Courtesy Waiting a Race. NEW YORK, December 17.—Mr. Blackie this morning received a letter from Courtney to the effect that he was willing to row Italian in the spring, and that the reason he did not accept Haulant's last proposition was that he was in bad health. Courtney wants Blackie to have the money under his own control, so that there shall be no dispute as to the final disposition. As it now stands, Blackie has a certificate for the stakes, \$3,000, but cannot make use of it until South says he is willing to allow it by the result of the race meeting. Blackie said:—"I still get South's letter, which I may today or tomorrow, I shall hold on to the certificate for the \$3,000, and then it will all depend whether or not I return it. I believe that Courtney will meet Haulant and it is for me to say when and where the race will come off. The man who crosses the line first will receive the stakes. Any other answer but Courtney's cannot complete for this prize, and if no meeting is arranged, then the money will be given back to the donors."

A SURE CURE FOR EVERY DISEASE arising from impure blood. We think the facts will warrant us in saying there have never been other blood purifiers equal to BUNSON'S SERRAVALLE AND PILES, they act so gently and safely, yet so thoroughly.

ASK FIFTY LADIES IN SUCCESSION what perfume they consider the most delicate, the most pure and salubrious, the most permanent, and in all respects the most desirable and forty-nine of them will answer, MARY'S FLORIDA WATER.

"CUTS."—The best thing we know of to heal a cut or wound is to bind up the injured part with a cloth saturated in Perry Davis' Pain-Killer.

From the *Standard*, and *Apple*, best of the *Haiti*, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, FELLOWS' Compound Syrup of Hypophosphites is known to exert a powerful effect on the muscles of the *Haiti*.

Bilious Complaints. Arise from a morbid or unhealthy condition of the liver. This unhealthy action goes on slowly for two, three, or may be four weeks, the morbid deposits gradually increasing and accumulating until the crisis arrives, the overcharged liver can contain it no longer, and a discharge of various bile takes place into the stomach, which produces a sickness, attended with headache and more or less unpleasant symptoms. The liver thus becomes purged of its unhealthy matter, the system suffers for a few days, then finally recovers, and goes on for another period. Hence the importance of using Dr. HERRICK'S SUGAR COLORED PILLS, which are composed entirely of medicines calculated to promote this proper discharge, and thus save the unpleasant weeks' illness which must also be borne. It is the most certain way to obtain relief. Beginning always, in the cases of those who are constitutionally bilious, on the appearance of the first symptoms of an attack, the attacks will be lighter every time, until they succeed finally in breaking up that morbid condition which gives rise to the disease.

THE SEEDS OF DYSPERSIA are often sown in childhood. MILK OF MAGNESIA, an agreeable, gently acting and speedy remedy for flatulence, sick headache, colic, nausea, sour-stomach, biliousness and constipation is conspicuously beneficial to children. It should be used by mothers as the only safe medicine for children and it requires no persuasion to induce them to take it.

MR. GEO. SEWELL, of Memramook, N. B., writing from Montreal, N. B., under date of May 17, 1875, says:—"I have used your 'Dear Sir'—In January last I came to Montreal from Memramook to consult a physician. I was in the last stages of Consumption. When I arrived here I had at once to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my case hopeless, and I might live a week or two, no more. As a last resort he recommended Robinson's Cod Liver Oil with Lactophosphate of Lime. I purchased a bottle, and after taking the first dose I commenced to improve. It seemed, after taking a dose, as if I had eaten a good hearty meal. I have continued taking it ever since and am rapidly improving. A man confident that I might live a week or two, now says 'I would have been in my grave today. You are at liberty to use this in any way you wish, as you are anxious to let others, who are afflicted in the same way, know in the hope that they too, may receive the same benefit.' Robinson's Phosphorated Emulsion of Cod Liver Oil with Lactophosphate of Lime is prepared solely by J. H. ROBINSON, Pharmaceutical Chemist, St. John, N. B. For sale by Druggists and General Dealers. Price \$1 per bottle; six bottles for \$5.

Consumption Cured. An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Croup, Whooping Cough, all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested it successfully in many cases, he has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, the recipe, in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. W. SWANK, 121 Powers' Block Rochester, N. Y. 8-G-cow

HOLIDAY SEASON.—Don't pay any longer \$2.50 and \$3.50 a gallon for wines when you can have the very best quality of table wines specially and directly imported by Coutt & Co., 245 Notre Dame Street, Montreal, for the Altar use at \$1.50 a gallon. Their wines are particularly recommended by some of the most prominent physicians of our city. In fact, it is by those physicians' solicitation they (Messrs. Coutt & Co.) offer them to the public. If you wish for a pure wine call at the above address. The clergy supplied as usual with the above; also with church goods generally. Cascook making a specialty. 17-G

Probably no one article of diet is so generally adulterated as is cocoa. This article in its pure state, scientifically treated, is recommended by the highest medical authority as the most nourishing and strengthening beverage, and is strongly recommended to all as an article that will tone and stimulate the most delicate stomach. Rowntree's prize medal Rock Cocoa is the only article in our markets that has passed the ordeal to which these articles are all submitted by the Government analyst, and is certified by him to be pure, and to contain no starch, farina, arrow-root, or any of the deleterious ingredients commonly used to adulterate Cocoa. When buying be particular and secure Rowntree's. Other kinds are often substituted for the sake of larger profits. 11-G

EPHRA'S COCOA—GRATEFUL AND COMFORTING. As by a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Ephra has provided our breakfast tables with a deliciously flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette. Sold only in packets labelled—"JEANES' EPHRA'S COCOA."
