Minard's Liniment is the Best.

REVOLUTION

How the Movement of United Irish League is Regarded—Physical Force Faction.

London, Feb. 8.—A dispatch to the Pall Mall Gazette from Dublin, declares that "the firmly-rooted belief in influential circles is that nothing short of a revolution is meant by the United Irish League and that the advocates of constitutional methods are slowly, but surely, giving way to the strong physical force faction."

According to the correspondent, Lord Salisbury's speech of Wednesday last before the Junior Constitutional Club, leads people to hope that the Government has at last learned the lesson that home rule cannot be killed by kindness, and that the ministry has become aware of the terrible havoc being worked by the league throughout Ireland.

The correspondent adds:—"Irishmen who have just returned from the United States aver that no support will be given to the disloyal cause unless the discussions and scenes in Parliament give place to something more active in Ireland itself. The American end of the campaign is being run by men who are all of the same stamp as Finerty, who recommends dynamite and rifles. Young Ireland is being taught to believe in the coming storm and to openly speak thereof with enthusiasm. The policy of kindness has convinced the peasantry that the reign of the British is almost at an end, and, in truth, the British statute book is already suspended and the court of the league is supreme."

An invitation is extended to the general public to attend the Graduating Exercises of the nurses of the Public General Hospital, to be held in the Sunday School room of the William street Baptist Church, on Thursday evening, Feb. 13, at eight o'clock. Silver collection.

"We were very much pleased with the design you sent. It was beautiful and appropriate." The Victoria Ave. Greenhouses receive such words of commendation every day. Telephone No. 181.

THE GERMANS ARE INCENSED

Growing Vigorous Antagonism to Christian Science in That Country.

Emperor Orders Exclusion of All Connected With It From Imperial Court.

Berlin, Feb. 8.—Emperor William is so incensed at the spiritualistic movement that he has issued a notification, through the North German Gazette, that all persons in any way connected with spiritualists, faith-healers, Christian Scientists or kindred cults, will hereafter be rigidly excluded from the Imperial Court.

"Eddyism," as Christian Science is called here, is the sensation of the moment. The comic papers caricature it, the weighty religious periodicals marshal polemics against it, and the daily press prints much descriptive matter regarding what is called "the latest American importation," saying it was only brought here after it had been "worn out in the United States." Emperor William's conference with Dr. Floer, superintendent of the churches in the Berlin jurisdiction, and Herr Von Windheim, the police president, as to what steps shall be taken, has alarmed the Christian Scientists, but nothing has yet been done against them, except the withdrawal from certain public halls of the necessary permission to open for meetings. On Friday evening a meeting was prevented through a police notice posted on the door.

The managers of the Christian Science campaign are trying to secure a building owned by Americans, thinking that in this case the police are less likely to interfere. The enthusiasts welcome the public excitement, averring that it gives Christian Science impetus. The newspapers say Emperor William intends to take energetic measures against all forms of obscurantism practiced for money, and insists that the heavy fees charged for incense amount to swindling. The leaders of the Christian Science crusade are selling Mrs. Eddy's book for 20 marks.

DEADLY BLAST

One Man Killed and Several Injured, Some Fatally, in Explosion.

Greenville, Pa., Feb. 8.—A fatal blasting accident occurred on the new cut-off of the Bessemer and Lake Erie railroad, near Osgood, two miles east of here, this evening. One man is missing and probably dead, four are fatally injured and seven are suffering from fractured limbs, ribs and internal injuries. Supt. Thomas McConville, of Scranton, sustained a fractured skull and a double fracture of the left leg. All the other injured are Italians, and their names could not be learned, as they are known to the contracting firm only by numbers. The scene of the accident was a 26-foot cut about 1,000 feet from the new steel viaduct, which is being constructed by the American Bridge Company. The men had entered the cut with Supt. McConville, and were preparing to make a blast. The charge had just been connected, when some one tampered with the battery, and set the blast off without warning. The men were buried beneath tons of earth and rock. A mob of Italians, friends and relatives of the injured men, are accusing the country for Foreman Charles Haggerty, who was on the bank where the accident occurred, but who left as soon as the explosion took place.

LISTER DEAD

Sudden Demise of Judge Lister—Prominent Politician and Lawyer.

Toronto, Feb. 9.—Mr. Justice Lister, of the court of appeal, died at his residence, at 14 Walmer Road, at three o'clock this morning, of heart failure, following up indigestion. The judge had been suffering somewhat from stomach troubles, but was at Osgood Hall from 11 to 5.30 on Saturday. After dinner he went to bed, feeling rather unwell. At 11 o'clock he became so much worse that Dr. Temple was called in, and prescribed for the patient. He got worse, and after two o'clock, Drs. Temple and McPhedran were again hastily summoned, but when they arrived shortly before 3 o'clock, the judge was dead. He had been unconscious for fifteen minutes before death. The members of the family present were:—Mrs. Lister, Miss Bessie, Miss Frances, and Mr. Blake Lister. The other children are Capt. Lister, B. C. R. I., Frederickton, N. B.; Mrs. Frank Waddell, of Hamilton, and Mrs. Dr. Harrison, of the Soo. The funeral will take place at Sarnia, probably on Wednesday. Judge Lister, who was in his 59th

year, was the eldest son of George Lister, and was born in Belleville, Ont., in 1843. His family moved to Sarnia while he was quite young, and Mr. Lister's education was obtained chiefly there and in the office of his uncle, the late Judge Davis, of Middlesex, with whom he studied law. He became an attorney in 1885, and was called to the bar ten years later. After being called to the bar he formed a partnership with Mr. James Garvey, of Sarnia, and later on with Mr. J. Cowan. He married Miss Eliza Alexander, daughter of Mr. Andrew Alexander, of Sarnia. For many years Mr. Lister was one of the leading Crown prosecutors in Western Ontario. He was appointed to the Court of Appeal, in June, 1898, and from that time forward disappeared from the political arena, where he had been so long known as "Fighting Jim" Lister. He was elected member from West Lambton to the Commons in 1882, and held his seat without a break until his resignation to ascend the bench. In the House Mr. Lister did not speak frequently, but his views on all questions affecting law-making were received with the utmost respect on both sides. Mr. Lister was extremely popular, in Parliament, not only upon his own side of the House, but among his political opponents also.

CRASHED UPON RUGGED ROCKS

Big Steamer Grecian a Hopeless Wreck—Passengers Saved.

Disaster Occurred off the Nova Scotia Coast During a Snow Storm.

Halifax, N. S., Feb. 9.—Four and a half miles from the city, on the western side of the entrance to Halifax harbor, the big, Allan-Furness liner Grecian lies a hopeless wreck.

The steamer sailed from Liverpool on January 25th, bound to this port, via St. John's, N. F., and left the latter port on Thursday evening. She was off the harbor at 2.30 this morning, and took a pilot on board, and was proceeding in, when a thick snow squall came on suddenly, without the least warning, and the steamer crashed on the rocks, passed over and struck a second time and remained.

There was not much sea on at the time, but a heavy undertow, and this soon ground large holes in her bottom, through which the water poured, filling the hold. When daylight broke it was found the ship was on the rocks southwest of Sandwich Point, three miles inside of Chebucto Head, and fully a mile out of her course. She has about 300 tons of general cargo, including a quantity of salt, dry goods, oranges, iron, steel and whiskey aboard.

When the news of the disaster reached the city the agents immediately despatched tugs and lighters with steam pumps and lighters to the scene. At 4 this morning there was 17 feet of water in her fore hold, and 18 feet in the after hold, and divers were at work removing the cargo. Her engine room remained dry. The ship lies broadside on and within fifty yards of the shore, between Holystone and Martin's Rock.

When the steamer struck the weather was so thick that it was impossible to see land, although the sea could be heard breaking a short distance away. Life-saving crews from Herring Cove and Devil's Island responded to the signals of distress, and they took off the passengers, and then remained by the ship in case of emergency. The captain in the meantime ordered the crew to lower the boats and have everything ready to leave the ship. Over one hundred tons of cargo has been removed, and the steam pumps are being quickly placed in position. Kedge anchors were run out to keep the steamer from shifting.

The captain hopes to get the steamer off the rocks at high water in the morning. He positively declined to make any statement. Captain James Harris, who commanded the Grecian, brought Lord Dunsany's Valkyrie to America to race for the cup.

The steamer had the following cargo for Upper Canada:—Berlin, Ont., 1,054 bundles salted hides; Montreal, 2 cases cotton, 2 packages dry goods, 25 bundles steel, 350 bars steel, 2 bales door mats; Quebec, 10 bales skins; St. Catharines, Ont., 190 bundles steel; Stratford, Ont., 13 barrels oil.

NOT FOR CAPE NOME.

Higgins—Why don't you go to Cape Nome and get rich this summer? Wiggins—I don't have to; I've got all the rooms in my summer hotel taken till October.

CAUSE AND EFFECT.

Mrs. Neldore—"Yes, my daughter is very preserving in her piano playing. Do you notice that she is improving?" Mrs. Pepprey—"No, and I notice that my husband's temper isn't either."

ANOTHER ESCAPE BY WILY DEWET

British Columns Surrounded Him but he Again Broke Through.

Other Attempts Resulted in a Severe Loss to Burglers—Done in Darkness.

London, Feb. 9.—From Wolvehoek, Lord Kitchener has to-day telegraphed a lone description of a combined movement of numerous British columns with the object of securing General De Wet.

Lord Kitchener says the advance began the night of Feb. 5, the whole force moving from various directions and forming a continuous line of mounted men on the west bank of the Liobenberg Vlei, from Frankfort as far south as Fanny's Home and thence to Kaffirkop. The line then advanced to the west, and the following night the British entrenched with their outposts fifty yards apart. They held the line from Holland, on the Heilbron-Frankfort blockhouse line, to Doornkloof, on the Kroomstadt-Lindley blockhouse line, while the columns were also working in advance of the blockhouse lines to prevent De Wet's crossing.

The advance was continued Feb. 6, and De Wet was within the inclosure, but, realizing his position, he ordered his men to disperse and seek safety during the night. De Wet himself, with some men and a number of cattle, made for the Kroomstadt-Lindley blockhouse line and at one o'clock in the morning, when it was very dark, by rushing his cattle at the fence, broke his way through the line, mixed up with the cattle and losing three men killed.

Many attempts were made to break through the line on the night of Feb. 7, reports Lord Kitchener, the line of outposts being attacked at various places throughout the night but very few escaped, and ten dead Boers were picked up in the morning near Heilbron.

"I did not get exact details of the Boer casualties," continues Lord Kitchener, but as far as I have ascertained they consist of 283 killed, wounded and prisoners, as well as about 700 tired horses and many cattle.

"Our casualties were only ten."

Special Saturday Sale

50 pair Men's Dongola and Box Calf Bals

Goodyear Welts, some cotton lined, some leather lined, extension soles and close edges. Prices \$3.00, \$3.50 and \$4.00.

Saturday's Price Will be—
