"Over and Over Again."

Repetition is sometimes the only way to impress a truth upon the mind. Accordingly take notice that Dr. Pierce's "Pleasant Purgative Pellets," (the original Little Liver Pills) continue to be wonderfully effective in cases of sick and nervous headache, constipation, indigestion, rush of blood to the head, cold extremities, and all ailments arising from obstruction of the bodily functions. Their action is thorough yet gentle, and the ingredients being entirely vegetable, they can be taken with impunity into the most delicate stomach. All druggists.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in medical science has been attained by the Dixon Treatment of Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished the catarrh is practically cured, and the permanency is no question, as cures effected by him four years ago remain so. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the loss of a season of the year is the most favorable for a speedy and permanent cure. The majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King-street West, Toronto, Canada, and enclose stamp for their treatise on catarrh.—*American Star.*

Day after day the evidence accumulates that the "Myrtle Navy" is the people's favorite tobacco. The demand keeps increasing, and from every new circle of consumers who have been induced to try it the evidence is emphatic in its favor. Its genuine qualities always hold the friends they have once made. These qualities will be kept up to their full standard by the manufacturers of it. It is to these qualities and the reasonableness of the price that they attribute their marked success. To the quality they will adhere to at all cost, and also to the price if that be possible.

Our money writer says that he is constantly reading of ministers declining "calls" and wonders why somebody don't offer 'em a "put" or a "straddle."

Have You Thought of It?

For four thousand years or more the world groaned, suffered, and fumed about its corns, for there was no positive relief—no certain and painless cure until Dr Scott Putnam gave to the world his great Corn Extractor. If their is suffering now it is a result of carelessness, or the remedy is at hand. Try PUTNAM'S CORN EXTRACTOR. It assuages pain, and is prompt. Beware of substitutes. N. C.
