Happy is the man who is blessed with
good sight. To be pitted is he who is sight-
less. How fortunate the one wearing Laur-
ance's Glasses, which impart a clear and
perfect vision. But it may be there are
some to whom a Spectacle would be of no
benefit, being deficient in an optic. Their
personal appearance would seem more na-
tural with the aid of an Artificial Eye, an
assortment of which has just been received

Wiswell Crushing Mills

The British American Manufacturing, Mining
and Milling Co.

Are prepared to furnish the above MILLS
at short notice and on reasonable terms.
One of the above Mills has been some
months in operation on the mining property
owned by Messrs. Hale and Ross, at Carleton
ton, in this County and is giving the most
satisfactory results. Comparative tests made
with this Mill and the Stamp Mill at Kemptville
has proved that with refractory ore, such as
abounds in the County, the *Wiswell Mill* will
mill one-third more gold than the *Stamp Mill*.
It will perform the work of a 15 stamp mill,
and do it better.
