

Practical Talks and Plain Precepts for Farmers.

Edited for the Farmer readers of the MONITOR by an Anna Polla Valley Agriculturist

WATER SUPPLY AND STORAGE IN THE SOIL

Such study has been given to the question of the quantity of water necessary to maintain satisfactory crop growth...

It is not necessary to say that the soil is deficient in water, that there is a surplus...

It is not necessary to say that the soil is deficient in water, that there is a surplus...

It is not necessary to say that the soil is deficient in water, that there is a surplus...

It is not necessary to say that the soil is deficient in water, that there is a surplus...

It is not necessary to say that the soil is deficient in water, that there is a surplus...

It is not necessary to say that the soil is deficient in water, that there is a surplus...

CONSUMPTION SANATORIA

The appalling part that consumption plays in decreasing the population and the comparatively recent discovery that it is curable and preventable...

It is entirely possible to put a ring fence around the disease and to prevent its spread...

Under the circumstances we should have sanatoria for as many people as will use them...

NOTICE All persons having a claim against the estate of Mrs. M. W. Williams, late of Cape Breton, are hereby notified to send in their claims to the undersigned...

John's Corner

Some years ago a well-known promoter started to build a new town in Montana. He adopted the usual methods, built electric railways, established his electric light plant...

What's the matter with your business? It's not that you have no money, it's that you have no money to spend. You're not spending your money on the things that will make you rich.
