EVERY SATURDAY.  
CORNER QUEEN AND REGENT STREETS,  
BY THE HERALD PRINTING AND PUBLISHING CO. LTD.  
FREDERICTON, MARCH 17, 1894.  
THE HERALD.  
OPENING OF THE LEGISLATURE.

The New Brunswick legislature, which opened on Thursday afternoon, was addressed for the first time by Governor Fraser as chief magistrate of the province, and the speech from the throne contained many references to the leading political questions of the day. His Honor's reference to the lamented death of his immediate predecessor, was expressed in fitting language, and struck a responsive chord in the hearts of his audience. Perhaps one of the most important questions dealt with in the speech, was the Bathurst school difficulty, which all will hope is in a fair way for an amicable settlement. Another important matter upon which the Governor was able to congratulate the legislature and the country, was the remarkable development, during the past year, of the dairy industry of New Brunswick. In this branch of agriculture, the possibilities of the future can scarcely be estimated, and the practical assistance extended to it by the local government deserves and will receive the strongest commendation of the country. The speech promises some important legislation, including the judiciary bill to amend and simplify practice and procedure in the courts, and a measure for the reform of the probate courts, cutting out an important part from the session.

### DOMINION PARLIAMENT.

Opening Ceremonies at Ottawa Thursday Afternoon—Judge Palmer's Resignation Discussed.

Not for many years has such a brilliant scene been witnessed in the senate chamber as that which met the eye of the commons when they responded to his excellency's bidding shortly after three o'clock Thursday afternoon. The crush was something tremendous. In the galleries the spectators, who had assembled at the entrance shortly after noon, were packed like sardines in a box, and their uncomfortable position doubtless had a good deal to do with lack of decorum, which at one time characterized to-day's function. The governor general attended by his suite arrived at the senate chamber sharp at 3 o'clock. Hon. Messrs. Bowell, Smith and Angers were there to greet him, as well as a large representation of the upper house.

### A LIBERAL TRIUMPH.

The general election in Nova Scotia on Thursday resulted in a magnificent victory for premier Fielding and the liberal party. While the government majority will not be quite so large in the new house as in the legislature recently dissolved, the government have scored some notable victories in hitherto strong conservative counties. Especially is this true in the county of Cumberland which, ever since confederation, has almost without exception returned conservatives to both the federal and local parliaments. Antigonish, represented at Ottawa by Sir John Thompson, premier, is also sound in its support of the liberal local government. But perhaps Mr. Fielding and his colleagues will take the largest degree of satisfaction out of the disastrous defeat of the opposition leader, Mr. Cahoon, in the county of Shelburne, and of his lieutenant, Mr. Webster, in the county of Kings. The opposition, by the defeat of these two gentlemen, is left without anybody possessing the qualifications of leadership, except Dr. Mackay, of Cape Breton, whose efforts in a former house were of a most unfortunate character. Indeed, Mr. Fielding's opponents will be as badly off for a leader of recognized tact and ability as is the opposition in the New Brunswick legislature. The brightest among the Nova Scotia legislature is Mr. Dinwohy, of Colchester, who however, is entirely inexperienced in political life and parliamentary tactics. The defeat of Mr. Lawrence in that constituency is a distinct loss to the government. One member of the administration, Mr. Macdonnell, lost his election. A remarkable result is that announced from Cape Breton, where Mr. Fielding has only carried three of them in the late house and it was confidently expected that his legislation for the development of the coal industry would have assured him an unbroken representation from that island, but the popular fancy sometimes plays strange freaks and the people who had every reason to sustain the government, have elected its enemies. However, instances of that kind are on record much nearer home.

### MR. CONNELL'S RESIGNATION.

H. A. Connell has resigned his position in the government and his seat in the legislature, and the circumstances which led up to that action are fully set forth in the attorney general's address, which we publish elsewhere. Mr. Connell had himself interviewed by some of the newspapers giving his reasons for the peculiar course he has pursued, but no doubt the public will accept without reserve the full and frank statement of Mr. Blair on the subject. Mr. Connell has had his way ninety-nine times when there has been an issue between himself and the other members of the administration, and because he could not carry his point in the one hundredth instance, like a petulant school boy he throws down his marbles and runs home to tell his mother. No doubt the government of the country will be successfully carried on without the aid of his distinguished but erratic services, and the sun will rise and set on the Medusækik as of yore.

### Repairing the River Boats.

Business around Inlandtown wharves is very brisk at present. The river boats and tugs are receiving a thorough overhaul. The Star line steamers are being painted and some new wood work put in. The Steamer Star is undergirded. The dimensions are as follows: 145 feet long, 24 foot beam. It will be a flat bottom boat, and designed for light draught so that when completed will not draw over 16 inches of water. The Star line steamship Co. are building a new steamer at Hilyard's yard to take the place of the Star.

**OFFER.**—The bridge has been re-opened for traffic.  
**New Light.**—The government have placed an electric light opposite Governor Fraser's residence.  
**The R. R. C.** I intend giving a minstrel performance in the city hall on Easter Monday. The troupe has been rehearsing diligently, and those who have heard them, say the show will be a good one, and equal to travelling companies.  
**SLIGHT FIRE.**—The roof of William Cameron's residence, King street, was on fire Wednesday morning from a burning chimney. Capt. Butler's No. 4 hose company was called upon for assistance, but the fire was put out without waiting their hose.

**St. Patrick's Concert.**—The A. O. H. have arranged a fine program for Monday night's concert in St. Dunstan's hall. There is no doubt the hall will be filled as it always is, as this order is noted for the excellent manner in which they have carried out to the public's satisfaction, all previous amusements.

**Success.**—Roadmaster McKay is thoroughly well satisfied with the work recently performed by the government road machines in cleaning the city streets. For \$1.50 the road committee was enabled to do in one day an amount of work which, if done by manual labor, would have cost \$15, and taken several days to perform.

**Personal Mention.**  
Hon. Dr. Pugsley, legislative law clerk, is stopping at the Queen Hotel, St. John. Bishop Kingdom held confirmation service at St. Paul's church, St. John, Wednesday evening.
