A NOTED BUT UNTITLED WOMAN.

[From the Boston *Globe*.]

Messrs. Editors—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either* sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity."

A Lover is apt to see in an Angel of Mercy whose sole ambition is to do good to others.

Phila. Pa., Jan. 1st, '83. Mrs. A. M. D.

The Bad and Worthless

are never *imitated* or *counterfeited*. This is especially true of a family medicine, and it is positive proof that the remedy *imitated* is of the highest value. As soon as it had been tested and proved by the whole world that Hop Bitters was the purest, best and most valuable family medicine on earth, many imitations sprang up and began to steal the notices in which the press and people of the country had expressed the merits of H. B., and in every way trying to induce suffering invalids to use their stuff instead, expecting to make money on the credit and good name of H. B. Many others started nostrums put up in similar style to H. B., with variously devised names in which the word "Hop" or "Hops" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name is, and especially those with the word "Hop" or "Hops" in their name or in any way connected with them or their name, are imitations or counterfeits. Beware of them. Touch none of them. Use nothing but genuine Hop Bitters, with a bunch or cluster of green Hops on the white label. Trust nothing else. Druggists and dealers are warned against dealing in imitations or counterfeits.

THE NEW BRUNSWICK LEGISLATURE.

FREDERICTON, April 12.—The Local Legislature reassembled this afternoon. The Speech from the Throne was as follows:—

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

A change of administration having taken place during the last session, I deemed prorogation advisable, and now meet you, fully confiding in your desire and ability to consider and dispose of the public business

Mr. Speaker and Gentlemen of the House of Assembly:

An account of the revenue and expenditure for the past fiscal year will be laid before you with the estimates for the current year, a further statement of revenue and expenditure since the close of the fiscal year will be submitted to you accompanied by a detailed statement of the financial condition of the Province.

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

The facts embodied in the finance statements laid before the Assembly will suggest legislation of a fiscal character, and I invite your consideration to the measure that will be proposed bearing upon that object. It is important that an early effort be made to reduce the expenses of legislation of the Executive Government and of the administration of the law, in so far as the same can be effected without impairing the efficiency of the public service, and I feel convinced that the initiatory measures which shall be laid before you looking to that end will be favorably received. The subject of vesting all legislative powers in one Chamber has in recent years occupied the attention of the Legislature and the country without any decisive action being taken in regard thereto. My Government will introduce a measure upon this subject. The various claims of New Brunswick upon the Dominion Government, with which you are familiar and which are still unsettled, may again demand your attention, and all papers and correspondence in reference thereto will be laid before you. Information relative to the working of the stock farm will be submitted. The facts will enable you to judge how far that experiment, made in the interest of the farmers of our Province, is giving an adequate return for the expenditure which it involves. The subject of the collection and circulation of reliable information regarding our large areas of choice and admirably situated farming lands, together with the best means of facilitating and promoting their occupation by industrious settlers, more particularly by the youth of our own Province, has engaged the attention of my Government, and you will be asked to take steps to secure this highly desirable object.

The conservation of our forests in accordance with the best methods is a matter of the greatest importance, and your co-operation will be sought in promoting that result. My Government will keep in view the necessity of securing an adequate return from this our most important source of local revenue. The protection of the inland fisheries, the rights of riparian proprietors, and the collection and diffusion of information in regard to the mineral resources of the Province, are matters of public interest which are receiving the attention of my Government.

The approaching exhibition, which is to be held in St. John, and which will be at once of a Centennial and Dominion character, will afford another opportunity of making known the resources and capabilities not only of the Province but of the great Dominion, of which it forms an important part, and of manifesting and stimulating the patriotism and enterprise of our people. A suitable grant will be asked in aid of this important undertaking. While, owing to circumstances, you have been convened at a period of the year when private business must soon make urgent demands upon your time, I feel confident that these and other matters involving the best interests of the Province will receive your earnest, intelligent and patriotic consideration, and my sincere desire is that in all your deliberations you may experience Divine guidance.

MINING ACCIDENT.

NORWAY, Mich., April 11.—At Keelsydge mine, Menomee range, in the Michigan iron district, yesterday, 90 feet of ground between the main engine house and No. 1 shaft caved in. The engine house, in which were nine men, and all the mine machinery and four large boilers, went down 1,000 to 2,000 feet. All the men were killed outright or buried alive except Edwicks, who went down three hundred feet and then remained on the top of the debris with his leg broken at the thigh and one of his ribs fractured. His recovery is doubtful. A pump and a boiler must be put in before the other bodies can be recovered. This will take a week or more. The mine was about to be abandoned as the ore body was exhausted. All the men were on the surface, hoisting steam pipes out of the shaft. The accident is the most disastrous that has ever occurred in the Lake Superior mines.

CANAL FREIGHTS TO MONTREAL.

NEW YORK, April 11.—A permanent organization of Northern Canal boat captains was effected to-night. Two hundred were present. Each signed an agreement pledging himself, under a penalty of $25, or, if necessary, the forfeiture of his boat, to abide by the rates fixed by the association for freights between this city, Montreal and Lake Champlain ports. A New York agent will be appointed, through whom all business must be transacted. Freight rates to Montreal fixed at $1.75, were formerly $1.25.

EPP'S COCOA—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and yet by a careful application of the fine properties of well selected Cocoa Mr. Epps has provided our breakfast tables with a delicately flavored beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette*. Made simply with boiling water or milk. Sold only in packets and tins (½ lb and 1 lb) by grocers, labelled—"JAMES EPPS & Co., Homœopathic Chemists, London, England." Also makers of EPP'S CHOCOLATE ESSENCE.

The Italians are not credited with making much of a fuss over their babies' diet. Sir Wm. Jenner says that in Italy, children when not nursed are fed on a pap of boiled bread, mixed with garlic and oil, washed down with sour wine and water.

TIMEKEEPER

In order to advertise HOUSE AND HOME, and secure subscribers promptly, we have decided to make the following most princely and magnificent offer to each and every reader of this paper. It is the common practice of the gold and silver refiners of England and Switzerland to purchase from the pawnbrokers of their respective countries all the gold and silver watches which have been unredeemed, simply for the sake of the gold and silver cases. The works are then sold to a celebrated watch firm who have made a specialty of this business. The firm places the works in the hands of skillful workmen, who set to work and put them in as good condition as possible. These works embrace every variety of movement, some of them being very fine and perfect timekeepers, all handsomely cased. *We have just purchased the entire stock* (45,000) of a bankrupt concern of the above described watches at *Less than the first cost of the raw material.*

On receipt of $1.50, the subscription price of House and Home, and $1.60 extra to pay for packing, postage, and registering, we will send you House and Home for one year (52 numbers), and one of these watches, postpaid, to any address in the United States. Watches mailed the day the order is received. The watches were purchased specially to go with House and Home, and will be furnished only to subscribers to that publication. In order to introduce it at once we make this unusual offer, which could not be made were it not for the fact that we bought the watches at one-quarter cost of manufacture.

On receipt of 50 cents extra we will send our new and elegant watch-chain, with a Whistle Charm and Dog Call Attachment—just the thing for hunters and sporting men.

Ayer's Sarsaparilla

Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ring-worm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derangement and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give AYER'S SARSAPARILLA a fair trial.

It is folly to experiment with the numerous low-priced mixtures, of cheap materials, and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. AYER'S SARSAPARILLA is a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and prescribe it. It has been widely used for forty years, and has won the unqualified confidence of millions whom it has benefited.
