Rule for Ireland is scheduled to come before the Commons to-morto its second passage, of the three guilty and sentence was suspended. necessary for it to become law overthe veto of the Lords. The Lords, it is said, will throw it out again as they did last year, and it will then have to go through the routine in the 1914 session before becoming the law of the land. The Commons under the Par liament Act which provided this means of passing Liberal bills over the Lords' veto cannot amend the Bill. It must go to the Lords in exactly the same shape as it reached that Chamber last year. Members of the lower amendment to the Lords, which the latter may insert at their discretion either, at this or next session, some changes may be made in the financial clauses of the Bill to which so much objection was raised by Liberals as well as Unionists last year.

C.M.B.C. Boat Dedicated

The motor boat for the Cathedral Men's Bible Class Harbor Mission work was dedicated yesterday by the Bishop of Newfoundland. The service was held on Messrs. Avre & Sons wharf at 9 a.m. and was attended by a number of the Class members. The Bishop, who was assisted by the Rev. J. Brinton, performed the service which opened with the hymn "The Church's One Foundation," and consisted of special prayers, etc., suitable to the occasion. His Lordship made a brief address bearing on the Harbor Mission work and wished every success to the new boat and the crew. The hymn "O God Our Help in Ages Past," was then sung and was followed by the Blessing and Doxology. The boat this year is in charge of Mr. A. Crane.

George Abbott, of Musgrave Harbor, was getting into his motor boat from the wharf last week, he fell into the bottom of the boat and with such force that he broke all the ribs on the left side. He was taken down home by the Fogota after being attended by Dr. Kean.
