

- chemical weapons intended to be destroyed
- method of destruction
- capacity
- expected period of operation
- [products of the destruction process]

[2. General Plans for diversion of chemical weapons (to be elaborated)]

B. Detailed Plans for Elimination of chemical weapons

1. Detailed Plans for Destruction of Chemicals Weapons

These plans shall be submitted to the Consultative Committee in accordance with Article ... and shall specify:

(a) the number of chemical weapons destruction facilities and a detailed schedule for the destruction of chemical weapons at each of these facilities;

(b) the aggregate quantity of each individual type of chemical weapons plans to be destroyed at each facility;

(c) data about each facility:

- name, postal address, geographical location;
- method of destruction;
- end-products;
- layout plan of the facility;
- technological scheme;
- operation manuals;
- method of storage and volume of the Facility's storage, estimated by types and quantities of chemical weapons;
- types and quantities of chemical weapons kept at the storage during each elimination period;
- the system of verification;
- safety measures in force at the facility;
- living and working conditions for the international inspectors.
