## The Choice Novelties of 1890.

HERE IS A LIST THAT WILL GIVE SATISFACTION.—**Red Cross Tomato**—Resembles Livingston in all respects, but is especially earlier. **Ignatius Tomato**—Round, solid and smooth, a fine keeper, good for canning, pickling and for fresh eating. **Yellow Marrow**—A distinct variety, well relished for quality and flavor, popularly rich and sweet. **Marble-head Early Marrow**—A remarkable strong grower, a tremendous cropper and bears several blossoms. **Early Prize Pear**—Cross between Two Thimbles and Adonis pear, dwarf and a splendid cropper. **The Favorite**—A better Persian than Abundance or Refreshing. **White Tomato**—Dry, fine grained, sweet, juicy, prolific. **White Pristine Marrow**—A new English dwarf, round & Pear shaped, sweet, juicy, prolific. **Giant Mantal Celery**—Large stems large, solid and a better than Persian other well known varieties. **Yellow Wax Beans**—The rust and blightproof Wax Bean so long sought for. **Yellow Gem Pepper**—With its improved form of Leek-like red pods it is as brilliant as a firework. **French Beet**—A rich, sweet, delicious Cukoreva Beet. **Red Cabbage**—A new variety. **Tomato**—An extra variety to all names this year. **Cold Cabbage**—**Caro. James J. H. Gregory**, New Orleans, Mass.

## BONE FERTILIZERS.

NIAGARA, ONT., August 28th, 1890.

GENTLEMEN.—Having used a ton of your Crabs Food on my orchard of peach trees, spring of 1889, I have much pleasure in recommending it to others. As in my opinion, it is grand food for peach trees, their root growth is strong, and insuring an abundance ... in fact, I have no such faith in its ton that I have ordered two tons more for the same orchard and another.

(Signed) JOHN CALNOCHAN.

NIAGARA TOWNSHIP, Sept. 6th, 1890.

Gentlemen.—Have used your Fertilizers on fruit trees and grain crop with good results. Used it on oats, nearly doubling the crop and securing a good color of ears, seed, and believe it to be as represented.

Please send for Catalogues giving full information.
