A Higher Education.
That the Made-in-Canada idea applied to higher education within the Dominwas the dominant note struck in the speeches that were delivered tonight at the complimentary dinner tendered by the Ontario Government to the presidents and representatives of the Canian universities.

"A new country has been made ready by the war." said President Faloner. "Langemarcke has made a new country. We shall never be the same again and educationally we shall be He spoke in terms of high praise of

the educational work that is being done in the west and raised the vital issue of the educational problem in Canada by pointing out that unless the old eslished universities of the east held out a hand in scholarships to the rapidly advancing western students there was grave danger of Canada splitting in two at the head of the great lakes. President MacKenzie of Dalhousie Unersity said: "It has become necessary for us to work together".

President Murray, of Saskatchewan, said that to most of the western students, eastern Canada was but a name. This should not be Canada should provide post-graduate facilities.

WINDSOR MAN FOUND WITH HEAD BROKEN: MURDER SUSPECTED

Fellx Meline, Aged 45, Apparently Victim of Foul Play.

[Canadian Press.] WINDSOR. June 1. -Circumstances nection with the death of Felix Meline, 45 years old, who was found this morning beside the Drouillard road, north of Ford City, point strongly to murder. His skull was fractured at both front and back as though with some heavy weapon, and a large gash on the top of the head, which might have been caused with some sharp in-

strument, had laid bare a portion of the When found the body was in a half precluded the possibility of his having about a hundred yards north of the Essex terminal tracks. BAKERY BURNS, MAN MISSING. MONTREAL, June 1 .- Fire which afternoon, and caused a loss estimated at about \$100,000, is supposed to have resulted in the death of Hyppolite Bernard, 440 Wolfe street, and an employee at the bakery. The fire was discovered at 8:15, and made such rapid progress that fifty or sixty bakers had to get out without waiting to grab their clothing. The fire started in the boiler room. Ninety horses were taken out of the burning building.

His worship said: "His evidence is very essential. He is the one man who would know every-thing about the Parliament Buildings." Hon. Dr. Montague practically admitted to the Royal Commission today that when he let the contract to Kelly for steel for the north wing of the Parliament Buildings for \$230,000 he overshot the mark by \$103,140. After an hour's examination he said he had probably made a serious mistake in ignorance. He stated a number of times he did not read the contracts he signed, which drew titters from the crowded courtroom. At last Montague grew incensed and appealed to Chief Justice Mathers to have "partisan demonstrations" stopped. He declared he was telling the truth and he did not propose to be made a butt for the levity of the "loafer." The audience included prominent clergymen, physicians and busi-

STOP TROUBLE FROM GAS TORONTO, June 1.-That the pirators, or "muzzles," as the British "Tommies" call them, fail to save the men in the trenches from gas pois was taken ill on Thursday last and had ing, is the assertion of a non-commissioned officer in the British army, who writes to his uncle, Rev. A. Logan Geggie, of Toronto. He says: "The wind being favorable, and the

gallant Wurtemburgers being in a domestic frame of mind, they 'turned the gas on.' All donned the 'efficacious antidote' (a chemically-treated pad of cotton wool four inches square). Eyes began to water and smart uncomfortably, and the fog rolled on. In case my writing is not sufficiently descriptive, just ask your wife to throw a handful of chloride of lime in your ST. THOMAS PRIVATE face. That should give you a fairish lidea of the preliminary stages of the gas trouble. And the fog rolled on. presses appreciation for the donation and adds that the bed has been named "The Ingersoil, Ontario, Bed."
