Russia Perturbed

By Serious Labor Troubles and Strikes.

The Bicycle Trade Booming in England.

Lady Haberton Loses Her Bloomer Suit.

Alarmist Reports Denied by the Pope's Doctors—The Samoan Difficulty in Course of Settlement.

London, April 6.—The St. Petersburg correspondent of the Times telegraphs an alarmist statement regarding the spread of serious labor troubles and strikes in the manufacturing districts of Russia. Ominous rumors, he says, are in circulation in St. Petersburg, reports of troops sent to suppress outbreaks, of the whole destruction of property, of numerous arrests and of the gagging of the press, yet not half of what is happening ever reaches the ears of the capital. Towns, mills and factories, the correspondent says, are literally inundated with secret socialist and revolutionary proclamation by agitators, who are undoubtedly assisted from abroad. All this, together with the agitation fostered by the students, creates a serious political outlook.

One official, Lieut. Danco, in charge of the magnetic observations, died in June. Some months earlier the expedition lost a young Norwegian, named Vincke, an excellent draughtsman, who illustrated the expedition. The members suffered much from cold in September, when the minimum was 43° below zero."

CABLE NOTES. At the inquest which is to be held shortly on the victims of the wreck of the steamer Stella on the Casquet Rocks March 30, it is expected to prove that the disaster was due to reckless navigation.

The United States torpedo boat Somers, which left Palmouth en route for Plymouth, broke down off Plymouth, and was towed into Plymouth Sound Wednesday night disabled.

The London Daily Telegraph, editorially referring to the proposed cutting up of the site of Wolf's victory at Quebec into building lots, says all Canada should take measures to prevent the desecration of the Plains of Abraham, and adds that England would surely help if it was merely a question of money.

In the British parliamentary by-election in the Harrow division of Middlesex, to fill the vacancy caused by the appointment of Mr. W. A. Ambrose to a mastership in lunacy, in place of Mr. Bulwer, deceased, Mr. Irwin B. Cox, Unionist, defeated Mr. Corrie Grant, Liberal and Radical.

Attempts to compromise on the critical issues in Jamaica have failed.

BI-CYCLE BOOM IN ENGLAND. The bicycle manufacturers at Coventry report an unexpected rush of orders. Their stocks have been cleared out, and they are unable to supply the continued demands in the required time. They have been compelled to refuse orders. There is also great activity among the manufacturers of Birmingham, Wolverhampton and Redditch.

LADY HABERTON'S BLOOMER CASE. A test case, which has excited great interest in cycling circles, was decided at the Kingston sessions, when Lady Haberton charged the landlady of a hotel with having refused to serve her because she was attired in bloomers. Lady Haberton, who is treasurer of the National Dress League, said on the witness stand that she had traveled 4,000 miles in bloomers, including the west end of London. The landlady pleaded that she only refused to serve her ladyship in the coffee room and would have served her in a private room, or at the ordinary bar. She was fined 10s. and costs, and the jury decided against Lady Haberton.

THE SAMOAN SNARL. Berlin, April 6.—The negotiations between the German minister of foreign affairs, Baron von Buelow; the United States ambassador, Mr. Andrew D. White, and the British ambassador, Sir Frank C. Lascelles, continue. The representative of Great Britain still favors the majority rule within the proposed Samoan investigating commission. Germany wants unanimity, according to the Berlin act, and the United States acquiesces. Mr. White said to the correspondent of the Associated Press: "I believe England will yield to unanimity."
