Dear: —

Subject: Transportation Loan, Account No. —  
Amount owing: \$ —

I am writing in connection with the loan that the Government of Canada was pleased to advance to you to assist you to immigrate to this country.

Now that you have begun the task of settling into your new life in Canada, we would ask your co-operation in assessing your financial situation so as to arrive at a mutually agreeable repayment schedule for your loan. We would ask you to bear in mind that all repayments which you make will greatly aid Canada's efforts to bring others by replenishing the transportation loan fund.

If you are unable to make regular payments at this time or if your financial situation is such that you would prefer to postpone beginning to repay your loan for some time, you should either write to us or take this letter to the Canada Immigration Centre nearest your home. Immigration officials will then discuss the situation with you.

However, should your financial position allow it, Immigration regulations stipulate that the loan be repaid within a period of — months upon arrival in Canada. To retire your loan within this period therefore would require a monthly payment of \$—. The total amount outstanding is \$—.

If the above schedule of repayments is realistic, all cheques or money orders should be made payable to the "Receiver General for Canada" and identified with your transportation account No—. A self-addressed envelope, which requires no postage is enclosed for your convenience. We would also appreciate your keeping this office informed of any change in your address.

Your co-operation in this matter is greatly appreciated.

Yours sincerely,  
for Chief,  
Revenue Accounting.
