## A WISE WOMAN.

BHE WAS WEAK, NERVOUS AND DISPIRITED AND FOUND NO BENEFIT FROM DOCTORS' TREATMENT—SHE WAS INDUCED TO GIVE PINK PILLS A TRIAL, AND IS AGAIN ENJOYING HEALTH.

From Canadian Evangelist, Hamilton. We are often asked : "Do you think Dr. Williams' Pink Pills are any good? Do you think it is right to publish those glowing accounts of cures said to be effected by the Pink Pills?" Of course, we think the Pink Pills are good, and if we did not think it right to publish the testimonials we would not do it. Perhaps it is not to be wondered at that people ask such questious, when they hear stories of clerks being employed to write up fictitious testimonials to the efficacy of some cheap and nasty patent medicines. The Dr. Williams Medicine Co. do not tollow that dishonest practice, as there are few places in the Dominion where the marvellous efficacy of Pink Pills has not been Their method, as our readers may have observed, is to publish interviews with representatives of have had with persons who have been benefitted by a course of Pink Pills, thus giving absolute assurance that case published is genuine. Several such cases have come under the notice of the Canadian Evangelist, the latest being that of Mrs. T Stephens, of 215 Hunter street west Hamilton. Mrs. Hunter is quite enthusiastic in her praise of Dr. Williams' Pink Pills, and is very positive that they have done her a great amount of good. Her trouble was indigestion and general debility. For about a year she was under a benefit therefrom. About three years

physician's care, without deriving any ago she was induced by a friend to give Pink Pills a trial. When she began their use, she says, she felt dreadfully tired all the time, was weak and nervous, had a pain in her chest and was very downhearted. Her father told her she looked as though she was going in "a decline." She replied that she felt that way, whether she looked it or not. It was not long after she began to take the Pink Pills before she experienced an improvement in her health and spirits The tired feeling wore away and her strength returned, the extreme ner vousness vanished and her spirits revived It is now about two years since Mrs. Stephens ceased taking the Pink Pills She has had no return of her former troubles during all that time She is now strong, healthy and cheerful and is very emphatic in declaring that she owes to the Pink Pills her present satisfactory state of health and has, therefore, no hesitation in recommending those afflicted as she was.

Cold in the head and how to cure it.

One of the most unpleasant and dangerous maladies that effects Canadians at this season is cold in the head. Unpleasant, because of the heavy headache, inflamed nostrils and other disagreeable symptoms accompanying it; and dangerous, because if neglected, it develops into catarrh, with disagree able hawking and spitting, foul breath, frequent loss of taste and smell, and in many cases ultimately developing into consumption. Nasal Balm is the only remedy yet discovere that will instantly relieve cold in the head and cure in a few applications while its faithful use will effectuall eradicate the worst case of catarrh Capt. D. H. Lyon, president of the C P. R. Car Ferry, Prescott, Ont., says -"I used Nasal Balm for a prologned case of cold in the head. Two appli cations effected a cure in less than 24 hours. I would not take \$100 for my bottle of Nasal Balm if I could not replace it " Sold by all dealers or ent by mail postpaid at 50 cents per bottle, by addressing G. T. Fulford & Co., Brockville, Ont.
