They may have to deal with a complex labor problem, the in
They may have to deal with a complex labor problem. They reported favourably on favourably on the fact that the agent of about \$1.70 in the price of Labrador, in spite of the fact that the agent of about \$1.70 in the price of Labrador, in spit complex labor problem, the intricacy of which has baffled their predecessors. Many other matters will require their immediate attention after they assume office. These can be referred to later. In the meantime, the new Mayor and his Council are from North. assured that they have the support of the people who elected them and whilst only the future can show what use they will make of their power, nevertheless citizens may feel certain that their confidence has not been misplaced, and that they have given the seats of authority to men who will exert themselves to the full in their efforts to improve civic conditions.

and arrived at Port aux Basques at 11
a.m. A N.E. gale was the cause of the
delay. She brought a large foreign

Thanks Supporters.

I wish to thank my supporters, who
thought me worthy of their confidence,
in the Municipal contest for their
splendid vote in my first public app. G. Richards, W. G. Billard, C. Gaudet, S. Bennett,

FRIDAY, Dec. 23. If there be somebody to whom you ers, but public opinion decreed that I wish to give a present but about which should lose. you have not made up your mind it is very likely that we can assist you in your choice, if you will give us the oppertunity by calling. We have still cause unnecessary hardships to the many suitable articles of various kinds clerks in the stores at Christmas, but which are available, and which we those who neglect to do their shop-So, if you are in doubt what to get for this friend of yours, do not omit to sible and don't forget to bring home nual, containing record of every drop in to see us. We believe we can suit you down to the ground.

St. Mary's School

The annual distribution of prizes took place at St. Mary's school last night. The Hall was filled with parents and friends. There were also present the Lord Bishop. Dr. Blackall, Rev. J. Brinton and Capa Eli Dawe (member of Board of Education) and Rev. A. B. S. Stirling. The scholars who had been carefully trained by their teachers with the assistance of Mr. Max Colton, gave a most creditof Santa Claus" was particularly interesting—specially when the generous visitor gave each scholar a Xmas stocking. Valuable prizes were distributed by the Bishop. The Principal, Mr. H. J. Bishop, delivered an interesting report of the school work, a present to any arranger addition. It is the light of the school work, and the first place it is not advisable and reporter.

> ing this warning. We shall always be pleased to furand beg to remain.

Yours truly, (Sgd.) HAWES & CO. LTD. As quite a quantity of our fish is handled through the above firm the relegram endeavoured to find out why large exporters should entrust their business to them in view of the fact st. Thomas's Rectory, that other sections of the Trade are totally opposed to having anything to do with Hawes. In fact some claim that by this business connection the country has lost an immense amount on its export business. On the other Hawes claim that whilst during the past two years large sums have been lost to the country, the condition "If anyone were to read it carefully, it could only be concluded that the acbusiness man in meeting competition." He further stated that he could see no reason why the firm in question should

ests of those who entrust business to them, and by the same means ruin their own trade built up after much

One of the largest shippers of fish to Spain, gave a similar opinion to that given above. He told the Telegram that his firm had found Hawes absolutely trustworthy. He agreed that large losses had been made by the trade during the past two years but but a nest of I felt confident that but for the ability at STEELE's. of the Hawes firm the losses would be ever so much greater if not actually doubled. To corroborate it he said that at one time they were the largest shippers of fish to the Spanish mar est shippers of hish to the Spanish mar-kett but finding the agents there so un-satisfactory they ceased shipping there altogether. Since the organization of the Hawes firm they have resumed shipments and are perfectly satisfied that no other man or firm could handle their hysiness to better advantage. He their business to better advantage. He concluded by saying that it must not be understood that he had not met with losses. In fact he said that during the past two years they were some-times substantial but at the same time he had reason to know that they would have been greater but for skillful handling of the sales. In opposition to these opinions other sections of the trade speak in no uncertain terms. One merchant when asked about the mat-ter said the lever speaks for itself. Another said that it was his opinion
