OFFICIALLY OPEN **NEW MAUSOLEUM**

Ministers of City Conduct Impressive Service at Dedication of Structure.

Despite the inclement weather of Wednesday afternoon, the new mausoleum at Woodland Cemetery was officially opened by the trustees of the London Mausoleum Company and dedicated by Very Rev. Dean Tucker, assisted by Rev. Judson Kelly, Rev. James McKay and Rev.

Dr. Sowerby The service, held in the spacious main hall of the mausoleum, was pened with the hymn "Rock of Ages," led by Parnell Morris. This was followed by a Scripture reading of St. Paul's account of the resurrection, by Rev. Judson Kelly.

A solo rendition of the old favor te song, "Beautiful Isle of Somewhere" was given by Parnell Mor-

Very Rev. Dean Tucker then dedicated the mausoleum, and spoke in his usual masterful style of the great four bedrooms and three-piece bath-room, parlor, living-room, dining-room and kitchen, hydro, gas, hard and soft water, newly decorated, two-part basement and furnace, lot 121 ft. deep; owner will exchange for to house their dead; many of these tage on cement block foundation; two cally intact, after the viscissitudes of the Straits Settlements by gradubedrooms and three-piece bathroom six centuries. Hundreds of tombs ated measures of restriction. part basement and furnace, hydro, erected by the old pagans of Rome hall, before the time of Christ can be seen

Care for Dead. "Because of this commendable sentiment of caring for the dead. which has come down to us from tian belief that our bodies have been

Christ, and are as well the abiding place of an immortal soul, we modern peoples respect the dead from the spirit of God and destined to share in the final resurrection on the last day

After the dedication, Rev. Mr. McKay prayed, invoking a blessing on the new mausoleum and those who will, in years to come, be interred therein.

Following this prayer the assembled audience united in singing the hymn, "O God, Our Help in Ages Past," under the leadership of Mr. Morris. Then the closing prayer and Steamboat Inspectors Investibenediction was conducted by Rev. Dr. Sowerby, who spoke in feeling terms of the worth of this new enterprise.

Building Beautiful.

The Woodland Mausoleum is a

soleum is one of utter permanence and indestructibility. A wide hall runs the entire length of the structure, and this is intersected at in-

two years and nothing that could add to its perfection has been neglected. The foundations extend six feet into the ground, and the entire structure has been builded solidly through-

WESTERN ART LEAGUE TO. PLAN WINTER PROGRAM

FINANCIAL AND COMMERCIAL

OATS SELL WELL

Large Supply of Potatoes Offered at 90 Cents a Bag.

There was a fair attendance at the local market on Thursday morning, considering the bad weather prevailing. It is reported the roads are bad after the rain yesterday.

A few loads of hay were brought to the city, and were sold quickly, the prices remaining firm at \$14@15 per

ton.

No straw was offered.
Oats found a good market at \$115 per cwt, but the supply was not very large.

One load of wheat was offered and one load of wheat was offered and of wheat was offered and of wheat was offered and one load of wheat wa

One load of wheat was offered and sold for \$1 05 per bushel.

Potatoes were to be seen in large quantities. The demand was only fair at \$1@110 per bag, and 90c per bag in five-bag lots. The latter price attracted the most buyers.

Apples were the feature of the fruit market, some varieties suitable for cooking predominating. The supply was fair and the demand good, considering the prices of 75c and \$1 per bushel, which are as yet considered high.

Live hogs were quoted at \$10 75@11 Wheat, per bu.... Hay and Straw-

Howlnvestors Profit by Scientific Gold Mining

OLD MINING to-day is a definite

science. Expert preliminary investigations of the Ontario gold areas by experienced engineers and geologists—extensive development work to prove the quantity and quality of the ore-proof of economical treatment—these chief factors determine suc-

Modern scientific methods inspire confidence in the securities of sound mining enterprises. They have proved to be one of the best possible means for profitable investment.

To illustrate: Hollinger has paid in dividends \$13,950,000, or \$2.90 per share of capital— or 750% on the original capital issue. Within the present year the market value of the shares has increased 83%.

Dome Mines has paid \$3,317,600 in dividends in all-97.6% of the original capital issued.

Our gold mines have paid to shareholders up to 1922 \$27,590,000.

The market value of individual stocks has appreciated from 50% in some cases to 600% in others. Since January of this year 20 active issues increased in market value over \$57,000,000. In addition, over \$4,-000,000 has been paid by dividend-paying gold stocks this year.

These figures speak eloquently for the investor. And they are representative of only part

of the proven mines.

What of the Future? Larger profits will undoubtedly be made. The increased gold production this year, estimated at over 21 million dollars—7 million dollars more than 1921—the important new discoveries -enterprises now in the development stage to be steady producers to-morrow—surely this is the day of gold mining.

The Abitibi Mines, Limited, located in the important new gold area—the Lightning River district, with its extensive bodies of proven gold ore—gives every promise of becoming one of Ontario's largest and richest producers.

Investors will shortly be offered the opportunity of sharing in the expansion of this enterprise.
