

**SNAP-SHOTS AT VARIOUS SPORTS**

The White Sox will don their new uniforms again now.

Seems to be "just a little bit" on the chilly order for baseball now.

Nick Altrock, who won the first game for the White Sox, is 30 years old.

Geel! what a rumpus there will be tomorrow at Tecumseh Park! The Forest City football team meets Woodstock College.

The executive of the Ontario Rugby Football Union meets in Toronto on Friday next.

At a meeting Wednesday night of the Montreal hockey club, in Montreal, it was decided that there would be no professional hockey played there this winter. Certain Canadian hockey players are wishing now that Pittsburg had never been on the map.

The Western University will hold its field day on the 26th of this month. The students are trusting to the weather man to be decent on that day.

The Wolseley Barracks nosed out a victory over the Collegiate Soccer football team last evening by 2 goals to 1.

The Stars fell last night when the Tasmos landed on them for three games in the Tenpin League.

The football game Saturday between the Forest City bunch and Woodstock will in reality be a try-out for London's gridiron warriors. By special arrangement with the management rooting will be allowed.

The two bookmakers, Alvey and Stephens, who were mixed up in a gun-play melee at Churchill Downs last Saturday, were yesterday each fined \$1,000 and deprived of all track privileges for the remainder of the season. When it becomes necessary to use firearms to decide bets on a race, it is time to take firm action.

Tommy Burns and Philadelphia "Jawn" O'Brien have signed articles for a 20-round go, to be held at an early date. On form O'Brien should win—but then, one cannot always tell.

After the disgraceful scenes in Cornwall last Saturday, the N. L. U. folks cannot be too careful. Lacrosse has made great headway this season, simply because it has been clean and fast. So long as it stays that way Canadians will not only be proud of it, but swear by it. But if rowdiness is allowed to creep in, it will soon be placed in a class with football.—Toronto Telegram.

Right you are. When the public pay to see a lacrosse game they don't want a field fight.

An exchange has discovered that there is professionalism in English lawn bowling circles. Well, who'd have thought it? Next thing we know the schoolboy athletes will be going after the filthy lucre.

Terry McGovern and Young Corbett don the padded mitts for the third time in Philadelphia soon. Corbett has whipped the Brooklyn boy twice, and says he will do it again. As a general rule, when one man has been defeated by another in the ring, the loser generally is an easy mark when the same men meet again. However, Corbett has led the merry life, and is just about all in, and it should prove to be a close contest.

Princeton trimmed Lehigh University 52 to 0 on Wednesday. Such slaughters are heartrending. **SOUTHPAW.**

**Bobby Hague Will Play at Quarter Against Woodstock College Boys.**

The team to represent the Forest City Football Club in Saturday's game against Woodstock College will include:

Back—Spry.

Halves—Canfield, Thompson, Whetter.

Quarter—Capt. Bobby Hague.

Center—Vic Smith.

Wings—Six to be chosen from McColl, Rowlands, Ross, Carmichael, Binzie, Stewart, Compin, Sage, Gilmour, Baker, Chisholm, Whitton, and Blackwell.

All the above players are urgently requested to be at Tecumseh Park at 2:30 sharp, and to provide themselves with the club stockings, black and white.

The boys had a splendid practice last night, Capt. Hague drilling them in signals for a couple of hours. The team will have to hustle to beat the fast Woodstock College boys, but they feel confident of accomplishing the trick.

A good crowd of supporters should turn out and root and lend encouragement to the boys.

All games will be played according to schedule, rain or shine.

**ST. THOMAS MAY HAVE AN INTERMEDIATE TEAM**

St. Thomas, Oct. 11.—A meeting of hockey enthusiasts was held last night, when prospects for the coming season were discussed. Those present seemed to be of the unanimous opinion that the city should be represented in the Ontario Hockey Association's intermediate series, and that the team should be composed of strictly local players, it being felt that there were enough good players in the city to make a showing. With this end in view, a committee, consisting of Fred A. McCully, C. W. Hodgins, and Jack Sinclair, was appointed to confer with the management of the rink to ascertain if suitable arrangements can be made.

There is also a probability of the city league being reorganized.

**O'BRIEN AND BURNS TO FIGHT FOR \$12,000**

Los Angeles, Cal., Oct. 11.—After squabbling for weeks, Philadelphia Jack O'Brien and Tommy Burns signed articles this afternoon to fight Thanksgiving, before the Pacific Athletic Club, for a purse of \$12,000 and an interest in the pictures, if taken.

O'Brien has haggled for days on the terms. He demanded a bonus of 10 per cent of the purse and demanded there be no fighting in the clinches and the breaks must be clean. Burns conceded the bonus, but held out for straight rules, which allow fighting at all times and both contestants to protect themselves in the breakaway. In view of the fact that Burns conceded the bonus, O'Brien finally gave in on the rules. Both men signed and each deposited \$2,500 guarantee with the club.

**This Clothing Business Is Nearly 54 Years Old**

—and in that space of time it has grown from an unimportant position to that of Premiership. This growth is attributable to but one thing, viz: a spirit of aggressiveness. We realized when we started in business how comparatively few establishments did things exceedingly well. Doing things well consists very largely in "just doing them"—in becoming absorbed, interested, concentrated—and concentration is nothing more than elimination.

To eliminate that which does not operate to the success and advantage of a house is the thing that counts. And we set about to concentrate and eliminate.

Ready-made clothing, as it was called when we started in business, was coarse, crude, shapeless, styleless, a sorry substitute for the custom-made garments as compared with the perfection of modern ready-for-service attire.

Cheapness and cheapness alone was the quality that commended it to the economical.

The standard of clothes-quality was advanced by us, and has improved season after season, year after year, until today Grafton & Co.'s Clothing is as perfect as it is possible for expert craftsmen to create. A full realization of the clothing betterment we produced brought about large patronage in both men's and boy's clothing. Considerable prestige and marked popularity every season found the marked clientage growing and the business expanding, until by force of this prosperous condition we were compelled to extend our business. Today we are recognized as the leading Clothing and Outfitting establishment in Seven of our Canadian Cities.

Each department is a store in itself, manned and operated with executive ability. Time is ripe for the renewal of your wardrobe. Never before have we prepared stock on such a lavish or extensive scale; never before have we so carefully provided for the dress requirements of every member of the family. The advantages this store offers to its patrons are:

**Largest Stocks of High-Grade Merchandise  
Greatest and Most Complete Assortments  
Lowest Prices Consistent With Quality**

The guiding hand of this business is not a chance or circumstance. If we had to take down and pick to pieces our business system, founded on fixed principles, we would put it together again as quickly as possible on exactly the same plan upon which it has been operated long enough for the people to know what they have to depend on.

**TO PREVENT IS BETTER THAN TO REPENT.**—A little medicine in the shape of the wonderful pellets which are known as Parmelee's Vegetable Pills, administered at the proper time and with the directions adhered to, often prevent a serious attack of sickness and save money which would go to the doctor. In all irregularities of the digestive organs they are an invaluable corrective, and by cleansing the blood they clear the skin of imperfections.
