

## THE TRIPLEX BLOCK

A Triplex Block hung from a temporary rigging and used for laying pipe.

### What is the Life of a Triplex Block?

**W**E don't know. Triplex Blocks built by the Yale and Towne Co. at the very beginning—twenty-five years ago—are still in actual use. The Triplex Block of to-day possesses greater lasting powers. With its steel parts—its chain superior to any other—its non-wearing gear movement—and the guarantee of a rigorous test before shipment under a fifty per cent. overload. It will outlast the man who buys it, no matter how young he may be.
