went to Wallaceburg first where the sugar company, after showing us through their line factory, treated us to dinner. In the afternoon we went to Dresden. The Dresden factory is bigger and bet-ter, I think, than the Wallaceburg one, and the former has a ton of beets to every 100 pounds of the latter. Still both are great factories and a credit to the towns."

Scores Referendum, but Favors Closing Barrooms.

Toronto, Nov. 29.-Hon. George E. Foster delivered a temperance lecture last night in the Bathurst Street Methodist Church, under the auspices of the Canadian Temperance League. He had an able lieutenant in Mr. J. A. Paterson, K.C., who preceded him with an address of much force. Mr Paterson praised the liquor act, and said that the Province, owing to the British North America act, could not give the people absolute, out-and-out prohibition. But Mr. Foster criticized the referendum most severely, saying that in it the man ly, straightforward principle of responsible legislation had been dodged. He however, spoke in favor of voting for the liquor act, with a view of closing the barrooms, which were a great menace to the moral growth of the nation. The chair was occupied by Mr. John Armstrong, and during the evening the Beveridges sang several Prohibition campaign songs.
