This Feeding Floor Could Be Built in The Fall

and it would help greatly to preserve the condition of your live stock in the Spring.

Every farmer knows that in the Spring of the year his barnyard is almost bottomless. The live stock mire down into the mud and almost float around—greatly to the detriment of their physical condition.

By building a Concrete feeding floor in the yard, this trouble is done away with.

A Feeding Floor of comparatively small

area and built this Fall, would pay for itself next year. Concrete is the only material that can be used in this way at a moderate cost.

Will you ask for your copy of the book which we have prepared for you—"What the Farmer Can Do With Concrete"? It's free—and, take our word for it, you'll find it one of the most interesting pieces of such literature you ever read. And profitable, too—because it will save you money.

COUNCIL MEETING

On Monday evening 16th inst., Mayor Murray presided at a small meeting of the Council there being present at the opening Councillors Mowat, Miller and Alexander,—a bare quorum.

Mayor clerk read the minutes of previous meeting which were confirmed—at which time Coun. White entered the meeting.

Communication read from A. W. Campbell chairman of Board of Management, Intercolonial Railway relative to closing of Sugar Loaf street, which was laid on the table.

Letter from F. M. Murray, re the cancellation of a coal schooner's charter, offering settlement for \$21.35 which was referred to Electric Lighting Committee.

Letter from W. H. Gray asking permit for water and sewerage for his new building on O'Leary St. Referred to water and sewerage committee. The mayor read letter from Premier Hazen relative to the promise of the Provincial Legislature to provide a sum of \$5,000 for 10 years or an equivalent in a lump sum for the purpose of paying the bonded interest of the town.

This was handed to the Finance Committee.

On report of the Assessment Committee, the following reductions were made from the assessed value of land on W. H. Gray \$700 reduction,—D. H. Lapan \$100 reduction, Chas. Audette \$100 reduction. The case of Robert Connell was continued on recommendation of committee although the assessed value was found to be correct.

The Police and License committee recommended payment of accounts totalling \$13.50. Agreed.

The Finance Committee recommended payment of accounts totalling \$121.89. Agreed.

Councillor Miller moved, and Councillor Mowat seconded, "that the sums of money to be apportioned to the town by the government be placed in the bank of Nova Scotia to bear interest at the rate of 4 per cent per annum compounded quarterly, to be used for the payment of the present bonded indebtedness subject to legislation hereinafter to be enacted by the legislature of New Brunswick."

Carried.

After long discussion as to ways and means, Councillor Miller moved, and Councillor Alexander seconded the following motion—"whereas the town treasurer's salary for the current fiscal year only amounts to \$673.76 resolved that the council make him a special grant of \$495."

Carried.

In answer to questions, Solicitor MacKenzie gave it as his opinion that the I. C. R. had power themselves to close Sugarloaf street, but that the Railway Board wanted to put the onus of closing the street on the Council.

Councillor Mowat, and Solicitor MacKenzie were instructed to appear at the present session of the County Council, and oppose in toto, the relief grant recently voted by that body for the town of Campbellton.

This being all the business Council adjourned.

DARING BURGLARY

Late on Monday night or early Tuesday morning the premises occupied by Wm. Richard's & Co., Richardsville, were entered and a large sum of money stolen. From what meagre details can be gathered it appears that the thieves entered the office by breaking a pane of glass in the window. The firm have been daily expecting their safe and in the meantime the cash was kept in the office in two strong covered iron drawers and one of these has been taken away. The police are naturally reticent in the matter but Chief Hughes is busy on the case. The till in the office was forced and the sum of \$5 taken away, but in the cash drawer was a large sum. The thieves seemed to know their way about as the stolen box held the larger sum while the one that was not touched contained only \$50;—this however may be accounted for by the thieves being scared away before finishing their nefarious work. Up till the present no trace of the thieves or the missing box has been found.

BLACK CAPE

Our Pastor, Rev. Wm. B. McCallum and Rev. Geo. P. Tattrie of New Carlisle exchanged pulpits on Sunday the 8th. Mr. Tattrie preaching in New Richmond in the morning and Black Cape in the afternoon, delivered a very interesting sermon at both services.

Mrs. J. C. Fair has returned from Point La Garde where she has been visiting her old home.

The W. F. M. S. held their monthly meeting at the home of Peter McRae on Saturday afternoon.

Quite a number of commercial travellers have passed through our midst lately on their way down the coast.

A petition has been sent to the Dominion Parliament asking for a Breakwater at Burton's Beach, Black Cape. We hope that our member Mr. Macgil will be successful in having this bill passed in the house.

Work has begun at the New Richmond landing stage extension. Mr. Harry Quinn of Escuminac, is in charge of the work.

Mr. Hugh Johnston is at Bonaventure releasing Mr. Austin Kerr station agent, who has gone to Quebec and Montreal for a short trip.

The Council Election which took place on Monday passed over very quietly.
