## COUNTERFEITER WORKED AT NIGHT IN PRISON CELL

Veritable Workshop for Making Spurious Money in a Prussian Prison.

RENSBURG, Prussia, Feb. 24.—For some time past counterfeit five-mark pieces have been circulating in Northern Prussia. The authorities started to investigate, with the result that in a number of instances the false money was traced to this town, and it was finally learned by the police that they were being paid out by persons connected with the prison there. To clear up the mystery Detective Inspector Scheder had himself committed as a convict and was shut up in a cell in the jail.

After a day or two of observation he located a sound of faint hammering in a detached cell, where a counterfeiter was serving a long term of imprisonment. With this evidence Scheder called in some of his colleagues, and last night they raided the cell of the midnight worker. They found it to be a veritable counterfeiter's workshop, in which the convict imitated five mark pieces.

It appears that the convict, after being brought to jail, told the prison inspector where his coining apparatus was hidden. The inspector found the dies and brought them to prison, and arranged that the convict could work at night to make the coins, the inspector and his family putting them into circulation.

The inspector, his wife and his mother-in-law have been taken into custody.

## Doctors Delighted, Say New Remedy Is As Useful as Antitoxin.

Latest scientific research has brought forward results that seem incredible. For centuries diphtheria was dreaded as the Plague—now it is invariably cured by antitoxin, a remedy that kills germ life.

Knowing full well that germ life, the committee of specialists have worked unceasingly to discover an antiseptic, healing agent that would destroy the germs of these diseases. Their search has been rewarded, and now every sufferer is offered an absolute specific at a small cost. The name of the treatment is offered an absolute specific at a small cost. ## HON. A. J. M'KAY VISITS WEST YORK

F. C. Miller Passes Away at an Early Hour This Morning—General County News.

WESTON, Feb. 24.—(Special.)—The reception accorded Hon. A. J. McKay by the "stalwarts" of West York at an annual rally and banquet at the West York Liberal Association, held in the town hall here to-night, left nothing to be desired from a point of view. It was the Liberal leader's first appearance in the historic old riding and his presence and address served to fire the zeal of the ranks and fire to the highest pitch. Hon. Mr. McKay was in fine form and took occasion wherever he found a vulnerable point to attack the government in the Queen's Bench, while his followers punctuated every home thrust with a volley of cheers, which made everything ring again.

The banquet was held in the town hall and long rows of tables laden with the good cheer filled to repletion. On a raised dais were seated A. J. Anderson, president, supported on his right hand by Hon. A. G. MacKay and J. W. Curry, and on his left by Hon. Senator Archie Campbell, Dr. McLean, M. P., H. H. Dewar and George W. Verrill, the Liberal nominees in West York.

Following the usual loyal toasts, the "Dominion Government" was responded to by Hon. Archie Campbell, Dr. McLean and H. H. Dewar. I am still supporting Sir Wilfrid Laurier as much as ever," said the senator, and later he said, "Sir Wilfrid is stronger in Ontario than elsewhere. He landed into a panegyric of the government at Ottawa.

"Agricultural interests" was proposed by R. L. Crawford and responded to by John Gardhouse, J. M. Gardhouse, and Jos. Watson. "Ontario and Legislation" brought Hon. A. G. MacKay to his feet. "I'm sure that it is such a compliment to have my name coupled with the legislature as at present constituted, he said jocularly.

"Plunging into a discussion of provincial matters in general he touched on the "education" question. He charged that the cause of education was retrograding, due to an incompetent minister. Premier Whitney had placed personal friendship before the good of the country.

He reviewed the history of the Montreal Pulp River Co. and declared that the Conservative government had wholly misrepresented the facts.

"As the present cabinet of Ministers. Liberal candidates in the field I could select a cabinet of seven men of infinitely higher calibre than the present one," was one of the statements thrown out.

"The northern country is being devoured by the present regulations relating to settlers."

George W. Verrill and J. W. Curry spoke briefly.

## WYCHWOOD PARK.

Local Band Grows in Favor Week by Week.

When Magistrate Henderson, as president of the local brass band, described the members of that organization as being possessed of the quality of "self-observance" the most aptly commended the bandmen for their energy and perseverance, as is proved by the fact that for nine successive Saturdays evening they have given a first-class concert free of charge for the local residents. The ever-increasing number in which the people attend these entertainments is the best guarantee of the approval which they undoubtedly merit. Last Saturday evening's program was contributed to by P. J. Corny, whose rendering of "Anchored" was greatly appreciated, and resulted in the singer being twice recalled, his other songs being "Bodie of Loudon" and "The Last Watch." Miss Florrie Woods gave a military descriptive selection on the piano, and Harry Woods an excellent cornet solo. Others who performed were Mr. and Mrs. Hallett, in an instrumental specialty; Tom Parsley and Tom Edroy, who sang. Special interest was evinced in J. Dobson's selection on a one string violin, and in Master Edmund Tristram's pianoforte performance, which he given next Saturday, and on March 7 the bandmen will entertain their friends at a social, tickets for which are now on sale. The band has been engaged to play at a banquet to be held in Hillcrest School under the auspices of the Eastern York Youth Club, No. 107, on Friday, Feb. 28.
