A STEAMER from Charlottetown, on Thursday, July 11th inst., carried 2,000 cases lobsters and other general cargo.

THE Council of Regina has decided to appropriate \$10,000 for the erection of buildings for the Assiniboia exhibition in 1895.

WORK in the Estevan, N.W.T., mines will be resumed this month. Major Walsh says it is the intention to get out a large quantity of coal.

WORK is being resumed this week on an extension of the Quebec, Montmorency and Charlevoix railway from La Bonne St. Anne to St. Joachim.

It is unfortunate for our English farmers, says the *Pall Mall Gazette*, that they cannot expect to get for this year's hay much more, if any, than £4 per ton, on account of the hold that the imported article has been able to get on our markets during the past year, and the likelihood of this trade being extended with the reduction in freights.

THE city of Winnipeg asks tenders for debentures to the extent, in all, of \$98,500. Of these \$18,000 worth bear 6 per cent. interest, the remainder 5, and they mature at various dates from 1899 to 1910.

THE *Guardian*, of Charlottetown, says that several fishing schooners have arrived at Rustico. Codfishing is poor at Anticosti, and bait very scarce. The lobster factories around Rustico have closed for the season.

THE directors of the International Steamship Company have resolved to build a new steamer in September, to be ready for service in 1895. The new boat will be fast, and will have a much greater capacity than any boat now on the line.

THE *Fredericton Record* understands that Mr. Loring Bailey, of the Bank of British North America in that city, has been granted three months leave of absence on account of failing health, and will presently leave for American coast cities.

THE British yacht "Britannia" beat the American yacht "Vigilant" for the seventh time in succession on Monday last, and on the same day Oxford's athletes took all the prizes away from the Yale representatives on the amateur athletic field. Add these trials to their home troubles, and there is no wonder the average American is not cheerful.

Mercantile Summary.

THE saw-mill of Mr. McLaren, at Cobden, near Pembroke, is to be run by electricity, generated over a mile distant at a water-power made by damming up a small stream so as to give a good head of water. The dam is made of solid masonry, twenty-five feet high.

THE *New York Shipping and Commercial List* has long been a welcome visitor to this office. It is the oldest trade paper in America, having been established almost a century ago. The editorials of this journal are generally short and always interesting. The paper appears in a new and improved make-up, which, as the publishers put it, is "but the first step in the progressive plan mapped out for the future of the paper."

THE *Summerside, P. E. Island, Journal*, in its list of personals tells of a dozen or two of people from all over who are holidaying at that attractive place on the island, Boston people, Montreal people, Halifax people, bankers, merchants, commercial travellers. And it tells of one of these, a Massachusetts man from Brookline, thus: "Mr. Lombard says it is a great pleasure to come here, where one gets away from the ceaseless cry of 'hard times' that is heard in all parts of the United States, and away from a country where everybody is feeling 'blue.'"
