

have been added where it was thought they would prove of assistance and add further information.

In conclusion, this Bulletin may be, as Mr. Nichol Thompson suggests in his address, merely a compilation of varied opinions, none of which are of much use to anyone wishing to invest in the iron and steel business in our Province, yet the information it does contain may be found of sufficient importance to make it worth while to learn more, for, to quote from the report of the Dominions Royal Commission, "The opinion is strongly held in many quarters that the time has come for the establishment of an iron and steel industry, and this is a most natural and praiseworthy desire, which we all hope to see fulfilled."
