

SCHWAB'S IDEA OF A SUCCESSFUL MAN.

The Possession of Money Does Not Mean That a Man is Successful.

Has Given \$1,000,000 to the Pennsylvania State College and Will Give More.

New York, Aug. 31.—The American to-day says: Charles M. Schwab, President of the Bethlehem Steel Works, speaking to the Brooklyn commercial travellers at Coney Island last evening, sprung two surprises. The first was when the steel magnate told what he thought of Wall street in relation to the real financial condition of the country, and the second was his announcement that he had already given \$1,000,000 to the University of Pennsylvania and is preparing to give very much more.

Paris, Aug. 31.—A despatch to the Matin from Tangier says the situation in Morocco is growing more alarming. The foreign legations have made an announcement of places of refuge for Europeans in case of danger. A number of cut-throats are appearing in and around the city.

SHAM FIGHT WILL BE HELD AT DUNDAS THIS YEAR.

Thanksgiving Day Annual Military Event Will Take Place Near Home.

It has been decided that the annual sham battle and military field day of this military district will be held at Dundas this year. In former years this event has always been held near Toronto, but the department is now making arrangements for accommodation, etc., at Dundas and Hamilton.

NEW ALL WAS NOT RIGHT, WAS WARNING SENT TOO LATE?

Consulting Engineer Knew That Things Did Not Look Well at the Quebec Bridge.

New York, Aug. 31.—Theodore Cooper, of this city, who has been the consulting engineer in charge of the work on the huge cantilever bridge across the St. Lawrence River, which collapsed on Thursday evening, feels keenly the accident that cost the lives of 79 workmen. In a statement made to a reporter he reproached himself for not having visited the works in two years, though all health has kept him here, and he tried to obtain his release from the responsibility of the position for that reason.

IN HYMEN'S BONDS.

Matrimonial Event in Which Hamilton People are Interested.

On Wednesday, Aug. 28, a very pretty house wedding took place at Spruce Grove, the home of Mr. George I. Hunt, Copetown, when his eldest daughter, Rachel Edith, was united in marriage to Mr. William J. Anderson, of Hamilton. The ceremony was performed at 3 o'clock by the Rev. Mr. Holden, of Copetown, and the wedding music was played by Miss Alberta Rowe, of Hamilton.

Leaning on the arm of her father, the bride entered the dining room daintily attired in a lace robe over ivory silk, and carried white carnations. Her only ornament was a pearl sunburst, the gift of the groom.

Miss Minnie Hunt, sister of the bride, wearing a lace dress over ivory silk and carrying pink and white asters, acted as bridesmaid, while the duties of flower girl were discharged by Miss Ella Hunt, niece of the bride, who wore a dress of white albatross and carried pink asters.

The groom was assisted by his cousin, Mr. Archie McLellan, of Galt. After the ceremony the guests repaired to the dining room, where a dainty wedding breakfast was awaiting them, after which the happy couple left for Montreal and points east, amid showers of confetti and good wishes.

After their return, Mr. and Mrs. Anderson will take up their residence in Hamilton.

BURGESS—OLDS. A quiet but pretty little wedding took place at 144 Sanford avenue on the evening of the 29th inst., when Miss Ethel Olds, of 58 Aikman avenue, was united in marriage with Mr. John Burgess, of this city. Rev. W. J. Brown tied the nuptial knot. The bride was given away by her father, Miss Alma Olds and sister being bridesmaids.

NEWSON—STEELE. A quiet wedding took place on Thursday afternoon at Delaware, in which the groom was Mr. A. W. Newson, of this city, commercial traveller, and the bride Miss Flora Steele, daughter of Rev. Mr. Steele, of that place. The ceremony was performed by the bride's father, and only immediate relatives were present. Mr. and Mrs. Newson left the same evening for a western trip to the coast. On their return they will take up their residence in this city.

MARTIN—CUSICK. A pretty but very quiet matrimonial event took place on Monday last at the parsonage of St. Paul's German Lutheran Church when Miss Mary (Mame) Cusick, eldest daughter of Mr. Michael Cusick, and Mr. Harry W. Martin, were married by Rev. H. Rembe, the pastor. The bride was given in a beautiful dress of white organdy and was attended by Miss Maud Burns, who wore pale blue.

Mr. Jos. Bonny was groomsmen, Mr. and Mrs. Martin have taken up their residence here.

ON BLAZING CAB.

T. H. & B. Engineer Stuck to His Post Through Fire.

A derailed tender and a blazing cab delayed the Toronto, Hamilton & Buffalo passenger train which left here at 6.20 last evening and was due at Buffalo at 8.58, for three and a half hours. The train rolled into the Exchange street depot at 11 o'clock.

East of Welland on the M. C. R. track two wheels of the tender of the engine drawing the train left the track. The train was a heavy one, carrying three Pullman sleepers, cars and the engine ran into Welland with the two wheels still derailed. While running in this condition sparks from the stacks ignited the top of the cab and when the train reached Welland a good-sized fire was burning. It was extinguished there, but not before one of the tender trucks caused more delay before the derailed train finally reached Buffalo. The train was in charge of Engineer Quick. He escaped injury.

COUNTY ROADS.

Appropriation for Repairs Will Soon be Exhausted.

Unless the County Council meets and makes a further appropriation for road work in Wentworth, work on the roads will cease in three or four weeks. There is only \$9,000 of the appropriation left and with the two new stone crushers going, the weekly expenditure amounts to over \$1,500. The road superintendent reports to the Warden that there will be considerable important repairs left undone, unless a further appropriation is made. The appropriation at the beginning of the year was \$29,064 and there was about \$2,000 of the Good Roads Fund left at the first of the year, and this has been expended on the Green road.

Suppose You Found \$5

Could you use that extra money? Just stop at Fralick & Co.'s and you'll be finding "fives." It's a fact, you'll save \$5 on men's suits, selling at \$10 and \$12, about 250 of these suits to choose from, begin buying to-morrow. Fralick & Co., 13 and 15 James street north.

SHOT BURGLAR.

SHOT THREE TIMES AND INSTANTLY KILLED WHILE ESCAPING.

Had Attempted to Suffocate Family With Gas—Cry of a Restless Infant Saved Their Lives—But They Are All Sick.

New York, Aug. 31.—Caught in the act of attempting to asphyxiate the seven members of George Verrall's family, a burglar, who planned to rob the Verrall flat in East 23rd street, was shot and killed to-day while endeavoring to make his escape. The cry of a restless infant saved the Verrall family.

Early to-day the cry of Mrs. Verrall's infant awoke the mother, who detected the odor of gas. She turned off the open jets and aroused her husband, and told him of it. He fell asleep again and Mrs. Verrall retired for the night. She grew restless and did not close her eyes, and two hours later she again smelled gas. She hurried to the kitchen and found it filled with gas pouring from open jets. She called to her husband, and finding that her five children were safe, and Verrall went for his revolver. A search was made and a man was seen trying to escape from an adjoining flat to the fire escape. Verrall fired four shots, three of which struck the burglar, who fell dead as he was trying to get through a window. All of the Verrall family are ill from the effects of the gas.

The police have not identified the burglar.

PAINFULLY BURNED.

Accident to Mrs. George Young Yesterday Afternoon.

The small fire that took place at 4 Ruth street yesterday afternoon resulted in Mrs. George Young, who is a tenant, being severely burned about the face and arms. She happened to be upstairs working, and on smelling smoke, she rushed downstairs to find the coal oil stove blazing. She picked up the stove, with its blazing contents, and threw it outside. In doing so, however, she sustained bad burns on her arms, neck and face. She is resting easily to-day.

NINETEEN DEAD.

Mattoon, Ills., Aug. 31.—Four persons died last night of their injuries suffered yesterday in the collision between two inter-urban cars near Charleston, Ill., making the total dead 19 persons. Nearly 30 others were injured, a dozen of these being in a critical condition. The four who died during the night were Mrs. William Cole, Roland Porkeys, John Riley, Peters.

The Man In Overalls

Labor Day on Monday. Printers take holiday; no Times on that day. New story next week. Look for it. Sir John's monument still blocks the street.

Keep the 10th open for the Dundas picnic. Oysters in season on the 1st. Wait till you see the bay front.

The season almost over, and we have had no open air band concerts. The girls don't like it.

Beach Commissioner Van Allen is somewhat of a czar. The ukase has gone forth; keep off the sand strip.

Don't hesitate to recommend the Times to your friends. Clean, honest and truthful.

The Dundas Star can hardly conceal its contempt for Ptolemy. What's the trouble?

When the Citizens' League is not talking, that's the time to look out. P. S.—This is a hint to the managers.

Borden's platform would make quite a hit as an entry at the Toronto Exhibition.

Mr. Ingersoll must have forgotten to give Van a pass.

But then the Lakeside Park people may get out an injunction against Van and Mord.

You can't even whistle at the Beach now without a permit, I suppose.

Of course, there will be no Sunday cars on the Beach after this.

Go up to Dundurn Park on Monday and help along the Labor demonstration.

Possibly the Beach militia will now have to be mobilized.

For some time now a favorite amusement will be the announcing of probable candidates in Hamilton for the Dominion House.

Full parade of the bottle brigade to-night.

Don't miss church altogether to-morrow.

THE SCHOLARS.

Next week Hamilton school boys and girls return to their tasks, after the long holidays, let me hope refreshed and strengthened bodily, and with a keen desire to make the most of their time at school. No doubt it will be with reticent step that some of them will turn towards school, for we cannot put old heads on young shoulders, and green fields and baseball grounds, the fishing pole and the chestnut trees have attractions which are not easily forgotten by the youthful mind. But we all learn by experience, and even the young come to know that education has its value—that the boy or girl who lacks knowledge need not hope to make much of a success of his or her life, and this knowledge is a spur to not a few to do their best to have their minds fully equipped for the battle of life. But in spite of this, the scholar often finds the school with its lessons a sorry drudge, and would fain throw the whole thing up if he dared. Now the point I should like to make in this brief lesson is that the parents have a duty to perform in this connection. Johnnie is slow at his figures and Maggie finds her grammar to be a real puzzle. Now half an hour divided between them each evening would be time well spent. With a little judicious help, Johnnie's arithmetical problems would all be solved and Maggie would soon learn when she was murdering the King's English. With the path made easy these two would naturally forge ahead and become a credit to themselves, their parents and their teachers. Perhaps you will say you can't be bothered. There is no more important duty before you. Half an hour each evening is not much to spare upon the education of your children. And it may be their salvation. The teacher can't do everything.

BICYCLE CASE.

Summons Issued Against Arthur Sage for Theft.

John Hutzler's bicycle has turned up at last. About midnight last night Mr. Arthur Sage took the wheel into No. 3 Police Station, and he called down the wrath of the gods on the newspapers for the write-up given the affair. Last night at 10.30 he went to Mr. Hutzler's residence, but that gentleman was not at home. Mr. Hutzler returned later, and Sage came back about 11.30. Mr. Hutzler consulted with the police, and as a result Mr. Sage has been summoned on a charge of theft of the bicycle, and is to appear Tuesday morning.

SAYS BY-LAW IS FINAL AND UNCHANGEABLE

But Beach Commissioners Have Plan for a Public Park a Mile in Extent.

Commissioner VanAllen Says Ingersoll Was Notified to Consult Board First.

The stir caused by the action of the Beach Commissioners in prohibiting public amusements for pay on the sandstrip and practically blocking the proposed Lakeside Park which was to have been erected at a cost of \$150,000, was vigorously defended by Chairman Van Allen this morning. The Commissioners, he declared, in taking the measure they did were obeying the voice of a large majority of the people, and any blame that might be attached for allowing the park scheme to progress, he declared, must be shouldered by Colonel Ingersoll, head of the Canadian Amusement Company, whose representative was warned months ago that the Board would have to be consulted. For bowling alleys or billiard rooms, a license may be granted, if the Commissioners see fit, but an application to build the park would be positively refused. In a statement made to the press to-day Mr. VanAllen outlined some big improvements contemplated at the Beach. "The Government had the Beach property set aside by an act of Parliament to be governed by a commission last winter. In passing the act the Government had two special objects in view and asked the Commission to try and carry them out. First that all land belonging to the Government on either side of the canal, on the bay side measuring over one mile in length, was to be reserved for park purposes—not for the citizens of Hamilton, or of the counties of Wentworth or Halton, but as a public park for the whole province of Ontario. Secondly the Government asked the Commission that the parkland be enlarged and improved for park purposes. It was also stated to the Commission, that water was wanted for fire purposes. With these two objects in view the Beach Commissioners have devoted a good deal of time and are now having plans prepared to extend the bay front from the east end of the board walk to station 26. As soon as these plans are completed they intend laying the matter before the Dominion Government and ask it to assist on that portion of the Beach that is now reserved by the Dominion Government and also to go before the Provincial Legislature and ask its assistance in retaining a large tract of land on the other side of the canal on the bay front for park purposes. "We believe a park can be made on the bay front of Hamilton Beach fully a mile in length, and from one to three hundred feet in width, that will be in every respect a fine resort for picnic and park purposes, accessible by water from the Radial and G. T. R. The remainder of the Beach on both sides of the canal we believe should be left for residential purposes and we are improving this portion by having concrete walks and in other ways beautifying it. The purpose for which we believe it was intended. "We heard through the papers, and through the papers only, that certain individuals were purchasing land to have an amusement park almost in the centre of Burlington Beach. Immediately upon receiving our appointment as commissioners we called upon Mr. Ingersoll's representative to notify him that the Beach had been transferred to a commission, and not to do anything with

reference to the park until he consulted the commission first about it. This was done in May last. In June we met Mr. Ingersoll, who informed us that nothing had been done with regard to the Beach amusement scheme, and the directors were not appointed. When the company was organized and ready to build they promised to let us know. We have not heard from Mr. Ingersoll since that time. We don't think any blame can be attached to us if they did not see fit to consult with us as to any scheme they might have for an amusement park on the Beach. "After discussing the matter thoroughly with a number of ratepayers and giving it through consideration we came to the conclusion that an amusement park on the Beach, such as at Scarborough Beach, would be a great detriment to property-holders in that vicinity, and acting on that belief we passed a by-law in July prohibiting amusements of that kind on Burlington Beach, believing that a park on the bay side east and west of the canal, would be better than an amusement park in the centre of the residential part and accessible only by Eads' Railway. "If there is a company formed to build a park we have not been notified to that effect, and we passed the by-law to guard against anything of that kind being done and to save the people taking stock in a company for that kind of amusement on the beach and which we believe would not be in the interests of the residents. "As to the legality of the by-law, it was prepared by our solicitor. We believe we have the power to do it. While we are commissioners we think the by-law will remain in effect. Commissioner Morden is not here, but he was here when it was passed, and is heartily in accord with it. "Mr. Van Allen explained at this point that there were many suitable sites on the south and west shores of the bay front for an amusement park. While the by-law excludes billiard rooms, bowling alleys, etc., Mr. Van Allen said the commissioners would consider the granting of licenses to applicants. "If a company to build the amusement park were formed, would its application be considered?" he was asked. "It would be refused positively," said Mr. Van Allen, very emphatically. "The commissioner said the property on the Beach had increased in value twenty-five per cent in a year. It was assessed for half a million, but its real value was nearer a million, and was something worth protecting. "I do not know of a single person who has a dollar invested in the park scheme," he said, "but if there is any blame to attach to anyone it is to Mr. Ingersoll for not asking us to notify us before taking the people's money. "Mr. Van Allen said that last May he went to the manager of the Radial Company and advised him not to invest anything until he was sure the commission would grant its approval. "It was learned to-day that Mr. Morden, the other commissioner, who is on his way to the coast, has not signed the by-law yet, and this has caused a good deal of talk, and has started a story that Mr. Morden is going to "back up." No official statement could be secured from the company's side until Colonel Ingersoll or other official of the company returns.

WHERE IS COATES? ALLEGED THEFT FROM STREET CAR.

He Has Taken Departure From Winona Hotel.

There are quite a number of persons in Hamilton and vicinity who are mourning the departure of J. G. Coates, who was lessee for some months of the Winona Park Hotel, at Winona. Mr. Coates left the hotel some days ago, to be gone for a few hours, but he has not returned yet, and there are no suspicions of foul play. It is thought he has gone back to England. The owner of the hotel has planned a man in charge to manage it for the benefit of himself and other creditors. Before he departed, a bailiff was put in the hotel on a judgment obtained by Mr. J. Chapman, of Stony Creek, and as soon as it was known he was gone a Sheriff's officer went in on a chattel mortgage held by Lumsden Brothers, of this city. Other bailiffs went down, but the only benefit they derived by the visit was the good done them by the lake breezes. Coates' affairs are badly tangled up, and there is likely to be litigation before they are straightened out. Few of the guests knew of the presence of the officer in the hotel, and things are now running smoothly. The hotel is owned by Mr. Richard Martin, real estate agent.

Labor Day Excursions.

The Hamilton Steamboat Co., limited, with their popular steamers Macassa and Modjeska, are offering special inducements for those who wish to visit the Queen City on the holiday. Round trip tickets will be issued at fifty cents, good returning until Monday, Sept. 9. An up-to-date service of six round trips will be given on Labor Day, leaving Hamilton at 7.45, 10.45 a. m., 2, 5.15, 8 and 11 p. m., returning leaving Toronto at 7.30, 11 a. m., 2, 5.15, 8 and 11 p. m. This being the last holiday of the season, no doubt many will take advantage of enjoying a pleasant sail to Toronto and back on these fine boats. You can take the 7.45 a. m. boat (the Modjeska) and arrive at Toronto in time to witness the grand Labor Day procession. If you wish to enjoy your holiday, take a trip and spend the day at Toronto Exhibition. For those wishing to stay and take in the fireworks the 11 p. m. boat will fit in very nicely.

Assault Cases From the Mountain Will Come Up on Wednesday—J. Timson Guilty of Theft.

At the Police Court this morning Mrs. Mimi Byers, Merrick street, did not know just what she wanted. She was very voluble, and had to be silenced several times while her case was being heard. She was charged with the theft of a quantity of linen and other articles from Mrs. Mailer. Mrs. Mailer rode up in the car on York street yesterday afternoon, she said, and on getting off left a parcel on it. She did not notice her loss until the car had gone. Mrs. Byers was on the car, and went to the end of the line and got off. While the conductor was turning over the seats he noticed the small parcel, and asked Mrs. Byers if it was her parcel. Mrs. Byers said it was not, but later reconsidered, and announced that she would take it, according to the information obtained by the police.

A NEW RAILWAY.

San Sebastian, Spain, Aug. 31.—King Alfonso has signed a decree authorizing the construction of a railroad across the Pyrenees into France.
