

Thank you, Mr Chairman.

Spain, on behalf of the European Union, would like to contribute to item 3(d) of the agenda - Requests for inputs to subsequent sessions of the AGBM - with a response, in tabular form which is being distributed now.

This table classifies the inputs to the AGBM negotiating process according to:

- policies/measures
- objectives/time horizons
- advance of the implementation of existing commitments as established in Article 4.1

and to the bodies to consider those inputs.

The table also provides proposed deadlines for the presentation of these inputs to the AGBM sessions.
