LOUISE PLATT SENTENCED.

Louise Platt, the young girl convicted of vagrancy a week ago on the complaint of her mother, Mrs. Louise Wennesheimer, 288 Simcoe street, was arraigned for sentence. She were that same indifferent manner as she did while her mother was telling of her depraved life, and smiled at the policemen in court quite freely; and when the P. M. beckoned her to stand up for sentence the girl went forward as if to ascend to the magisterial bench. The magistrate reminded her that the full penalty for her offense was two years in the Mercer Reformatory, and if she ever appeared again he would have to send her down for that period. The sentence this time would be eight month, in the institution. The girl is probably one of the most depraved and hardened that the police have had to deal with for some time. Over a year ago Mrs. Wennesheimer sent her to Brantford, hoping a change of companions would be of some benefit, but Louise soon fell in evil ways again and was sent to the Mercer for six months.

PARCEL POST CHANGES. The Canadian Postoffice Department has issued an entirely new schedule of parcel routes, to come into operation on Oct. 1. It shows that a tariff has been arranged for the carrying of parcels to almost every part of the world open to foreign commerce. An examination of the table shows that distance does not always dominate the charges. For instance, it costs to send a postal of one pound weight to the Congo Free States 72 cents and to Chili \$1 02, which latter is the same rate charged per pound to Cochin China. Again, while it costs \$1 48 to forward a five-pound parcel to Panama, a package of similar weight may be sent to Constantinople for 90 cents. The most expensive rates are those to the Dutch East Indies, Persia, and the German colonies in East Africa, the rates being from \$1 10 to \$1 18 per one-pound package. For same rate one may send a

six-pound parcel to Jerusalem. STILL THEY COME AND GO.

Investigator of the Cheng Tu R'ots May Not Be the Governor of That Province.

Washington, Aug. 23.-It is said at the State Department that if the report is true that Viceroy Liu has been appointed to investigate the Cheng Fu riots, the foreigners have good cause for complaint. If the report be true, it is probable both the American and British Government will protest. Vice-roy Liu was Governor of the province in which Cheng Tu is situated, and he is said to have been guilty of gross negligence, which by some persons was regarded as amounting to complicity in the Chinese riots of June last. There are a good many men in China named Liu, and it is thought possible that there has been a confusion of
