They Help

Each other. Grocers and general storekeepers will find a profitable adjunct to their business in a line of our celebrated **Cigars.** Once get a customer into the way of dropping in for a good cigar and you'll be surprised at the result. He comes in to buy only groceries, and one of our fragrant La Cadenas may catch his eye. He comes in for one of those satisfactory La Floras to smoke on his way to the office, and some new arrivals in groceries tempt him into a purchase. See how it works? Profit both ways. He may make a selection from other and less expensive brands, such as

- El Padre**
- Varsity**
- Mungo**
- Cable Extra**

All of which sell well.

The Bell Telephone Company of Canada

Head Office, . . . MONTREAL.
H. C. BAKER, Mgr. Ontario Dept., Hamilton.

THIS Company will sell its instruments at prices ranging from \$7 to \$25 per set. Its "Standard Bell Telephone Set," (protected by registered Trade Mark) designed especially for maintaining a perfect service and used by the Company in connection with its Exchanges, is superior in design and workmanship to any telephone set yet offered for sale. This Company will arrange to connect places not having telegraphic facilities with the nearest telegraph office, or it will build private lines for firms or individuals, connecting their places of business or residences. It is also prepared to manufacture all kinds of Electrical apparatus.
For particulars apply at the Company's Offices as above.

C. F. SISE, President.
GEO. W. MOSS, Vice-President.
C. P. SCLATER, Secretary-Treas.

MONTREAL & VANCOUVER, B.C.

Mercantile Summary.

THE land to be used for the Michigan Central Railway extension in Amherstburg has been purchased.

THE total value of the imports into Great Britain during the year 1894 was £408,505,718, and of the exports £216,194,239. This shows an increase in the value of imports of £3,817,540 and a decrease in value of exports of £1,900,626, as compared with those of 1893.

THE quarterly return by the United States consul of exports from the consular district of Victoria to the United States during the quarter ending December 31, is as follows: Gold bullion, \$109,351.99; furs, hides and skins, \$25,828.70; liquors, \$4,096.33; wool, \$9,520; fish, fresh, \$574.64; rice, \$1,594.80; opium, \$392.70; Indian curios, \$352.50; bananas, \$117; oat bran, \$89.10; stone, \$236.96; miscellaneous, \$45.85, making a sum total of \$152,200.57.

IN Montreal, on Saturday evening last, Mr. A. L. de Martigny, manager and cashier of the Jacques Cartier bank, was pleasantly surprised when the members of the bank staff presented him with a beautiful and costly onyx vase. The occasion of the presentation was the departure of Mr. de Martigny on a business trip to Europe. An engrossed address was made by Mr. Bienvenu, the assistant manager, to which Mr. de Martigny made a suitable response.

A DESCRIPTION is given of a craft now at work on the Thames, the steel screw tug "Cleveland," said to be one of the most powerful craft on the river. We give some of her dimensions so that our readers may compare her capacity with those of St. Lawrence river tugs or those which do towing between Lakes Erie and Huron. Built of steel throughout, she is 92 ft. over all; 17 ft. 9 in. beam; 10 ft. 5 in. molded depth; 500 horse power; classed 100 A1 at Lloyd's, and fitted with all modern appliances.

THOSE who have seen a steamboat 400 feet in length may not be prepared for the advent of boats of that size on the great lakes. But a contract has been placed with the Chicago Ship Building Company for a boat 400 feet long by the Interlake Company. The dimensions of the new steamer are:—Length over all, 400 feet; on keel, 380 feet; beam, 48 feet; molded depth, 28 feet. The ship will have a water bottom 5½ feet in depth, and carry about 4,200 tons on a 14½ foot draft. The estimated cost of the new boat is given at \$225,000, and she is expected to be ready for launching on July 1st, 1895.
