

HAMILTON HAPPENINGS

CHARGED BY WIFE WITH ATTEMPT TO KILL HER

Had Loaded Revolver in His Possession When Arrested by Detective

HAMILTON, Oct. 17.—(Special.)—Acting Detective Barrett to-night arrested Peter Vekony, who was charged by his wife with attempting to kill her. When arrested he had a loaded revolver in his possession.

Constables Gravelle and Buckingham took Edward Near into custody to-night for firing off a revolver on the street. Near, who had a revolver in his pocket when examined by the officers, said that a man and woman fired at him, and that he fired back. A branch Sunday School Association was formed here at a meeting of Anglican ministers and Sunday school teachers in Christ Church Cathedral Sunday school room last evening.

The 64th annual meeting of the Hamilton Orphan and Aged Woman's Home was held this afternoon. The report submitted indicated that the institution had enjoyed one of the best years in its history. The receipts amounted to \$2,620, and a balance of \$153 remained after all expenses had been paid.

The police commissioners met this afternoon and decided to pay Deputy Chief Whitley \$1,500 a year, to date from Oct. 15.

Cornelius Keough died to-night at his home, 279 West Hunter-street.

Railway News.

President William Mackenzie and Third Vice-President D. B. Hanna of the C.N.R. left yesterday for the west. It is thought that their trip may be in connection with the Hudson Bay Railway. There are several old charters in existence for such a railway, which have never been carried out, and it is possible that the C.N.R. may decide to buy up one or more of these charters.

All idea of a new thru passenger train from Hamilton to Montreal via North Toronto must now be postponed indefinitely. The P.R. cut-off from Mimico to Lexington, which is the missing link needed, will not be ready for operation for at least three months, owing to the Grand Trunk not having provided the necessary interlocking arrangements at Mimico.

To Construct a Will. The will of the late Hon. John Sandfield Macdonald of Cornwall, which was construed at Osgoode Hall next Monday. The will begins: "I commit my soul to the hands of my Creator, by whom I believe, and as to His estate I will dispose of the same."

Under the will, the widow received an annuity of \$2,000. What the trustees want to know is: What portion of the estate is to be shared in the distribution of the capital now in her hands? Two daughters, Mrs. Adele Pemberton and Mrs. Louie Appleby, are applying for the construction.

Boy Burglars Arrested. Three 12-year-old boys were arrested yesterday charged with having burglarized two stores in the neighborhood of Bathurst and Dupont-streets. They are Chas. Armstrong, 61 Barton-ave., Walter Winslow, Euclid-ave., and Frank Younger, 490 Bloor-st. Detectives McKinnay and Wilson made the arrests and recovered the loot, which included cigars, old coins, candies and gum, handkerchiefs, cuff links and collar buttons, etc.

Feast of Tabernacles. The Jewish Feast of the Tabernacles commenced last evening and continues for eight days. The occasion is in commemoration of the gathering of the harvest, and is one of great joy.

Called to Woodstock. WOODSTOCK, Ont., Oct. 17.—(Special.)—The congregation of the First Baptist Church to-day forwarded a call to Rev. M. Warner Walker, to become their pastor. He will accept the call, and will come to Woodstock in a few weeks. The salary is \$1,500.

Bishop Fallon Coming. Right Rev. Bishop Fallon of London will preach in Toronto at 3 o'clock next Sunday afternoon, when the cornerstone of the new Roman Catholic Seminary on the Kingston-road will be laid by him.

Treasurer Being Investigated. LINDSAY, Oct. 17.—Pending an investigation of his accounts by a special auditor, Fred Knowlson, town clerk and treasurer, has, on the advice of J. H. Hopkins, K.C., tendered his resignation.

TREAT THE MINORITY FAIRLY, SAYS HERALD

Montreal Liberal Organ Takes Exception to Appointments to the Senate.

MONTREAL, Oct. 17.—(Special.)—The Herald says: "Mr. Lavergne has been appointed to succeed Sir George Drummond, and Mr. Dussault has been appointed to succeed Sir William Hincks (the senate), and by these acts the Quebec minority, indeed all branches of that minority, has been subjected to a reduction of their representation and of their influence. In both cases the minorities concerned have seen fit not to carry their natural resentment to the point of open hostility. Only a false friend of the government or of the majority in Quebec would ask to have this accepted as evidence that no resentment is felt. And if there were none the situation would be still worse, for it would only mean that the populations concerned accepted their exclusion as natural, inevitable and likely to be progressive."

FREDERICKHOUSE TOWNSITE

Already There is a Hum of Activity There.

John Ferguson, North Bay, was at the King Edward yesterday, en route to Ottawa. He is vice-president of the Federation of Canadian Boards of Trade and Municipalities, of which council meeting is to be held to-day. "We wish to ascertain the attitude of the government regarding the construction of the Georgian Bay Canal," Mr. Ferguson told the World.

Another important bit of business occupied Mr. Ferguson in the city yesterday, by which the title of the new townsite on the Frederickhouse River there is passed by the National Transcontinental was completed. The late Col. J. L. Davidson was interested in this townsite, and the interests of the Davidson & Hay estate in it have been taken over by J. K. Wallace, Montreal, Dupont, McLean, and Mr. Ferguson, who expect to develop the property forthwith.

"A postoffice has been established, and a saw mill and saw and door factory is being erected," added Mr. Ferguson. "The railway people are just now considering on which side of the road the station will be built. The new government wagon road from Cochrane is being proceeded with, and settlers are flocking into the country."

"It is hoped that no further barriers will be placed by the government in the way of settlement," added Mr. Ferguson. "Frederickhouse, as the town is likely to be known, is eight miles west of Cochrane, and there may be some rivalry between the places."

The future of the country is dependent upon agricultural development, and with the rich resources of the district, eight miles is not considered too close. The site is in the heart of this day bet.

The Premillennialists. The much misunderstood principles of premillennialist eschatology were carefully explained and defended last night by Rev. John McNeil, before an audience which quite filled the assembly rooms of the Bible Training School. The speaker divided his discourse into three parts—the essential teaching of premillennialists, the arguments upon which this teaching rests, and its importance. In regard to the first, it was said that the only difference between pre and post-millennialists (opponents of premillennialism) is that the first expect a prolonged period of universal peace and gospel acceptance after the second advent, while the others expect this period to come before the advent.

a stumbling block to their ambition to be the world's champions of 1910. While I have mentioned these in particular, the steady and effective playings of Captain Harry Davis at first must not be overlooked. Eddie Collins is the real magnetic centre of the Athletics' team, as he is continually spurring them on. An added to give up a good position to take up the work of gathering in money for the blind pool which ran dry. "Every suspicion I had Sheldon explained away so frankly and so clearly that I felt like getting down on my knees to apologize for having doubted him."

"Sheldon showed us that he was playing a game of checkers with himself, and whether black or white went out, the pool would be the winner."

"When a client asked Sheldon if he was going to run off with our money, he said: 'Is it reasonable to suppose that a man of my ability and tastes could put himself outside the pale of the law, as I have done in the past, when by handling other people's money I can receive a magnificent income and be absolutely free from punishment, even if the miracle happens to me?'"

"He told us that his business carried no greater risks than any mercantile proposition."

"I saw Sheldon angry only twice. One of these occasions was when a Montreal man said he did not wish to be seen around Sheldon's office."

"Why," said Sheldon, "I could crush him utterly. But I never did a dirty deed yet, and it's too late to start now. You will have to show me before I will believe that Mrs. Sheldon, the quiet-voiced, ladylike and gentle little woman, who entertained me at her husband's home, was a partner in any game to defraud."

DISTINGUISHED MOUNTAINEER

Dr. Langstaff Addresses the Canadian Club—Praises the Rockies.

Dr. T. G. Longstaff, F.R.G.S., was the speaker at the Canadian Club yesterday. Prof. Coleman described him as the most distinguished mountaineer in the world, and one of the world's heroes who had done great work in his own department. Dr. Longstaff did not look as tough as the most distinguished mountaineer in the world, and he was a tremendous strain and tests of endurance involved in conquering Alps and Caucasus and Carpathians and Himalayas. Before the civil war she and her husband worked for emancipation. After seeing her efforts crowned with success she became interested in woman's suffrage, prison reform and the cause of the blind.

He is sarcastic and ironical by turns and made a chatty speech, which caused a good deal of amusement.

Mountain climbing had several attractions he declared. It is the most strenuous form of sport, it involved no sacrifice of life, and no man could travel in the mountains without improving himself. He has to put up with all sorts of discomforts, and he is often very fatigued. "At least I am," he remarked, "and you must refrain from showing it to your comrades."

From the point of view of the sportsman, the Alps were the best mountains in the world to visit, as it was easier to get about and twelve or fifteen feet more the climb in a month. In the Rockies this was impossible. The Caucasus was outside practical politics, but was very good, better than the Alps, but so attractive as the Himalayas, more the distance and a drawback. "The man who climbs one big peak in six months does jolly well," was his decision.

Dr. Longstaff, who is a life member of the club, spent the winter of 1909-10 at the club camp at Conception Lake in July, going then from Banff to Mount Assiniboia, and to Bow Pass, which he spoke of in the highest terms of praise. He has never enough to say that there was no other mountain country in the world which formed such a fine playground for humanity.

ITALIAN UNDER ARREST

Alleged He Whipped His Child So Severely That It Died.

HAGERVILLE, Oct. 17.—Sam Ponzosa, an Italian quarryman of this place, was placed under arrest here yesterday, and removed to the county jail at Cayuga, pending an investigation into the death of his eight-month-old child early on Saturday morning.

It is alleged that during Friday night the baby disturbed Ponzosa's sleep by its crying and it is said he whipped it so severely that death resulted shortly after.

Prosecutor Dr. McDonald has empanelled a jury which is to try the man on the body of the child, then postponing the inquest until Wednesday.

A PARTY APPOINTMENT

Hon. Frank Oliver Was Contrary to Wishes of Alberta Liberals.

OTTAWA, Oct. 17.—(Special.)—Strong protests have been made to the government regarding the appointment of W. C. Simmons of Lethbridge to the supreme court bench of Alberta. It is understood that the Conservatives and Liberals of Alberta had agreed, owing to the death of capable men, to recommend the appointment of a certain Conservative. However, it is understood that Hon. Frank Oliver has determined to make a party appointment, in spite of the recommendation of the Liberal lawyers of the province. His action is being much criticized.

FRONTENAC CONSERVATIVES

Elect Officers and Pledge Loyalty to Mr. Borden and Sir James Whitney.

KINGSTON, Oct. 17.—(Special.)—The Liberal-Conservative Association at their annual meeting elected the following officers: President, W. R. Milne; first vice-president, Thos. Scally, Portsmouth; third vice-president, R. D. Sutherland; fourth vice-president, Dr. R. Gardiner; point secretary, A. Angrove; and Dr. Ross; treasurer, Lieut.-Col. Hunter.

GATHERING MONEY FOR BLIND POOL THAT WOULD

How Sheldon Explained Away Suspicions of His Ontario Manager.

MONTREAL, Oct. 17.—(Special.)—H. G. Dodge, Ontario manager for Sheldon, tells the story of how he was induced to give up a good position to take up the work of gathering in money for the blind pool which ran dry. "Every suspicion I had Sheldon explained away so frankly and so clearly that I felt like getting down on my knees to apologize for having doubted him."

"Sheldon showed us that he was playing a game of checkers with himself, and whether black or white went out, the pool would be the winner."

"When a client asked Sheldon if he was going to run off with our money, he said: 'Is it reasonable to suppose that a man of my ability and tastes could put himself outside the pale of the law, as I have done in the past, when by handling other people's money I can receive a magnificent income and be absolutely free from punishment, even if the miracle happens to me?'"

JULIA WARD HOWE DEAD

Notable Woman, Who Wrote "Battle Hymn of the Republic."

NEWPORT, R. I., Oct. 17.—Mrs. Julia Ward Howe, authoress of "The Battle Hymn of the Republic," died to-day from pneumonia, aged 91. Mrs. Howe's name will live as that of one of the most generous and brilliant women the world has ever known. Before the civil war she and her husband worked for emancipation. After seeing her efforts crowned with success she became interested in woman's suffrage, prison reform and the cause of the blind.

He is sarcastic and ironical by turns and made a chatty speech, which caused a good deal of amusement.

MONTREAL, Oct. 17.—(Special.)—Ex-President Roy of the defunct St. John's Bank left the penitentiary to-day, after serving two years. His health is completely broken down.

BURGULARS GOT \$1500

Chesterville Drover Woke Up Too Late and Money Was Gone.

MORRISBURG, Oct. 17.—Vance Robinson, a successful drover of Chesterville, was robbed of \$1,500 on Sunday night. Robinson is in the habit of buying hogs at Morrisburg, and in order to get an early start Monday morning, drove a place from the bank on Saturday and placed the money between the mattress and his bed. During Sunday night he was disturbed by a noise, but woke up too late, his money was missing and the robbers had escaped. The drover was well prepared to defend himself, as a large piece of tubing was left behind, evidently to be used should Robinson wake up during the search for the money.

AVOID THE WORKSHOP

Young Men Should Be Encouraged to Learn Trades, Says Commission.

LONDON, Ont., Oct. 17.—(Special.)—The royal commission on technical education held sessions here to-day, in addition to visiting local factories, and heard evidence from employers, superintendents and employees.

On all hands it was pointed out that more should be done to encourage young men to learn trades. As it is of avoiding the workshop. The establishment of a technical school in this city was mentioned by several of the witnesses, and the fine building erected by the Ontario Government, as a hygienic institute, but never used, was mentioned as a suitable place.

ENGINEER RUST IS TIRED OF BEING THE FOOTBALL

Will Be the First and Only Witness at To-Day's Enquiry Into the Works Department

"I have always been made a football of in municipal politics, and I think it's about time it was ended." This was the statement made last night by City Engineer Charles H. Rust in the administration of whose department enquiry by the county judge is to begin this morning. Mr. Rust made it quite clear that he has grown weary of being subjected to anything, from charges of petty mistakes to accusations of absolute incapacity, with which aldermen or aspirants for seats regulate heavers at council sessions and nomination meetings. "I don't know of anything to investigate," added the engineer, "and rather proud of the department and the way it is run."

Asked whether he had further considered the offer to become city engineer, Mr. Rust said he was waiting for the investigation to be finished before he took any action.

Mr. Rust has held the office of city engineer since 1898, having been promoted after many years' service in the department, succeeding E. H. Keating. Corporation Counsel Drayton says that when proceedings open at 10 a.m. he will put Mr. Rust in the box and have him describe in detail the system of the department. He will be the only witness to-day, and there will afterwards be an examination for a short time. The invitation to the public to come forward with any complaints they have to make against the department has not been taken advantage of to any great extent. The complaints thus far are few and of a minor character.

Judge Winchester has finished his examination into the accounts of the department, and has found no fault to call for further probing. The report on this enquiry will not be ready for some days at least.

OSTEOPATHS NOT QUALIFIED

To Sign a Medical Certificate for School Purposes.

A communication was read before the finance committee of the board of education yesterday afternoon from Frank E. Hodgins, K.C., solicitor to the board in connection with the question as to whether an osteopathist is legally qualified to sign a medical certificate. Mr. Hodgins writes: "The Interpretation Act says that the words 'duly qualified medical practitioner or member of the medical profession' shall mean a person registered under the Ontario Medical Act."

Mr. Hodgins also states that in conversation with the secretary of the Ontario Medical Council, the latter stated that there are no osteopaths registered under the act.

The following tenders for the new Oakwood High School were reported in Washington in 1892, after seeing the camp fires of the Union-army. Nervous Prostration For Three Years

"Dr. Miles' Restorative Nerve-cure cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years."

WM. J. LOUGHRAN, 1214 Catherine St., Philadelphia, Penna.

Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nerve-cure soothes the irritated nerve, and assists the nerve cells to generate nerve force. Price \$1.00 at your druggist. He should supply you, if he does not, send price to Dr. Miles Medical Co., Toronto.

A MUNIFICENT GIFT

John D. Rockefeller Gives \$32,000 for Medical Research.

NEW YORK, Oct. 17.—John D. Rockefeller this afternoon celebrated the opening of the new hospital attached to the Rockefeller Institute for medical research in the city with an additional gift of \$32,000. This benefaction increases the income bearing endowment of the institution to \$8,240,000.

The occasion was further signalized by placing the institution's property absolutely in the hands of the trustees, establishing it, in the future, as an independent foundation. Its initial board of trustees consists of John D. Rockefeller, Jr.; Frederick T. Gates, Wm. H. Welch, Starr J. Murphy, and Dr. Simon Flexner.
