The suitability of Vancouver Island soil for the growing of wheat and other grain crops is exemplified by the results achieved this season by a well known South Saanich farmer, who has produced a crop of wheat which yielded an average of seventy bushels to the acre, and a crop of oats which gave 110 bushels to the acre. The grain was grown on bottom land in the Keating valley not more than ten miles from Victoria.

Our First Showing of New Fall Millinery, Suits and Coats

In MILLINERY, we Show—

Hundreds of charming models, with hundreds of adaptations—exclusive creations. Imported direct from the leading fashion centres of Europe, together with those designed and executed on the premises—surely a most comprehensive display.

There is that to suit every taste, every occasion, every purse. Those desiring to become acquainted with the latest and smartest creations should not fail to visit this altogether delightful exhibition.

Tailored, Norfolk and Novelty SUITS

Suit styles have taken a decided turn, and this season the more tailored effects are to the fore. Simplicity of design is a leading feature—some of the most noticeable being the longer coat, the curve in at the waist or the more fitted effects, navy blue and black serges, also tweed mixtures being the predominating materials for these styles. Norfolk and Norfolk effects continue in favor, and there are many new adaptations, which make these models ideal as walking or sports suits.

In Novelty Suits the military effects are strongly pronounced, many models showing button fronts with new novel fastening collar at neck, stitched belts and others in more mannish lines. Suit coats are satin lined and the skirt plain tailored, pleated or govel. Prices of Suits range from \$17.50 to \$35.00

In SEPARATE COATS

Mannish Serges, English and Scotch Worsteds, Checks, Cheviots Gaberdines and curl cloth are to be especially in demand and are well represented in our Fall showing. The styles reveal loose fitting and more fitted effects in a great variety, and there are models here to suit every type of figure. Coats with belt effects are still viewed with great favor and are shown in many new novelties. Coats made with the narrow shoulders, fitted waist and flaring skirt are particularly smart.

Coat collars are mostly convertible, and when worn buttoned up to the neck, give a smart military effect.

Prices of coats range from \$10. to \$20.
