ment with the Niagara Power Company for an all-night service on a moonlight schedule at \$282. The present rate is \$21 per lamp midnight service. The new agreement would bring the cost per lamp to \$25.

The contract with the local company expired several weeks ago, and at the last council meeting a letter was read from the company to the effect that the new contract must be drawn up immediately. The letter was interpreted to mean a renewal contract or discontinuance of the service.

Mr. Northrup read an affidavit from Mr. Van Veever of Toronto stating that the William Davies' company would furnish Penmican at 35 cents per pound for which 1.25 per peound was paid by the government. As eight thousand pounds of permican were purchased for the Arctic, the loss upon this item was \$72.00. The committee has refused to hear this witness altho he was brought to Ottawa.

TENSE MOMENJ.

Ottawa, June 28.—(Special)—There was a tense moment in the house about midnight when Mr. Brodeur taunted R. L. Borden with cowardice in attacking the dead.

"The hon. gentleman," said Mr. Brodeur, "sat here for years while Raymond Prefontaine was alive and he dared not attack him. He waited for his death so he could not defend himself and then

"That is a deliberate falsehood," interrupted Mr. Borden, Mr. Brodeur at once sat down and Mr. Fielding, who was leadingj the house, appealed to Mr. Borden not to set a bad example After a brief colloquy between Mr. Speaker and Messrs Fielding and R. The utmost secrecy was observed by the authorities connected with the civic investi-gation when World reporters deavoring to verify a rumor that the scope of the investigation was to be enlarged. The ground taken for refusal to discuss the matter was that it would block the ends of justice by warning the parties most concerned. The World on Monday morning told ex-clusively just what was going to take place and on that day Architect Siddall, who had been seen by The World the night before and denied any knowledge of the situation, went to the investigator, Judge Winchester, and made a clean breast of his share of the whole business, thus greatly facilitating the work of investiga-

Ont., to Syracuse, began to-day sending power beyond Lockport. A jump of part of the distance between Lockport and Syracuse was made to-day; another section will be hitched on to-morrow, and on Saturday power will be delivered in Syracuse. Ten thousand horsepower will be delivered in Syracuse, where

it will be supplied to the street railway system. The power supplied by the Niagara, Lockport & Ontario Power Co. is produced by the Ontario Power Company on the Canadian side of the Falls. Syracuse is 150 miles from the source of the power. The transmission of power that distance breaks all previous records from the Falls locality.
