PAINS ACROSS THE BACK

Relieved by Lydia E. Pink ham's Vegetable Compound

ham's. Vegetable Compound Mitchell, Ontaris.—"I have taken your medigine for a number of years. I do not take it steady all the time, but I am never without it. I always how in the abdomen and baaring-down pains, headaches and pains across the back. I have my home to loke after and many a day I could not get up at all." I aw the advertiseman's Vegetable Com-pound, and Mrs. John Miller told me shout it, too. Breey time I take it, it makes me feel better and I always too commend it to uy friende. I am willing to answer letters from women asking this letter as a testimmicl."—Min. F.J. Wassnam, Mitchell, Ontario. "The merit of Lydia E. Pinkham's Vegetable Compound is told by women so they are anxious for others to know. Such testimony should cause any ownan suffering from the troubles so common to her set to give this well-known medicine a fair trial. D you know that in a recent caryass

known medicine a fair trial. Do you know that in a recent canyass among women users of the Vegetable Compound over 220,000 replies were re-ceived. To the quesciton, "Have you re-ceived benefit by taking this medicine?" 98 per cent. replied "Yes." This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

in a gratifying manner. This rare hereal balm, by its pene-trating healing action, will quickly rescue you from chaps, childsina, and all infammatory pain produced by the weather. There is nothing like Zam-Buk for healing raw bleeding cracks in the skin, and ending the torture of Winter skin almeets. Hands arms, and feet, de any

Hands, srms, and feet, or any part exposed to the weather should all be rubbed over daily with Zam-Buk both as a prevent-

The forming of a mining bureau as a branch of its activities is an-nounced by the Winnipeg Board of Trade. The bureau is to collect data on the mining situation in the province and will do everything possible to foster greater mineral pro-duction in Mahitoba.

Tourist traffic in Canada this year is likely to constitute a new record, in the opinion of the Commissioner of Parks. No estim has been compiled as yet but the figures for 1923, which were carefully estimated at \$136,000,000, indicate the value of this traffic to the Dominion.

Up to the end of October, 1924. more than 1.000 circulating libraries were in operation in Sask tchewan, as compared with about 800 at the same time in 1923. The average number of families reading each book is 17. More than half a million volumes were circulated by these libraries during the year.

A huge wooden, tar-paper lined shell erected over the space provid-ed for the structure and heated by thousands of feet of steam coils connected with 380-horse power boilers, which provide a summer-like atmosphere for the carrying on of construction, is an interesting and novel feature of the arrangements made to combat the difficulty of building the new wing of the Cha teau Lake Louise, the Canadian Pacific Railway's famous Rocky Mountain hotel, under winter con ditions. Thanks to this innovation the wing, despite frequent drops in temperature to far below zero, is progressing excellently and the company expects it to be ready for next mer's tourist season.

Sweeping changes in the Canadian Pacific Railway's service of great benefit to the communities concern-ed are scheduled for January 11. They include revision of the timetable of the Vancouver express (Toronto-Vancouver), to reach Fort William and Port Arthur between 10 and 11 p.m., instead of 2 and 3 a.m., stood 229 against union and 66 for. and Winnipeg at 10 a.m., instead of 2.30 p.m., as heretofore. The new times are more convenient to the Twin Cities than the eld and a half-Twin Cities than the old and a half-day is gained for business in Win-nipag. Regins is to be reached by the same train at 11 p.m. instead of 1.20.a.m., and Moose Jaw at mid-night instead of 2.45 a.m., Regina-Saskatoon connections being thus radically improved, while arrival at Calgary at 6 p.m. enables Edmonton to be reached that conclus. to be reached that evening. Vanof 9.30 p.m. as proviously. The To-ronto Express (Vancouver-Toronto) reaches Winnipog more conveniently, while arrival at Terente at 8.40 a.m. will make possible cons with early morning trains for On-tario points and with day trains for American cities, thus saving more

LONDON FAREWELL DR. MACKINNON'S GREAT TRAGEDY OF MARK HAMBOURG

During an address before a large Union meeting in Dovercourt Presbyterian Church, Rev. Clarenc MacKinnon, D.D. Mederator of the Presbyterian General Assembly made the following statement: "I would consider it a tragedy unspeakable if the great wealthy churches of Montreal and Toronto were to withdraw their sympathy and interest from the lonely pioneers of the west."

Since making this statement a vote has been held in a number of the churches referred to, and they have emphatically decided to remain Presbyterian. From the following returns, (Montreal not yet heard from and which is decidedly anti-union) it is apparent that Dr. MacKinnon's tragedy has been enacted.

For Against Royce Avenue, Toronto 39....397 Cowan Ave. Toronto31.....201 Central, Hamilton 381.... 398 St Paul's Hamilton 159.... 411 St. Andrew's, Parry Sound104..112 Of 26 Presbyterian churches in

Ontario, whose vote on the question of entering the United Church were announced, 13 of them decided to Painful Sciatic r main Presbyterian and not to enter the Union. Of the 26 churches there were 16 in which 200 and more votes were polled. Of the 16 representing the larger churches, 9 voted to remain Presbyterian These included such strong churches as St. Andrew's of Guelph, where the vote stood 346 against union and 90 for; Westminster of Hamilton, 232 against and 18 for union; Knox, Goderich, "where 425 voted against union and only 122 for; Dale, Toronto, where but 7 voted for union and 228 against: and Vankleck Hill where the vote

ord Curzon's Announcement **Alarms Berlin**

Lord Curzon, speaking in the House of Lords, in which he is Government Leader, has declared the question of the evacuation of the Cologne area could not be taken up before the report of the Allied Military Control Commission was made on January 10, when the Allies would discuss the extent to which the terms of the Treaty of Versailles had been carried out

Before Mark Hambourg left Lon

don on his Canadian and South African tour he gave a recital in Queen's Hall. The London Telegraph cays: "He played a programme that was ideal as a pleasant souvenir of a Sunday hour or so. He began with Byrde ("the Barl of Salisbury", Purcell's Suite in G, Couperin's delicious "Carillon de Cythere" Daquin's "Le Coucou," and Beethovens E flat, Sonata from Op. 31; went on to Chopin and further to da Falla, Ravel; Liszt and himself. And as he is now in much more chastened mood than used to be th case; his playing of the old world music was fascinating. True, his playing of the Scherzo in the Sona ta was runaway as to tempo as was that of the Finale and all a little explosive yet some of his Chopin Preludes were most highly polished and refined. Indeed, where grace

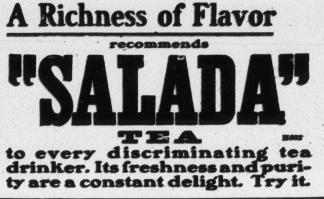

was required, as in the old French and English music, Mark Hambourg's playing was gracefulness itself. The main difference to be noted in the playing of now and then is in the more vigorous music, and now happily the vigor is much more restrained than before but not to his detriment or that of the playing.

And Neuralgia

Caused by Starved Nerves Due to Weak, Watery Blood Pople think of neuralgia as

pain in the head or face, but neuralgia may affect any nerve of the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatica nerve is called sciatica, but the character of the pain and the nature of the disease is the same, and the remedy to be effective must be the same. The pain, whether it takes the form of sciatica or whether it affects the face and head, is caused by starved nerves. The blood, which normally carries nourishment to the nerves, for some reason no longer does so, and the excraciating pain

you feel is the cry of the starved nerves for food The reason why the blood fails to preperly nourish the nerves is usually because the blood itself is weak and thin. When you build up the impoverished blood with Dr Williams' Pink Pills, you are attacking sciatica, neuralgia and kindred diseases at the root. As proof of the value of Dr. Williams' Pink Pills in cases of this kind we give the statement of Mrs. Marion Bell, Port Elgin, Ont.who, says:-"Some years ago I
