For All Shoes

DRI-FOOT

Waterproofing

You do not need to wear heavy, uncomfortable rubbers if you treat your shoes with it. Dri-Foot is a liquid composition that waterproofs your shoes and gives them longer wear. It is invisible—does not prevent polishing, costs but a fraction as much as rubbers and one application lasts all season.

Children's shoes as well as yours should be treated with Dri-Foot.

TORIC LENSES

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

Skin Boots.

Made by persons who know how, and who use only sinew in sewing them, adds to the health and comfort of the wearer, whether he is treading the frozen pans at the sealfishery or wading in the mud and slop of the trenches. No other boots are just as good, and our Skin Boots made on the northern portion of Labrador are specially selected, and are the best of their kind.
