2. IV. MACHINERY FOR IMPLEMENTATION

ARTICLE 8

The Contracting States shall undertake to work for the attainment of the objectives defined in Article 2 and shall make their best efforts to ensure that the undertakings set forth in Articles 3, 4, 5 and 6 above are put into effect by means of:

- (a) national bodies;
- (b) the Regional Committee defined in Article 10;
- (c) bilateral or subregional bodies.

ARTICLE 9

1. The Contracting States recognize that the attainment of the goals and the execution of the undertakings defined in this Convention will require, at the national level, close co-operation and co-ordination of the efforts of a great variety of national authorities, whether governmental or non-governmental, particularly universities, validating bodies and other educational institutions. They therefore agree to entrust the study of the problems involved in the application of this Convention to appropriate national bodies, with which all the sectors concerned will be associated and which will be empowered to propose appropriate solutions. The Contracting States will furthermore take all feasible measures required to speed up the effective functioning of these national bodies.

2. The Contracting States shall co-operate with the competent authorities of another Contracting State especially by enabling them to collect all information of use to them in their activities relating to studies, diplomas and degrees in higher education.

3. Every national body shall have at its disposal the necessary means to enable it either to collect, process and file all information of use to it in its activities relating to studies, diplomas and degrees in higher education, or to obtain the information it requires in this connection at short notice from a separate national documentation centre.
