Delegate to the Royal Society—A. F. Winn, Montreal.

Editor of THE CANADIAN ENTOMOLOGIST—Rev. Prof. Bethune.

Auditors—B. Barlow and H. S. Peart, O. A. College, Guelph.

TO ALL INTERESTED IN ENTOMOLOGY.

The initial meeting of the Entomological Society of America will be held in New York City in connection with the midwinter meetings of the American Association for the Advancement of Science.

This Society has been organized to meet the need of a national entomological society, which shall represent all departments of entomology, and which shall hold a place in American entomology similar to that held in their respective countries by the great foreign entomological societies.

It is hoped that this movement will have the co-operation of all the existing entomological societies in this country, and that it will in no way interfere with the success of any of them. It is believed that a strong national society, which shall bring together workers in all fields of entomology, will tend to broaden the interests of each, and to strengthen the more special or local societies.

The amount of entomological work that is being done in the United States and Canada is great compared with what is being done in any other country; it is fitting, therefore, that the workers in this field should be united in a national society.
