

Country	Project Title	Project Description	Applicant/Recipient
Middle East	Arms Control & Disarmament	Track II project that brings together influential people from the Middle East and elsewhere to discuss arms control and security issues. A planned visit by participants to Brazil to observe the Brazilian/Argentine nuclear arms control agreement is planned.	University of Toronto
Palestine / Israel	Wi'am Conflict Resolution Initiative	This initiative provides for actual conflict resolution in communities of the West Bank and Gaza, for public education on conflict resolution and for the advancement of women and youth in peaceful conflict resolution. Mediation exercises to solve community conflicts are being conducted, in addition to capacity-building of key groups (women and youth) in conflict resolution techniques.	Mennonite Central Committee
Middle East	People's Peace Process	Series of workshops between Israeli and Palestinian civil society groups to define a "people's peace agenda."	Alternatives
Middle East	Peace Informatech	Joint training for Palestinian and Israeli students in software engineering with a view to fostering greater collaboration between the two groups with the support of the private sector.	Peres Center for Peace
