

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For twenty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sensitive Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 106 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed. "Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound, and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from Female Ills should try Lydia E. Pinkham's Vegetable Compound, one of the best and most successful remedies the world has ever known, before submitting to a surgical operation.

LETTERS TO THE EDITOR

To the Editor of the GRAPHIC

Dear Sir,

Seeing that Mr. Blois has noticed my letter not answered it and still continues to make false statements and to criticise the temperance movement in New Carlisle, I wish to add the following:

In commencing my remarks I may say that though Mr. Blois has called me many I cannot return the compliment as my conscience will allow me to do so. He does not seem to know the meaning of "truth" and "attitude," the defeated candidates might lend him a dictionary if he would care to look up the meaning of these two words. Any conscientious man should be serious in talking to a rum seller or his friends and it would seem that the said candidate spoken of by Mr. Blois as head of a temperance meeting in New Carlisle must have talked serious by to the keepers when their friend admits it was a grand meeting.

Mr. Blois states the successful candidates are not the kind of men that hang round bar rooms. I wish to inform your readers that ever man of New Carlisle Council except one frequents the bar room more or less and that exception is not Mr. Blois.

The writer goes on to say "I wish only to criticise a man's public and not private life." The distinction here drawn would look as if he were one of those who live in glass houses and are therefore afraid to throw stones. I am sure your readers will agree with me that a man's public life depends largely on his private life, and I would ask Mr. Blois if to his knowledge gambling money or whiskey ever helped any one to solve a municipal problem. The writer accuses me of voting twice against the will of the people, it is another of his master's statements. In your issue of Feb. 14th, Mr. Blois states "The only two voting against it (the prohibition by-laws) being J. W. Hall now mayor and myself" let me inform your readers that according to the minutes of New Carlisle Council neither Mr. Blois nor Mr. Hall voted against the by-law.

And as far as the advice of Messrs Kelly and Maguire being strongly against granting said shop license, let me again inform your readers that it is false as can be proved by that well known lawyer John Hall Kelly, who personally appeared before the council and whose advice is filed in the archives of the said Council.

It would seem that Mr. Blois is pretty well acquainted with the drinking or the selling of liquor when he is able to equalize New Carlisle with the other municipalities in Bonaventure County. He goes on to say that there is no more rowdiness in New Carlisle than the surrounding county.

Mr. Blois and his confederates as councillors are largely responsible, not only for the rowdiness of New Carlisle caused by whiskey, but for that in the other municipalities in the county as New Carlisle is the only municipality in Bonaventure County issuing licenses for 1913.

Mr. Blois asks if the temperance movement is a spite movement. It is not. The movement's name is not spite it is the contrary, it is charity. It is trying to check the old, the middle aged and the young man, the married men and their families from going to present and eternal ruin, through rum and its dependencies. Surely Mr. Blois will tolerate such a movement.

Thanking you Mr. Editor for your past favours.

I am yours sincerely,

JOHN C. GILKER.

New Carlisle, March 3rd, 1913.

To the Editor of the GRAPHIC

Dear Sir,

As I know, quite well that Mr. Gilker is able by himself to answer Mr. Blois's letter of last week, published in your valuable paper, I do not by any means, want to enter into the discussion between the two, but as I am one of the workers on

the Temperance movement, now on, I believe it is my duty, to answer Mr. Blois's statements as well as his two questions published last week.

In answer to his first statement which reads as follows "I, The people of New Carlisle do not drink any more intoxicating liquor per head of population than any of the other Municipalities on the coast, in which there are today, no liquor licenses." I must say in return I agree with Mr. Blois on this point, but he will probably have to admit with me that the most of the liquor drunk in the other Municipalities in the county, comes from New Carlisle, which is responsible for nearly all the drunkenness existing in the neighboring Municipalities, as well established by Revd. M. Mac Callum's letter of last week. If Mr. Blois has any doubt on this matter, he will certainly be convinced of the truth of this statement, by a simple visit to the RR. Station here nearly every morning, where he will see for himself, sometimes as many as 20 or 30 cases, of gin, brandy or other liquors shipped to different places from here to Matapedia.

Replying to the second statement, which reads as follows "There is no more rowdiness in this Municipality than in any other Municipality." This again may be true, for the same reason as mentioned in reply to the first statement, but Mr. Blois will probably admit, that the place where there is more rowdiness, is the place where there is more whiskey drunk, and that will seldom if ever see, fights, curses, oaths, in a temperance lodge, but on the contrary you will often see and hear these beauties, in or around a bar room. Moreover, if it would be possible to confine the sale of intoxicating liquors solely, to New Carlisle, Mr. Blois, would certainly admit that the other Municipalities greatly benefit by it, and then we would all be in a position to see where rowdiness exists, and what is the cause of it.

Now with reference to M. Blois questions, I must say in answer to question No. 1 which reads as follows "Has the cutting out of licenses in any of the neighboring towns, lessened the consumption of intoxicating liquors or the rowdiness of that town "YES", and many times yes, and one who has known the Campbellton, Dalhousie, Ste Flavie or Rimouski, of five years ago, and compare then with these towns of today; will agree with me. How many drunken men can be seen in these towns to-day, compared to the number, to be seen staggering along the streets when licenses existed, and how many of the respectable citizens of these towns, of today, would vote to get the licenses back, should they be asked for again. Replying to question No. 2 which reads as follows "Is this prohibition movement in New Carlisle carried on solely for the welfare, of people of New Carlisle, or does the spirit of revenge, or the spite lend their aid, to the movement?" As I am known by both sides, to be one of the workers and organizers, and that I am in a position to answer this question, as well as anyone, I will say, it is not simply for the welfare of New Carlisle, but for the welfare of the county in general, we are working, and please bear in mind, we are not a selfish crowd, thinking only for ourselves, and we know quite well, that if we succeed as we hope to, to banish the bars from the community, not only New Carlisle, but the whole county will benefit by it, and many of our young men, both of New Carlisle and elsewhere in the county, will be saved, from temporal and eternal ruin. But as far as a question of spite and revenge, is concerned, I squarely deny any such intentions, and I am nearly positive, that all the other temperance workers, will say the same, and in working in stamp out the bar, I do what I consider should be done by any christian man, father of many boys, growing up in age and who places their temporal and eternal welfare, as well as their future establishment, honor and reputation, before and above the success of a

friend rum seller, and the mean question of a dollar or so of special tax saved by letting the bar live, well knowing that the dollar or so of special tax, which we would be called, to pay to make an amount equivalent to the \$200.00 paid to-day by the rum shops, would be greatly compensated, by the satisfaction of having sober, temperate young men for the future population of the Municipality, compared to what might be the contrary, should licenses remain. Now in taking this stand I do not by any means intend to depreciate or attack Mr. Blois, whom I have the honor to say, I consider as a friend and I hope we can be of different opinions, on this question of temperance and licenses without being enemies for all that I consider and respect M. Blois personally, although we have quite different views on this question and hope we can discuss in a gentlemanly way, this question of temperance, either in the columns of the Graphic or elsewhere, without insulting or making any personal attacks whatever, that would be of the nature to hurt the feelings of one another; for my part I will be happy to discuss this matter through the columns of the Graphic, thoroughly and will make it a point of business only, barring absolutely anything personal or injurious whatever but in closing, I would like to put one question to Mr. Blois or anyone else interested in the licenses, and I hope they will answer.

1st. For what reason do you consider that licenses, should be maintained in New Carlisle? Is it for good, or welfare of the community, is it for the question of revenue, or is it to prevent the drunkards from getting liquor illicitly.

Thanking you Mr. Editor for your courtesy, I beg to remain Sir,

Yours very truly

A contractor at Medicine Hat has been expelled from the local employers' union because, when he was in a hurry to get a job done, he paid some of his men 90 cents an hour, instead of 67 cents, the latter being the boss's union scale. This labor situation is getting interesting in new ways. There are, it seems, employer "scabs" as well as worker "scabs."
