

YORK. PROPOSED TOWN WILL REDUCE TAXES

Powers Over Sewage and Water Should Benefit Householders.

York Township Council discussed at a recent session the advisability of incorporating a part of the territory into a town. The council felt that the revenue could be expended to great advantage, and equalization of assessment made more equitable, if this were done. Instructions were issued to the solicitor to prepare a draft of the act necessary and to take care of the legal details. No boundaries were decided upon at the last meeting of council, but The World is advised that the following decision was later made:

Starting from the Lake Shore road at the Humber, the boundary follows the Humber to the south limits of Weston, then south along the C.P.R. tracks to Lot 2, in the fourth concession, and skirting the north line of that lot to the city limits. It continues south to the boundary line of North Toronto limit, and back to starting point.

On the East.
On the east, the new town will include all land north of the city limits to 400 feet north of Eglinton avenue, to Scarborough Township line.

The new town takes in (1) all of York Township west of the city, lying south of the town of Weston, west of the C.P.R., and south of a line half a mile north of Eglinton avenue; and (2) all that part of York east of the city lying south of a line 200 feet north of Eglinton avenue. The town of Leaside is, of course, no part of the township, and is thereby excluded.

If the new town "goes" in this way, it will really be two towns, not one, as the two portions do not touch, but are nearly two miles apart at their nearest approach in North Toronto. This is like putting two outposts wings on the city.

Some of the Farms Taken In.
Starting at the Scarborough line, the proposed "east wing" of the new town takes in all the Harris farm (several acres), the Toronto Housing property (200 acres), 200 feet of the Frank Wilson farm for a mile, the Sifton farm, all the Meagher farms (300 acres), the Davies farm (600 acres), including Thorncliffe (250 acres of market gardens), and part of the Massy farm. It will also take in the David Smith farm (100 acres), besides the Davis gardens (110 acres), Mrs. Davis' home at Chester Park, etc., and, of course, all of Todmorden.

There are practically no farms or big estates in the west portion of the proposed town, but there may be some opposition from the farmers in the "east wing."

York Township is at present paying 42 per cent. of the total county tax, a condition which places a considerable burden on the shoulders of householders in the suburban part of the township. The new town is proposed as a remedy to get the additional powers that township organization does not give municipalities to deal with sewers, water, building by-laws, etc.

HUMBER BAY

WIGWAM RESTAURANT BURNED.

The Wigwam, an ice cream emporium and restaurant on the west bank of the Humber River, was completely destroyed on Thursday evening by fire of unknown origin. Mrs. Goulding, 29 Triller avenue, is the owner, and the day before the fire she made an inspection and found that the place had been broken into. She instructed the caretaker to nail it up, which he did. A number of girls skating on the rink noticed the flames and reported the matter yesterday morning. It was found to be completely burned out. The building was covered by insurance.

AURORA

DIRECTORS LOSE SUIT.

A lawsuit was held in Toronto yesterday in connection with the Collis Leather Co. of Aurora. A. Bonniwell acquired the majority of the stock in the company, at \$150 per share, and to offset this the directors issued a number of shares to themselves at par.

The case was heard before Judge Rose, and judgment given for the plaintiff, the costs to be paid by defendants, Col. T. H. Lennox, Sydney Collins and Dr. W. J. Stevenson.

A great deal of interest is being taken locally in the case, and the shareholders will hold a meeting at Aurora on Monday. It is believed that the lawsuit is the reason for this meeting.

DOWNSVIEW

Pte. Louis Rosebery, C.E.F., will shortly arrive at his home in Downsview, having just returned to Canada from overseas. He was three years in France and was twice wounded in action.

Downsview Farmers' Club will hold its regular monthly meeting in the Methodist schoolroom next week. James Hyslop, president, will be in the chair.

SCORE'S INTRODUCE A NEW ERA IN COITING.

Of late there has been a wide and growing demand for a really reliable ready-to-wear coat, a demand which the ordinary ready-made or factory-made garment has entirely failed to satisfy. Recognizing and appreciating this demand Score's, the old established, high class tailoring house, employed all the talent of their expert cutters in evolving a coat that would solve the problem. The result is their wonderful "Balachava" overcoat. The popularity of this coat—now worn from coast to coast—is growing daily. It bears all the distinctive features for which Score's clothes have been noted since 1827. It is produced in their own shops, by expert craftsmen, and is individually cut.

The "Balachava" is the high-water mark of quality, the most rigid and exacting of standards in its making. The cloth is the highest product of the best British mills, and every coat is lined with the finest Duchesse satin. There is a wide range of colors, patterns and weights to choose from, and a comprehensive scale of prices. The "Balachava" gives that pleasing "well-dressed" feeling.

PAPE AVENUE CAR

LINE IS IMPERATIVE

Regarding the completion of Pape street car line, Alderman Honorary, who is taking an active interest in hastening the commencement of operations, informed The World yesterday that, although the Board of Control had not yet decided upon the line, it was imperative that a measure of relief to the people of the east end, the population is still growing in the sections east of the River Don, and it is imperative to complete the Pape street line as quickly as possible for the immense mass of people in the section northeast to northwest of Pape avenue, whom the line would directly benefit.

"Altho Works Commissioner Harris has submitted specifications for rails to the Board of Control, speedier action is imperative," said the alderman, who added that if the steel is not forthcoming in, say three months from the present date, a big deputation of ratepayers will wait upon the Ontario Railway Board to bring matters to a head. The rails could be delivered within the next six weeks, in my opinion if all parties were willing," said the alderman.

Under the auspices of First Avenue Baptist Church Sunday School a banquet and entertainment was held last night in the school room. Upwards of 100 guests were present. EARLSCOURT

The question of forming a branch association of the Earls Court great war association at Earls Court is now under consideration by this branch, and will be taken up at this next meeting. Earls Court is growing, in common with other parts of the northwest section, and a large number of soldiers enlisted from this district. Many have now returned, but whether there are sufficient to form another branch is a matter that will have to be thrashed out. Silverthorn returned from overseas and has been appointed, and officers have been appointed.

There is also a Ladies' Auxiliary attached. These are about 500 men who enlisted from the Silverthorn district.

The Muskoka Corridor and Lumber Co., whose affairs are under investigation by the chairman chosen by the depositors, Alex. J. Macdonald, reported that some 600 cords of wood have so far been delivered to the creditors, who are entitled to purchase cords of wood at the original price agreed, the balance being paid on delivery. It is expected that all the depositors will get their wood sooner or later. Several hundred customers reside in the Earls Court and Fairbank district.

There is no truth in the recent statement that the Bank of Hamilton is to build a branch bank at the corner of Peterborough and Dufferin. The rumor gained credence from the fact that the Canadian Bank of Commerce, in addition to their branch bank at the corner of Dufferin and St. Clair, have purchased a site at the corner of Lansdowne and St. Clair, and a sign is already up at this bank will erect a branch bank here.

"Do you want your children taken from Earls Court School and sent to outside schools?" is to be the subject of debate next Monday evening at the Earls Court Public School, North Dufferin street. The meeting is called by the British Imperial Association. It is the contention that

NORTH TORONTO
MRS. ROBERT PAGE DIES.
Thruout the northern part of the city, especially in the Lawrence Park district, where she was well known and greatly beloved, the news yesterday of the death of Margaret H. Phillips, wife of J. Robert Page, at No. 1 Weybourne crescent, came as a great shock. The death of Mrs. Page took place at Private Pavilion after a brief illness. She leaves, besides her husband, an infant child and her mother, a daughter of the late Rev. J. M. Phillips, and herself a graduate of Victoria College. Mrs. Page had always taken a deep interest in all matters relating to church work, and was for some time a member of the choir of the Timothy Eaton Memorial Church, and from the very outbreak of the war took an active interest in the Red Cross and herself gave unreservedly to the many activities in connection with the Timothy Eaton Memorial Church. She was an only daughter, and her mother is in charge of the literature department of the Women's Missionary Society with headquarters at the Wesley Building, on West Queen street. The funeral arrangements are not yet fully completed.
