last a Lecture was de-A large number of The meetings of d until the first Mon-

Crois to the sea there is no means of defence, or any public work, which would be made available in any, tenable emergency. Any person that is acquainted with the localities of the Counties of Charlotte and Cafleton guash River, containing 2000 Acres. The must know, that this Province can only be entered by land, through these Counties, and in the present state of things, there is nothing to impede such entry, therefore we are assailable at all times. Many may say that when the event takes place, the necessary preparations will be made, but these matters are not so easily accomplished. The Barracks in this place is greatly out of repart, which the Inhabitants at one time, volunteered to add to, so Payments for the above will be made easy bitants at one time, volunteered to add to, so Payments for the above will be made easyas to contain 250 men; but it was said to be an improper interference with the department, which has the sole right of managing these concerns. Be it so-nothing however has been done. Col. Jones, of the Engineers last season, was of opinion that this place, should be made a military post, and there should be a respectable force stationed here. This opinion is strengthened by many other Saint Andrews and Saint John Stage Coach This opinion is strengthened by many other respectable military men in this, and in the adjoining Province. We are not disposed to find fault, but responsibility rests somewhere, and we are induced to write thus much, in next, having the privilege of carrying the Mail &c. this responsibility may rest. Every has been tried by representation, of the Inhabitants of this Town to the highest authority in the Province, setting forth the defenceles state, in which they are placed, with the intent that those representations should be laid before the Queen's government, which we should have thought, would have created attention before now. This is not the case, and w would recommend further action upon this

Hen. John Saunders.-We are gratified to learn from persons, that have visited Fredericton, upon business, at the Crown Land Office, that the appointment of the Honorable John Saunders, as Surveyor General gives general satisfation." Independantly his being a native this Province in which his interests are deeply involved, and a claim from the long & faithful services of his father, the late Chief Justice who was so generally and so justly, respected by all classes. Mr Saunders is well qualified to fill office. His which is highly important to those persons the Subscriber. who come from a distance and require despatch. The thanks of the Province are justly due to our worthy Governor in making the selection. We venture to assert, that this feeling pervades the people of this County, who rejoice in having to transact their land affairs with a person of talents and in-

subject.

The ice in the St. Lawrence, is fast disap pearing-and it was supposed, that the usua navigation would be resumed about the 6th of this month.

A member of the Legislature of Prince Edward Island, named Arbückle, has been ex-pelled from the House on account of drunke-ness. Charles Young, Esq. formerly of Halifax, has been returned in his place.

Nothing later by last night's mail

In looking over the late Provincial papers having extracts from what is going on in England, and in the United States, tho we are no alarmists, yet there may be from untoward circumstances, a fupture between the two governments respecting the Boundary question: It any rate, it would be but prudent to prepare for the emergency. The County of Charlotte forms in part the exireme Western portion of this Province, and, from the source of the St. Crois to the sea there is no means of defence.
