This Binder is designed to fasten packages and parcels, large or small, without the use of twine. It is also adapted as a new method of labelling bottles, cans, packages, etc. The Goff Binder may be regarded as one of the small and staple agencies which revolutionize the methods of doing up packages.

It consists of a patented machine containing a roll of one thousand feet of paper varying in width. This is toughened by a secret process and coated on the under side with glue made by a formula the property of the company. This glue holds tenaciously, dries quickly and is not affected by damp or heat. As the paper is unwound an automatic printing device stamps every two or three inches with any advertisement which may be adopted. At the same instant the glue is moistened and the tape cut. The whole operation can be done in an instant. The essential points of value are: A package is securely fastened in less than one-half the time and at less than one-half the cost of twine. The cost of material for sealing and printing twenty-four thousand packages by this method will not exceed six dollars.

Every package becomes a sealed package, strongly fastened and secure from pilfering or curiosity without breaking the seal.

The Company do not intend to sell machines. They grant the free use of them on conditions of purchasing all necessary supplies, inks, printing rolls and tapes fro m the Company. The sale of these supplies will give the Company ENORMOUS PROFITS and also save the purchaser at least FIFTY PER CENT. of his present expense both in time and money.

These machines have been tested by large departmental stores as well as by small shopkeepers. All to whom they have been shown declare their intention to p ut them in use the moment the Company can supply them.

The Company have a new Binder Twine which they expect to place upon the market. It is made by a secret process and is of great strength and will undoubtedly take the place of the twine now used by farmers in harvesting binding machines at much less cost. This twine can be used for all ordinary purposes twine is required for.

The Company intend to manufacture printing inks, gums, papers, twine, advertising rolls of rubber and metal, labels for express parcels, bottles, cans, boxes, an d for all purposes that labels are required for. Also water-proof paper for coverings, paper pails for carriage by hand of liquid products. These pails will be air-tight and waterproof. Also air-tight, waterproof packages for parcelling fruit, fish, meat and other quickly tainting foods. Waterproof and vermin-proof papers for the wrapping of goods liable to attack by dampness, moths or mice. Also the manufacture of many new and valuable improvements in the method of handling goods, not one of which has ever been placed upon the market, and at no extra cost to the purchaser than those now in vogue.

The Company will have a monopoly of these goods. The amount of business that can be done will make this corporation in a few years one of the most important in the civilized world.

In the opinion of bankers, manufacturers, merchants and others who have investigated these new inventions no company was ever incorporated with greater prospects.

It is expected that the shares will rapidly increase in value. No such opportunity has ever been offered to Canadian investors to share in a money-making enterprise the profits of which will be indirectly contributed to by every individual in the country.

The Company offer to the public the whole issue of preferred stock at par, with a bonus of one share of Common with every Three Shares of Preferred. Subscription must be accompanied by cheque, draft or money order; 25 per cent. with application, balance on allotment. Shares paid in full will be given the preference.

Subscriptions may be paid to any branch of THE ONTARIO BANK, THE UNION BANK OF CANADA, THE SOVEREIGN BANK (Bankers of the Company), or to order of CANADIAN COMMERCIAL BINDER CO., Limited, 16 Yonge Street Arcade, Toronto, Canada.

Allotment will be made on July 15th, and all refunds and shares issued will be mailed on that date.

Any information required may be had by calling at the Company's Office. Letters addressed to the Managing Director will receive prompt reply.

ESTIMATES OF PROFITS.

After allowing for the manufacture and expense of placing the machines it is estimated the business will produce a profit of at least $200,000 within the first year, or 100 per cent. on the capital. The Company expects to have very large profits on their Binder Twine and numerous other articles.

LOUISVILLE CHOSEN FOR S.S. CONVENTION IN 1908

Beats San Francisco in Race for Honors—$50,000 Pledge Money Raised to $75,000.

Amid a turmoil of songs and banner waving, the City of Louisville, Kentucky, was chosen as the next meeting place of the international triennial Sunday school convention. San Francisco, the loser, was defeated by a vote of 647 to 469. The speeches of the champions of the two cities were enthusiastic, and the president, Judge Maclaren, had some difficulty in re-curing order. The delegates from Louisville and the vicinity rose in a body, and, waving their banners, united in a strenuous rendition of "Dixie." The San Francisco delegates sang "My Country, 'Tis of Thee." The first ballot showed San Francisco 432, Louisville 430, Winona Lake 268, and Little Rock, Ark., 150. The vote was insufficient, and the voters for the last-named two threw themselves into the scale for one or other of the leading cities. Whereupon, Louisville won.

Increased the Money Pledge.

The second feature of the morning was the increase of the yearly pledge fund to $75,000 instead of $50,000, as previously pledged. The utmost enthusiasm prevailed. The increased capital will be used for work in Japan and for negro work.

Earlier in the morning a conference was held on adult work and classes for men, led by Marshall A. Hudson of Syracuse, N. Y., president of the Baraca Union of America.

The dangerous time was when a man was off duty. It was with this truth in mind that all work in this section was done.

Toronto Not the Good.

According to Dr. Potts, it was only the ministers of the United States who called Toronto "Toronto the Good."

The Pastor in the S. S.

Rev. G. B. Stewart, president of the Theological Seminary, Auburn, N. Y., spoke on "Training of Ministers for Sunday School Work." A pastor had a place in the work, and the seminaries should teach him to find it. The seminaries should teach Sunday school, history, curricula, management and ideals. The divinity student should learn pedagogy as it applies to the Sunday school.

SEWER CAVED IN.

Brockville, June 27. — (Special.)—While at work to-day in a sewer excavation, about seven feet deep, John Carr was struck and partially buried by one of the sides caving in unexpectedly. Two other laborers succeeded in digging him out, after which he was removed to the hospital. He was badly injured on the body and head.

W. O. W. PROSPERING.

Increasing in Membership and in Financial Standing.

Peterboro, June 27.—(Special.)—The executive council of the Canadian Woodmen of the World met in semi-annual business session here to-day. The report for the last half year, presented by W. C. Fitzgerald, London, shows that there have been added this year, to June 23, 860 new members, an increase of 100 over 1904 for the same period. The deaths have been 26, amounting to $29,500, or $5000 less than for the same period last year. There are now 409 ladies in the order, and 13 new camps have been added, and four disbanded. Four new circles have been organized. The assessments in excess of losses for 1905 to June 23 is $20,991, while for the whole of last year it was $19,948. The probable excess of 1905 is placed at $40,000.

While the executive council has no power to legislate with regard to rates, no increase of the present schedule is contemplated, but there may be an equalization with regard to rates on those risks issued when the order was first instituted, the opinion being that they were not sufficiently high.

Guelph is the place of meeting of the convention next year.

WOULD RATHER LEAVE CANADA THAN STAY SIX MONTHS IN JAIL

Winnipeg, June 27.—J. A. Bangs, the Calgary lawyer convicted in June last of being receiver of moneys stolen from the mails by Clerk Wilcox, was released from custody to-day upon condition that he at once leave Canada.

Bangs was sentenced to eighteen months' imprisonment, and only had six months more to serve.

C.P.R. FINALLY DEFEATED IN ITS WRESTLE WITH HILL

Railway Committee Support the V. V. & E. Bill by 78 to 60.

Ottawa, June 27.—The Victoria, Vancouver and Eastern Railway bill was again called at the railway committee to-day. This was the sixth day which it was up for discussion, while the fight against the bill has been unparalleled in the history of parliament.

Mr. Foster talked at length against British Columbia having any railway connections to the south. The road would carry all the ores out of the country to United States smelters.

Mr. Fitzpatrick said that the C. P. R. monopoly had nothing to do with it. It was a question as to whether the road could be built in Canadian territory or not. That was what the company was there for.

Mr. Galliner: The legislation of 1898, making this work for the general advantage of Canada, made it necessary for the company to come here.

W. F. Maclean said that he was in favor of competition, and he was not in favor of leaving the protection of Canadian interests to the Canadian Pacific Railway. From what the minister of justice said, he would leave it to the Dominion government to give the necessary protection, and would therefore send the bill to the house of commons. The minister of justice was bound now to see that the national policy was maintained.

Mr. Henderson (Halton) spoke against the bill.

Ralph Smith (Nanaimo) addressed the committee briefly in favor of the bill. He also read a batch of telegrams from British Columbia, forwarding resolutions by Conservatives and Liberals in favor of the bill.

Mr. Campbell, chairman, asked for the vote on the third clause, as amended. Mr. Ingram wanted to know if the clause could be amended after the vote was taken. The chairman said that this point would not arise until the vote was over. Dr. Sproule demanded that the chairman give his decision at once.

The chairman said that he could not decide upon an amendment which was not put and which might not be put. He decreed that Dr. Sproule was out of order. Dr. Sproule appealed to the committee that the chair be not sustained, and demanded the yeas and nays.

Mr. Campbell: The vote is, "Shall the chair be sustained?" The vote stood 106 in favor of the chair and 28 against. The vote was next taken on clause 3, as amended. The vote stood 78 for the clause and 60 against, a majority of 18 for the supporters of the bill. The result was received with great cheering. Two Conservatives voted for the clause.—Guss Porter and W. F. Maclean.

Listen to This.

THEY DINED IN LION'S DEN PRESSMEN EXHIBIT NERVE

Altho "Dewey" and "Schley" Acted Like Big Dogs, It Was a Real "Experience."

Nine young men in this great city of scores of thousands dined last night as no others have ever dined here before or may ever do again. Within an iron-barred enclosure they sat and as they supped of fowl and salads and strawberry shortcake they kept one watchful—or was it merely interested?—eye upon two big African lions which romped around them just as big dogs, exceptionably favored in the home, are inclined to do.

This "jungle dinner" as it was called was extended on invitation to representatives of the city press by the management of the big Mundy shows which are providing the carnival attraction for the Elks at Harbor Park. All the newspapers accepted the invitation, but two of them were unrepresented last evening when Press Agent Moore took the chair as host.

"Schley" and "Dewey," the lions, are formidable looking, but submitted to the somewhat timid fondling and petting which the scribes indulged in as the beasts poked their heads up towards the table. The waiter, who averred he had never before appeared in a lion's den, shoved the big fellows out of his way as carelessly as he would a cat, and once, when "Schley" sniffed expectantly at a plate, the waiter slapped him across the nose.

Only when an attendant passed the cage on his way to feed the other animals did "Schley" and "Dewey" get restive, and the way they jumped and followed that big hunk of fresh beef around necessitated some lashing from the trainer.

"Something we'll never forget" was the unanimous opinion of the party as they rose from the table, neglecting even to sing the Doxology.

The carnival yesterday was well patronized, and seems to afford any amount of amusement to young and old.

CONTROLLERS MAY BE LIABLE.

Violate Bylaw in Remitting License Fees for Carnival.

If a citizen or taxpayer breaks one of the five thousand and one petty bylaws by which the city is governed, he is haled to the police court and fined. Not so with the board of control. This body of wonderful legislators don't take the trouble to break a bylaw; they simply wipe it out of existence for the time being.

An illustration of the board's illegal manner of doing business was given yesterday, when they took upon themselves, without consulting the council, the remitting of the license fees which the Mundy Shows pay into the city's coffers.

The excuse, when they are taken to task about it, will be that the proceeds go to charity.

A prominent lawyer, in speaking of the question yesterday, said there was no doubt that each of the controllers could be held personally liable for the amount of the license fees which should have been collected.

The amount given away by the board of control is over $900 a day, or about $5500 on the week.

KILTIES BAND COMING.

Famous Band at Massey Hall Which Appeared Before the King.

The Kilties' Band have been visiting some of the cities of Ontario prior to their three holiday concerts at Massey Hall on Friday evening and Saturday afternoon and evening, and they have everywhere been received with the greatest enthusiasm and large audiences. During the last year the Kilties have made some very famous appearances, notably the two concerts given by command of King Edward VII., one at Balmoral in September, and the other at Sandringham House on Nov. 9, on the occasion of his sixty-third birthday. At the World's Fair, they were the only military band that played in the festival hall, for which an admission was charged. The band numbers fifty, including the famous Clan Johnstone troupe of Highland dancers. The seats are now on sale at Massey Hall.

Chinese Picnic.

The Chinese department of the Metropolitan Sunday School, with their friends, spent a very enjoyable afternoon at their annual picnic in Victoria Park. A number of prizes were competed for, with the following as prize-winners: Flat race, 300 yards, My Yet, Lee Chu, Yung Wood; flat race, 250 yards, Tom Yung Sing, Yung Wood, Lee Yon; 300-yard flat race, Lee Ling, Tom Yung Sing, Chu Fook; ladies' race, 150 yards, Miss Lena Warne, Miss Hastings, Miss Elvins; ladies' race, 100 yards, Miss Blackwell, Miss B. Blackwell, Miss Piddington; ladies' race, 150 yards, Miss Warne, Miss Temperton; ladies' race, 100 yds., Miss B. Temperton, Mrs. John Lee. The event was the most successful ever held by the Chinese department, and a number of delegates to the S. S. convention, who were present, thoroly enjoyed and appreciated the day's outing.

Chinese Mean Business.

Pekin, June 27.—The question of Chinese exclusion from the United States continues chiefly to occupy the attention of the government. The chief obstacle is the question of exclusion of coolies from Hawaii and the Philippines. With a view of facilitating a settlement, China yesterday proposed to send a special mission to Washington, but American Minister Rockhill declined to entertain the idea.

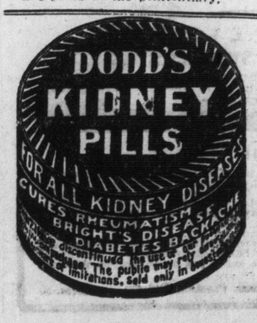
Run to Earth.

Niagara Falls, June 27.—John Hamilton, alleged to have been the accomplice of John Chapman in the burglary of Lalor & Stone's store at Dunnville, on May 3, was arrested this morning by Detectives Kelly and MacNamara. He had been hiding at Queenstown quarries, but was located by Chief Constable Mains. Chapman has been sentenced to five years in the penitentiary.



FOUGHT DEATH 11 WEEKS GRIM REAPER CONQUERED

George McBurney Had His Back Broken Early April—A Remarkable Case.

Face to face with certain death for eleven weeks, George McBurney bore up bravely and often cheerfully until the grim reaper conquered on Monday at his home, 23 Alexander-street.

Mr. McBurney was about 60 years of age, and was engaged in the building trade. On April 4 he was working on a house on Ossington-avenue, when he sustained a fall of 10 or 11 feet, with the result that his back was broken. He was taken then to Grace Hospital, where it was seen that the injury would prove fatal. He was paralyzed from the waist down, but retained the use of the upper portion of his body and was able to talk. The doctors told him the seriousness of his case, and he knew that the end might come at any minute. After remaining in the hospital for two or three weeks, he was taken to his home on Alexander-street, where, altho practically helpless, he showed remarkable vitality and good spirits. Sometimes he was hopeful of recovery, and planned to go with one of his daughters to her home in British Columbia. He was not in great pain, but on several occasions lapsed into an almost unconscious condition. At other periods he was quite bright and was able to take ordinary food. Before the end came he was quite conscious.

Dr. Bowie attended the sick man, but from the beginning could give no hope to his wife and daughters. The case was a most remarkable one.

Funeral services were held at the residence last night and this morning the remains will be taken to Peterboro, under the supervision of Undertaker J. A. Humphrey, for interment.

LIKELY TO PROVE A DEAR BARGAIN

School Board Arbitrating Site for Phoebe Street School.

It is a question whether the city's unwillingness to accept the original offer of William Duckworth, to sell his 58x180-foot lot on Phoebe-street, running back to Bulwer-street, will not prove a mistaken policy. The lot adjoins the present site of Phoebe-street School, and is wanted as a location for the new building. Duckworth offered to accept $16,250, but the property committee of the school board wouldn't take it. Hence the court of arbitration now in progress, with Harton Walker representing the school board, H. H. Williams the property owner, and Inspector Hughes as arbitrators. Solicitor J. Heighington appears for Duckworth, and W. B. McMurrich, K. C., for the board.

Charles Pearson, Elmes Henderson and G. A. Case gave evidence on behalf of Duckworth, and agreed on $15,300 as an approximate figure. T. C. Dancy and John Holdge, plaster experts, and William Simpson and William Prouse, builders, stated that the loss to Duckworth thru being forced to remove his plastering business would be from $3800 to $4000. Duckworth, when he made his original offer, had an option (since expired) on another site. He now deems his claims greater.

The enquiry will be gone on with to-day, when W. T. White, H. S. Mara, Edward Galley and L. C. Sheppard will given valuators' opinions in support of the board.

DON'T WANT TO HONOR "BOBS."

Socialists Object to Having Him Open the Exhibition.

Local Toronto of the Socialist party, Canada, at a meeting held in the Temperance Hall, Bathurst-street, last evening, adopted the following resolution:

"That we place on record our emphatic protest against the action of the Toronto Industrial Exhibition Association in inviting Lord Roberts to officiate at the formal opening of the exhibition, regarding it as especially inappropriate that an event held in celebration of the arts of peace should be made the occasion for glorifying the leader of a particularly unjust and cowardly war of aggression, which has resulted disastrously to the welfare of the working class both in Britain and South Africa.

"And that we remind all workers that any participation in gatherings held in his honor would be contrary to the spirit of class solidarity."

ENGINEER FOR PANAMA CANAL HAS RESIGNED

New York, June 27.—John F. Wallace, chief engineer of the Panama Canal, and member of the commission, has resigned both these positions, to accept a $60,000 office with a New York corporation.

Mr. Wallace was asked the cause of his resignation. He replied that his position in the matter was a delicate one, and referred his questioner to Secretary Taft.

CURZON'S RESIGNATION.

Simla, India, June 27.—In spite of Indian Secretary Brodrick's denial, it is reiterated to-day that Lord Curzon of Kedleston has informed the British cabinet that unless important modifications are made in the orders recently issued, giving Gen. Lord Kitchener supreme command of the forces in India, he will resign the viceroyalty.

Vocal Recital.

A vocal recital was given in the Normal School Theatre last evening by pupils of Mrs. J. Lillie. The recital was a great success and reflected great credit on Mrs. Lillie and her talented 12-year-old daughter Muriel, who was the accompanist. An excellent program was rendered by a ladies' chorus, Mrs. Mulholland, Wm. Cousins, Mrs. A. P. McaKgue, Miss Bertha Hayball, Miss Margaret Wright, Messrs. Montgomery and Corton, Miss Beatrice Clark and Miss Marion Harcourt.

The Famous Hudson River Route.

Passengers on the West Shore and New York Central have the privilege of a trip on the Hudson River steamers between Albany and New York without extra charge. Excursionists on Aug. 14 and 24, via West Shore and New York, respectively, should bear this in mind. 'Tis a grand trip. Louis Drago, Canadian passenger agent, 69½ Yonge-street, Toronto, will tell you all about it. 2313

The Wills of Women.

Charlotte Patterson leaves her entire estate, worth $11,152, to her husband, Alex.

Mrs. Louisa Beavis divides an estate of $5600 among friends and distant relatives, believing her children are provided for. The property of Mrs. Jane Ann Walker goes to her daughter, Mrs. C. M. Nelles. Mrs. Sarah Lloyd of Aurora leaves $6600 to be equally divided between her son Oscar and daughter Emily.

Interviewed the Clergy.

Rev. J. T. Gardner, M.A., who is here on important matters connected with the Church of England, conferred with Canon Sweeny, representing the Bishop of Toronto, and a number of the clergy of the diocese yesterday. He leaves to-day for Hamilton and London, and will be back here in time for a conference next Tuesday morning. He will then leave for Winnipeg and the west.
