Automobile Touring.

By GEORGE FITCH.

Author of "At Good Old Sivasah." Automobile touring will be more popular than ever in the United States this summer.

There are two reasons for this. In the first place automobile touring abroad is now confined to those who carry machine guns along to assist in the day's work. In the second place, the American automobile is becoming more competent to tackle the American road each year.

Thanks to the never-sleeping scientist the American automobile can now travel through country over which a state line would find it difficult to run. Cowboys are chasing cattle, adventurers are climbing mountains and daredevils are running all over Cook County, Illinois, in motor cars. There are now about 2,000,000 automobiles in the United States and half of these will carry their owners on some sort of a tour this year. Some of these owners will roll happily over the smooth roads of New York and New England, loving their country more with each mile. Some will tackle the yielding bosom of Illinois and Missouri with the aid of spades, windlasses and rubber boots, and will not love their native land so much when they get through; while a few adventurers will run their cars into the red clay of the South and after they have been extracted by a derrick will go back home to increase the sectional feeling.

There are now many thousands of miles of very good road in the United States. There are also hundreds of thousands of miles of road which is no better in wet weather than a river bottom. Those cities which are reached by good roads will notice vast swarms of tourists on their streets this summer, dropping \$10 bills with the careless abandon of the automobile owner; while those towns which have fortified themselves against the world by maintaining mud highways in wet weather will continue to kick about hard times and to deplore the growing loneliness of the country.

It is now possible for an automobile to travel from New York to San Francisco in a car with good jangs and stout axles. However, he should take with him plenty of tires and chains, a compass, some spades and bridge timbers, a small portable steam shovel, a camping outfit, a pouton and half a mile of rope. He may need none of these things, but unless he is a man of leisure he should take no chances.

In Milday's Boudior.

YOUR COMPLEXION.

Every woman owes it to herself, her family, her friends and all the world at large, to be as beautiful as she can. If she will spend half the time studying how she can make herself attractive as she does simply wishing she were a famous beauty, the result will be found most gratifying.

As the face is the most noticeable feature, it should receive the most attention. And while I mean complexion, features and expression, when I speak of the face, it is too big a subject to treat all at once, so this talk is all about the complexion.

If you are troubled with pimples or a muddy complexion, you must look within for the cause. Regulation of the bowels frequently corrects complexion ills. In washing the face use the best soap. Oatmeal is valuable as a cleansing agent and it also whitens the skin. Use hot water and wash carefully, removing the dirt from every pore. Remove all traces of soap. Dash on cold water to close the pores and stimulate the skin. Then use cold cream.

Don't buy something any druggist tells you is the best because he makes the most profit on that kind. Don't use a cream because someone else uses it. Find out what cream suits your skin and continue its use. You yourself can do much toward acquiring the same of beauty which Nature seemingly left undone.

Eucharistic Congress Opens To-day.

Over Two Thousand Archbishops, Bishops and Priests Will Attend Sessions in Montreal.

Montreal, July 11.—The Canadian Eucharistic Congress will open with a solemn service in Notre Dame Church, Montreal, Tuesday evening. In connection with this important event to the Roman Catholic Church the new Congress Hall of St. Patrick's Parish was dedicated to-day in the presence of a large representation of the clergy and laity of the diocese. Eight beautiful stained-glass memorial windows in St. Patrick's Church were also dedicated to-day.

The Congress will continue three days, and the opening will be marked by the presence of Cardinal Begin, of Quebec; Archbishops Bruchesi, Montreal; Gauthier, Ottawa; McNeill, Toronto; Roy, Quebec and Spratt, Kingston; twenty-one Bishops and about 2,000 members of the Priests' Eucharistic League, representing the church in various sections of the Dominion.

TIRED BUSINESS MAN.

The business man is tired, with tears in his eyes and a dim, long desired is still sidestepping him. His weariness has grown to be a public whoeze, Grief marks him for its own, and will not give him ease. For all lat-passers beg a chance to run him down, and deftly pull his leg for kopeck, yen and crown. Is there a scheme on deck to paint the railway tracks? The merchant's shapely neck is first to feel the ax. Is there a kindly plan to send the poor some ducks? The weary business man must cough up seven bucks. Is there a project big, to fill the village pump? The business man must dig his savings in a lump. For every cheerful fake devised by Jack or Jill, the business man must take some roubles from his till. The hoboes in the jail must have a Christmas tree; oh, merchant, hand the kale—be generous and frugal! A widow needs a pup to keep the tramps away; oh, merchant, loosen up, be liberal to-day! A good electric fan the county poorhouse needs; oh, sad-eyed business man, shell out a dozen seeds! The business man must fall for every such demand, his back against the wall, his checkbook in his hand!

Electric Warship for American Navy.

The first electric battleship will be added to the United States Navy in two years. It is the California, which is to be built at a cost of \$7,000,000. It will also be the largest battleship yet built for that navy—624 feet long and 97 feet wide, with a displacement of 32,000 tons and a speed of 21 knots. Its main battery will be of 12-inch guns. It will have a torpedo defence battery, which the European war has shown to be of great importance. This battery will have twenty-two 5-inch guns.

Inventors have long dreamed of an electric battleship. With the California this will be realized. In the California there will be no directly connected turbines. The power will be transmitted to the four screw propellers through slow-speed motors, which will relieve much of the strain on the crankshaft. The electric power installation will consist of two separate plants, each furnishing power for two screws. If desirable, the ship can be operated on one generator.

ALIEN SUBMARINES NO LONGER FEARED OFF THIS COAST.—No. 1 patrol of the Girl Guides (Meth. College), numbering ten, with patrol Mistress Story and Corporal Carter in command, left at 3 a.m. for (censored). The camp is on the coast line, and overlooks the Atlantic, so that it will be impossible for alien submarines to enter this port with such protection.

If the blossoms are out from geraniums before they begin to fade, the plant will throw out new flower stalks.

His Grace at St. Patrick's Church.

His Grace Archbishop Roche, administered the Sacrament of Confirmation to upwards of 150 candidates at St. Patrick's Church yesterday. His Grace, who was assisted on the Throne by Rev. Fr. MacDermott, Administrator, was present at last Mass which was celebrated by Rev. Fr. Conway.

After Mass Mr. John Barron, President of the Holy Name Society, on behalf of that body and the Christian Doctrine Society, presented His Grace with an address testifying to the pleasure which his elevation to the Archiepiscopate gave the people of St. Patrick's parish, and assuring him of their unwavering loyalty to the Church. His Grace replied from the pulpit, and thanked the people for the sentiments expressed in the address, and for the splendid part they had taken in connection with the consecration ceremonies and celebration. His Grace then referred to the good work to be done by Catholic candidates after which he gave a short discourse on the Sacraments, dealing particularly with the Sacrament of Confirmation which he was about to administer to the candidates present. The altars and pulpit were tastefully decorated and the singing during the Mass was by a full male choir.

Meeting of St. Bon's Old Boys.

The St. Bon's Old Boys' Association held their annual meeting in the Aula Maxima yesterday. Vice-President presided. The election of Councilors conducted by Rev. Bro. Strapp resulted thus:—

- 1856-60—Capt. English, Sr., John Wadden.
 - 1861-65—W. S. Dunphy, T. F. Vavasseur.
 - 1866-70—M. J. Kelly, M. F. Lawlor.
 - 1871-75—E. J. Devereaux, P. C. O'Driscoll.
 - 1876-80—P. K. Devine, P. J. Fortune.
 - 1881-85—T. J. Thorburn, P. F. Collins.
 - 1886-90—T. P. McGrath, W. R. Howley.
 - 1891-95—Dr. V. P. Burke, M. James.
 - 1896-1900—W. Savin, T. Carter.
 - 1901-05—P. Burke, M. F. Summers.
 - 1906-14—J. Dee, C. J. Fox.
- Rev. Bro. Strapp, who was accorded a vote of thanks, thanked the retiring officers and congratulated the newly elected.

"Don't Be Sick."

There is no reason why you should be suffering from any form of stomach trouble when you can obtain Stafford's Prescription "A" for 25c. or 50c. a bottle and be cured.

Stafford's Prescription "A" cures Indigestion, Dyspepsia, Gastritis, Catarrh of the Stomach and Nervous Dyspepsia.

The usual symptoms are:—Uncomfortable feeling about stomach, distension and distention of stomach and bowels after eating, Headaches, Nausea, Langour, Depression of Spirits, Irritability of Temper, Tenderness and even Pain over Pit of Stomach, Chilly Sensations, Slight Feverishness, Bad Taste, Loss of Appetite, Constipation, etc.

Prescription "A" is prepared only by

DR. F. STAFFORD & SON,
 St. John's, Nfld.
 Price: Trial Size, 25 cts.; postage 5 cts. extra.
 Price: Large Size, 50 cts.; postage 10 cts. extra.

Your Boys and Girls.

No outsider has the same opportunity, and no other can have the real interest of the boy at heart, as the parent. The importance of a thorough knowledge of the child, his natural inclinations both moral and intellectual are a necessity. In order to comprehend my boy I must be sure of his motives and must know his thoughts without forcing his confidence. And if I can keep his confidence I feel that I have hold of one of the surest means of helping him.

I should give him the necessary help with his lessons, to join in his games with as much show of real zest for the fun as one can command, to show one's pleasure in his friends, cultivating the desirable and weeding out the undesirable. Through having the boy's confidence I can best bring him to an honest estimate of himself and to possession of himself. And it is this kind of discipline, the discipline of self-possession, that assists the boy so very materially in after years.

ASK FOR MINARD'S AND TAKE NO OTHER.

Sir Thomas Lipton Has Fever

'ON RETURN FROM SERBIA.

London, July 13.—Sir Thomas Lipton, who went with his yacht Erin to Serbia on Red Cross work, and brought back sixteen American nurses, half of whom had contracted typhus, has returned to London, ill with Mediterranean fever after his trying trip. He is under the care of physicians and will be unable to leave his home for several days.

Sir Thomas left the American nurses at Marseilles, where those ill were taken to hospitals, while the others went back to America. The Erin came on from Marseilles with Sir Thomas.

The first intimation that Sir Thomas Lipton was ill came in a despatch from Athens on June 17, which mentioned that he was on the sick list on board the Erin, which had put into Piraeus, and that the doctor had ordered several days' rest.

A FAILURE, BUT AN IRRITANT.

While the raids of the German submarine bear abundant testimony to the enterprise and courage of their officers and crews, their utility as measured "for bringing Great Britain to its knees" is equally apparent. Many British ships have been sunk, and as the German theory is that the submarines are blockading British waters, not a few neutral vessels bound for the ports of the United Kingdom have been destroyed likewise. Yet the aggregate of the British vessels destroyed to that of British vessels in being, is as a drop to a bucketful. As an irritant the submarine blockade has seldom been surpassed, but as a means of shortening a great war it is a failure.—Boston Transcript.

FIRST CANADIANS HAVE GRADUATED TO AERIAL SERVICE.

Toronto, July 13.—S. Ince and Homer Smith, of Toronto, have passed the tests qualifying them as sub-lieutenants in the Royal Navy flying squadron, and have left for Ottawa and England. The young men, who commenced their training three months ago, are the first two Canadian trained aviators to graduate into the Imperial Aerial Service.

BRITISH COLUMBIA WILL PROVIDE ABOUT 100 MACHINE GUNS.

Vancouver, B.C., July 13.—That British Columbia will provide for 100 machine guns for her battalions leaving for the front, seems assured from the subscriptions that came in yesterday. Upwards of sixty have now been actually secured, and many districts are yet to be heard from.

Obituary.

WALTER IRVING.

After an illness of some six months' duration, there passed to the Great Beyond yesterday at his late residence on Carpasian Road, a most exemplary citizen in the person of Mr. Walter Irving. Deceased, who was 65 years of age, was a well known and highly esteemed cabman in which capacity he had been engaged since boyhood. Mr. Irving was a popular figure at our annual regattas and upon him always fell the duty of attending to the officials of our aquatic events. To the bereaved ones the Telegram extends its deepest sympathy. The funeral will take place to-morrow afternoon.

BRITISH PARLIAMENT WILL END THIS MONTH.

London, July 13.—The present session of Parliament probably will close before the end of July, Premier Asquith announced yesterday.

Cape Report.

Special to Evening Telegram.

CAPE RACE, To-day. Wind west, light breeze, weather clear since 10 a.m. The steamers Athenia and Florizal passed west Saturday evening and a steamer was heard passing at 5 a.m., not known how bound. Bar. 29.32; ther. 56.

SOLDIER GAVE LIFE FOR HIS COMRADE.

London, Ont., July 13.—Following a letter received to-day that he was just leaving for France, came official word that Lieut. Wallace Chambers had been killed. Mrs. Aitchison has been notified that her son Private Lochiel Aitchison, was killed while trying to rescue a comrade, who had fallen.

Sweet corn should be planted every week up to the Fourth of July, then you will have corn until frost comes.

NOW, I'M JUST DOWN AND OUT TEMPORARILY—WHY, ONLY LAST SUMMER I PASSED AWAY THE TIME IN DEAR OLD NEWPORT, R. I.!

BUT THIS IS HOW HE DID IT.
