Run Down?

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this.

Presentation of Diplomas at Northern Bay

Wednesday, Dec. 22nd, was chosen as the closing day at the school here. The Rev. J. Lynch, P.P., Chairman of the Board of Education, presided, who expressed great pleasure at the splendid attendance of pupils (65) sixty-five of the Senior and Junior Departments. The rev. gentleman was much impressed at the neat and orderly demeanour of the children and heartily congratulated the two devoted teachers, viz.: Mr. Jas. Mr. J. H. Clark Presented With Address.

On New Year's morning, Mr. J. H. Clark, of the General Post Office, was the recipient of a very pleasant surprise. After the despatch of the morning's mail, the letter carriers of the Department waited on him and presented him with a very pleasing and congratulatory address, accompanied by a handsome smoking outfit. Mr. Clark, although taken by surprise, replied in very fitting terms, and thanked the donors for their gift, and expressed the hope that the cordial relations existing between them would long continue.

He availed of the occasion to point out to the officials that only by mutual good will and cheerful co-operation the work of the service can be carried out effectively, and if this was done, not only would they earn the esteem and respect of their superiors in office, but the general public would quickly recognize the efficiency of their work, and this was the only and sure road to promotion in the Public Service.

Week of Prayer

There was much about last night's meeting, under the auspices of the Week of Prayer, that tended to deepen its interest. Perhaps it was the topic, or perhaps it was the speaker, or perhaps it was various interests combined; but certain it is that there was a depth of warmth and spirit of earnestness of which the entire congregation felt the better.

As at the former meetings, the pastors were well represented, and we were especially pleased to notice also the presence of the Rev. Mr. Middleton, of Fortune Bay. The pastor of the church, Rev. Charles Hackett, led the service, and he was assisted by the Rev. J. K. Curtis and the Rev. J. Thackeray, and also by the Rev. Mark Fenwick, who read the lesson.

As already announced, the address of the evening was in charge of the Rev. Mr. Burrows, of the Presbyterian Church, and we were gratified to be able to record that it was a good address. We hear so many missionary addresses that it is not the easiest thing to hear originality on the subject; but Mr. Burrows was original, and his originality was intensified by his marked zeal and great earnestness. To listen to him was to be impressed with his sincerity, and to be convinced that the speaker felt what he was saying. But his emotions did not carry him away, for his calm deliberation was uppermost at every point which he made. If we had time and space we would try and outline the address, but failing these, we cannot do so. As the services have continued, and we have taken our places in the Week of Prayer, which we have attended for forty years, we miss many familiar faces, and this year we miss the Rev. Dr. Robertson; but last night's meeting was worthily sustained by his representative.

With such good influences, and so much in our favour, it is expected that the two remaining services of the week will be largely attended, and that the last will be the best.—I.C.M.

ORDER OF SERVICE.

Thursday.—The Kirk Subject, "The Church Universal." Speaker: Rev. J. K. Curtis, B.A.

Friday.—Gower St. Subject: "Sunday Schools."

M. C. L. I. Debate.

The first debate for the season was held last night at the M. C. L. I. Rooms in the presence of a large audience. The subject "The British Budget," was in charge of Messrs. Hall and LeDrew for the affirmative, and Horwood and Squires for the negative. The other speakers who took part were Messrs. H. E. Cowan, Geo. Grimes, Geo. Peters, Geo. Soper, and Geo. Whiteley. The subject was handled in a very creditable manner and the intimate knowledge of the subject was on a par with the eloquence of the speakers. The subject will be continued next week under the caption "Was the House of Lords justified in rejecting the Budget?"

The affirmative won last night by a good majority. A vote of congratulations was proposed by Mr. H. E. Cowan and passed to Mr. R. A. Squires on having been elected to the House of Assembly last election. It was carried by acclamation.

A Successful Concert.

A very successful concert was given under the patronage of His Excellency the Governor at the Methodist Church, Hall last night. It was largely attended. The execution on the violin and harp by Miss Webb was a very pleasing feature of the programme. Miss Story rendered "Look Up O Heart" in admirable style. Amongst the others who assisted in the rendition of the excellent programme were Messrs. Kings, Mawer, Hutton, Bradshaw, Mews, Macfarren, Christian and Dr. Macpherson.

WILL MEET TO-NIGHT.—George Street Y.M.A. will meet this evening at 8 p.m. All are expected to be present.

A St. John Stone Mason Cured of Rheumatism

By "Father Morrice's No. 7" After Seven Doctors Had Failed.

647 Main St., St. John, N.B. FATHER MORRICE'S MEDICINE CO., LTD. I am writing to tell you I have been a victim to Rheumatism for several years, and have been treated by seven doctors without finding any permanent relief until I got Father Morrice's medicine. It has cured me so I am able to do my work and find I am as well as ever in my life.

Yours truly, JOHN CRAWFORD.

Rheumatism is caused by sluggish kidneys failing to take the Uric Acid out of the blood. The whole system becomes loaded with poison, which gathers in joints and muscles, causing agony at every movement.

"Father Morrice's No. 7" Tablets act directly on the kidneys, stimulating them to vigorous work. They dissolve the Uric Acid in the blood and free the whole system of the poison. Then, of course, the Rheumatism leaves. Price 50 cents at your dealer's or from Father Morrice's Medicine Co., Ltd., Chatham, N.B.

A Note of Thanks.

Dear Sir,—Would you allow me space in your esteemed paper to thank the Minister of Fisheries for the way he acted in endeavouring to recover the body of the fisherman drowned at Pouch Cove. He acted humanely. The effort was unsuccessful so far as recovering the body was concerned, owing to the sea being too strong for the diver to work and we had to give it up. We thank them for their efforts, also our esteemed members for their part, the men of Pouch Cove who came forward when help was wanted, and more especially the members of the S. U. F. of which our late brother was a member. They willingly came forward when wanted. Thanking you for space, I am, truly yours,

REGINALD SULLIVAN.

P. F. COLLINS.

Sociable at Northern Bay.

The annual Christmas sociable at Northern Bay was held in the R. C. School, on the 27th and 28th ult. The spacious building was tastefully decorated for the occasion, and on the opening night was filled to its utmost capacity. The dance was the chief attraction, and the younger folk "chased the glowing hours with flying feet" while older one found enjoyment in less vigorous, though none the less enjoyable, pastime. The proceeds, which go to defray the cost of a bell for the new church, reached the handsome total of \$240.00. The affair was financially assisted by many outside friends, due, doubtless, to the popularity of Rev. J. Lynch, our esteemed Pastor. To the ladies of the parish in general and to the committee in charge in particular is due great praise for such a successful "nuit de fete."

The N. Y. Legislative Programme.

Special to Evening Telegram. ALBANY, N.Y., Jan. 5. With the opening of the Legislature session of 1910 at noon to-day Governor Hughes submitted his annual message, recommending various legislative reforms and a special message advising the legislators to reject the proposed income tax amendment to the Federal constitution. The Governor believes the power to tax incomes should not be granted in such terms as to subject to Federal taxation, the incomes derived from bonds issued by the State itself and those issued by the Municipal Governments, organized under the State's authority. Several of his former recommendations are renewed by the Governor in his annual message, including an extension of the jurisdiction of the public service commissions to include telegraph and telephone, direct nominations and ballot reform, New York charter revision, protection of streams from pollution, and a substantial automobile tax.

Mend the Lords.

Special to Evening Telegram. LONDON, Jan. 5.

Two phases of the election struggle now claim attention: First, the orderly interruptions to which the Conservative meetings, and almost of these addressed by Lords, are subjected. It is practically impossible for any Unionist Lord to obtain a hearing and, second, the resistance by the Lords themselves and the Unionist press of the necessity of the House of Lords advocating its own reform, as the only means of meeting the storm of protest the Peers' action upon the Budget aroused in the country. The reform of the House of Lords has been openly urged by the Times and other Conservative organs, and was to-night the most interesting point of the speech of Lord Lansdowne at Liverpool. He admitted the present House was too unwieldy for an effective second chamber, but declared his belief in the preponderating power of the House of Commons and suggested a House of Lords within the other House, and that this reform out to be the work of "no one but of both political parties working together. In conclusion, Lord Lansdowne advocated Tariff Reform, with a moderate scale of duties as the only visible remedy for the evils desired to remove. All the great leaders were again speaking in various part of the country to-night. Austin Chamberlain challenged Premier Asquith to produce proofs of his assertion that unemployment was felt as much in protected countries as in Great Britain. The campaign seems to have a great attraction for the literary class. Alfred Austin, the Poet Laureate, joined the fray to-night by issuing a letter in which he points out that the present House of Lords includes 200 members who served their country in the army and navy, a hundred of them on the battlefield, to say nothing of those who perished in the shock of war. One hundred and seventy had been members of the House of Commons, and he declared that it is impossible to call such a body unrepresentative.

Campaign Issues.

Daily News Message. LONDON, Jan. 5.

Yesterday's meetings of the Unionists and Liberals numbered 7,000. Though public subscription in the election continues to dominate, the issues varies almost daily. When the campaign opened, marching orders were given to the ministerial speakers to concentrate against the House of Lords. This was considered the winning card and under the stimulus of the speeches of Lloyd-George, some of the only issues. But popular appetites soon tires when fed from one dish and the continued denunciation of the Lords has lost some of its zeal. In the hope of lessening interest in the campaign against the Peers, the German War Scare and Home Rule have been brought to the front. Balfour telegraphed a meeting of Unionists at Belfast last night that "they had behind them the same resolute party, whose determined resistance to the dismemberment of the United Kingdom has twice defeated the policy of Home Rule." Balfour ended an impassioned speech on the German menace in these words: "I don't believe there is going to be war, and heaven knows I don't desire it; but remember that absolutely the only way in which you can secure the peace which you all desire is that you shall be sure of victory if war takes place."
