## LAST YEAR'S OVERCOAT

is nothing but a reefer compared with the long "full back" this season. There are many men who spend double what they can afford to for clothes. If so-and-so's name is't on the back of their necks, inside their coat collars, they don't think life's worth living. That's all rot. We'll put you in style for \$15.00 as satisfactory as though you paid your tailor \$25.00. We hit the mark every time with those LONG FULL-BACK OVERCOATS; cheaper ones, \$10.00; but our \$15 is a point to survey from.
