

HAMILTON HAPPENINGS

NOTICE TO HAMILTON SUBSCRIBERS.

Subscribers are requested to report any irregularity or delay in the delivery of their copy of the paper to the office, rooms 17 and 19, Avenue Building, Phone 1846.

COUNCIL REBUFF MAYOR PARKS BOARD ONE SIX

His Worship Refuses to Name Another Man When Aldermen Vote Against Choice of Arthur Oheir.

HAMILTON, Jan. 31.—(Special.)—The city council this evening passed the following bylaws appointing William Mullins, city editor of The Spectator, as commissioner of industries, at \$1500 a year; shutting lobbyists out of the aldermen's retiring room and from the floor of the council; dividing cost of cement walks so that the property owner will have to bear 60 per cent; appointing H. G. McMahon and W. M. McLaren as assessors, at \$165 a year; and appointing Albert Pain to the parks board. The mayor has the nomination of the members of the board, but his selections have to be endorsed by the council. He nominated Mr. Pain and Arthur Oheir. The council, on a division of 9 to 13, voted down the name of Mr. Oheir, and the mayor declined to make another nomination, stating that the board should have to get along without another member. The proposal to increase the license fee on bicycles was voted down. Controller Allan gave notice of motion to fix the number of taxmen at 56. The number now in force, and Ald. Morris gave notice of a motion authorizing the city clerk to appoint the deputy returning officers and poll clerks for the municipal election. Ald. Forth charged that the controllers were trying to run the whole show, and were making regular dupes of the aldermen. Ald. Morris objected to the bylaw against lobbyists, claiming that the aldermen were getting too aristocratic, and would soon want to be wrapped in cotton batting and put in the case.

Angelo Perino was arrested tonight for Oskville on the charge of aggravated assault. McLean Freach was taken to the cells charged with being drunk and disorderly and with smashing a window in Christopher's restaurant. Anthony Rosari was arrested charged with stealing a small sum of money from H. Dewitt. J. J. Scott, K.C., acting for clients, has secured a 90-day option on the Hamilton Gaslight Company and its franchise. The temperance people have decided to ask the council to reduce the number of liquor licenses. Complaint will also be made to the government about the warehouse licenses issued without the consent of the commissioner. William Lawson was sent down for eighteen months for tampering with false pretences. He served four months for tampering with the ballots previous to the provincial elections of 1908. The board of control is considering a proposition to change the five per cent. penalty on arrears in taxes to one-half per cent. a month.

After spending a few days in jail, George Moore, who is on the Indian list, told the magistrate this morning that he had obtained his liquor from the Station Hotel.

Big Brick Contract.
George C. Webb has secured the contract of laying about 100,000 bricks for the \$1,000,000 extension to the Hamilton Steel & Iron Company's plant. The price of brick has gone up to \$5.50 a thousand.

Mrs. Land, widow of Robert Land, died last night in her 32nd year. James Simpson of Toronto addressed the Hamilton Ministerial Association this morning on "The Relationship of the Church to Capital and Labor."

Peary's Program.
NEW YORK, Jan. 31.—If Commander Peary resumes his duties in the navy department, as he has been ordered to do, it will seriously interfere with his arrangements. A national testimonial is to be held here on Feb. 8, and many other states have arranged similar benefits.

In going to Europe in April, one of his chief desires was to attend the annual dinner of the Royal Geographical Society in London and to address the geographical societies in Paris, Berlin, Rome, Vienna, St. Petersburg, Antwerp and Edinburgh.

Corn Growers' Convention.
WINDSOR, Jan. 31.—(Special.)—The Ontario Corn Growers' Association will hold a four days' convention at Essex commencing Tuesday morning. Prominent agriculturists, including Prof. G. C. Creehan, Guelph, and Hon. J. S. Duff, minister of agriculture, will be present.

Want Juvenile Court.
At a meeting of the Methodist Ministerial Association yesterday the following resolution was passed: Resolved that a juvenile court should be adopted for the protection and care of neglected and dependent children, and that the co-operation of all existing charities and philanthropic organizations should be enlisted, and that an adequate staff of men and women probation officers should be appointed to carry out the instructions of the court in the supervision and encouragement of wayward children, and the finding of good homes for the dependent and delinquent.

To Montreal There's Only One Double-Track Route.
and that is via Grand Trunk Railway System. Four trains leave Toronto—7:15 and 9 a.m., 8:30 and 10:15 p.m. daily. Except on Sundays. For full particulars, call at City Ticket Office, northwest corner King and Yonge streets. Phone Main 4208.

Hotel Changing Hands.
P. J. Meegan, who formerly conducted the Geneva Hotel, but who sold his license to F. C. Clarke of the Hotel Trader, has decided to enter business again. He has applied to the license commissioner for the transfer of the license of the Cameron House, West Queen street, from J. J. Conliffe to himself.

TO CURE A COLD IN A DAY.
Take Laxative Bromo Quinine Tablets. Druggists everywhere. If it fails to cure, your money is refunded. It is on each box.

HAMILTON HOTELS

HOTEL ROYAL

Every room completely renovated and newly carpeted during 1907. \$2.50 and up per day. American Plan.

LARGE AMOUNT INVOLVED

Action in Assize Court Containing Question of International Law.

A case involving the questions of international law is being heard by Chief Justice Mulock in the non-jury assize court. A Minnesota company composed of Ontario shareholders is suing an Ontario company composed of American and Canadian shareholders, and on the decision of the court depends whether some seven or eight Canadian companies shall give up \$50,000 a year to the plaintiffs, the Rainy River Boom Co., as taxes on logs cut in Canada and passing through a boom on the American side of the river. The defendants are the Rainy River Lumber Co., who are being sued for \$3588 charges. Under a Minnesota charter the plaintiffs established the boom in 1889, and carried on all business for all lumber companies on that river, but in 1894 the defendant company was organized and refused to pay tolls. Under the Minnesota law the plaintiffs claim they have the right to levy tolls, but the defendants claim that as the river is a navigable one, mentioned in the British-American Treaty of 1842, it is free and open to citizens of all countries. They claim that the plaintiffs' jurisdiction can extend only to the centre line of the river, but that the centre line in Ontario, could not pass down the Canadian side because the works of the plaintiffs extended right across the river. They also say the power given by Minnesota to collect tolls is not binding on the United States congress as congress did not enact it and finally, that it is repugnant to the 14th amendment to the constitution of the United States, as an attempt to deprive them of property without process of law.

PORCUPINE LOTS

If Demand Warrants, 160 Acres Will Be Cut Up and Sold.

Porcupine City lots will be placed on the market within two weeks according to information given to the Hamilton Standard. The government has secured by deed the R. J. B. Crombie property comprising 160 acres and is now subdividing 80 acres of it for immediate sale, and the demand warrants it, the remaining 80 acres will be surveyed into lots and sold. They will be disposed of either by tender or by auction. The site for the new city is said to be a very excellent one. It is level and is skirted by a fast running river, which will afford good drainage for the new town.

Want Juvenile Court.
At a meeting of the Methodist Ministerial Association yesterday the following resolution was passed: Resolved that a juvenile court should be adopted for the protection and care of neglected and dependent children, and that the co-operation of all existing charities and philanthropic organizations should be enlisted, and that an adequate staff of men and women probation officers should be appointed to carry out the instructions of the court in the supervision and encouragement of wayward children, and the finding of good homes for the dependent and delinquent.

ALDERMEN CUT \$111,000 FROM WORKS ESTIMATES

Appropriation for Street Cleaning and Scavenging Escaped Reduction, However.

A reduction of \$111,000 in the estimates of the works department was the result of the pruning operations of the civic works committee yesterday. The requested appropriation of \$667,709 for street cleaning and scavenging, including \$129,700 for additions to plant, went thru the committee intact, however.

Matters now stand, the works department is to receive \$1,130,752; but further cutting down by the board of control is to be expected. The reason for the heavy expense for reducing the amount is made up of wages, and the necessity of the additional equipment is recognized. The large amounts under this latter head are \$70,000 for two additional crematories, \$35,000 for north-western stables, and \$15,000 for the purchase of horses, this last being in line with the policy of reducing the heavy expense for horse hire. There was some discussion as to whether crude petroleum oil to lay the dust on macadam streets, \$10,000 being required, should be bought in the open market or by tender. Dr. Sheard favored the former course as the cheaper, but the point will be settled later.

Controller Foster lived up to his reputation as the watchdog of the treasury by moving for many reductions, many of which were adopted, while others looked to the committee like ultra-economy.

Only Three Lavatories.
Six new lavatories were recommended, but only three were carried. Those struck out were: corner Bloor and Sherbourne streets, \$500; corner Brock and Dundas street, \$800; and corner College street and Lansdowne avenue, \$500. The appropriation for lavatories is thus reduced from \$55,000 to \$29,000.

Maintenance of pavements and sidewalks escaped fairly well, but \$50,000 worth of the \$35,000 asked for asphalt repairs, and the sidewalk appropriation cut from \$10,000 to \$25,000.

Won't Extend Asphalt Plant.
Mr. Rust's most serious setback was the elimination of \$100,000 which he proposed to establish a branch asphalt plant in the northwest section. The engineer explained that the city wasn't able to transport the material because of the long haul, but the committee thought the expansion of plant could wait.

The land damages connected with the widening of the Dundas street bridges will have to take care of themselves, the requested appropriation of \$18,000 being cut out. The city engineer admitted that the work was carried out without the cost of land damages having been ascertained. When \$45,000 was voted the impression was that the entire cost was being covered.

The widening of King street, from Simcoe street to Spadina avenue, from 40 feet to 44 feet in taking in a four-foot strip of boulevard, was laid over. The item was \$13,000.

Preventing Water Waste.
There was some disposition to haggle over granting \$10,000 for an inspection of water mains to detect sources of water waste, but Controller Spence pointed out that a previous investigation had resulted in cutting off a loss of \$40 per cent. in the water. The item was carried.

Quarter-Million for Parks.
If the park commissioner has his way there will be spent on city parks this year \$225,474, as against \$194,401 last year. For maintenance he wants \$148,569, as compared with \$124,403, and for permanent improvements \$76,905, as against \$59,997.

Among the improvements contemplated are \$7000 to complete the palm-house in Allan Gardens, or a total of \$35,333; construction of new greenhouses at Exhibition Park, \$25,000; improving 1000 feet of Exhibition Park waterfront, \$12,000; and grading Rose-dale ravine, \$5000; \$1000 for public playground at Vermont square, and \$1800 for Hon-houses at Riverdale Zoo. More seats and lavatories are recommended for nearly all the parks.

The commissioner would like to spend \$25,492 on the island as against \$20,747 last year. Of a total asked, \$14,582 is for maintenance and \$10,910 for permanent improvements. Last year \$16,355 was spent on permanent improvement.

The summary is:

Estimated	Exp'd	
1910	1909	
Park maintenance (exclusive of Exhibition Park and buildings)	\$7,737	\$8,170
Park improvements	\$3,880	\$2,761
Exhibition park and buildings	29,190	31,840
Exhibition Park, permanent improvements	39,500	41,540
Riverdale Zoo, main	10,277	8,400
Do, improvements	2,925	5,187
Miscellaneous	32,005	25,884
Total	\$225,474	\$194,401
Special items authorized by council in 1909	\$15,000	
Grand total	\$240,474	\$194,401

City's Bill of Health.
While typhoid shows a considerable increase, there is a marked falling off in the number of diphtheria and scarlet fever cases for January as compared with the preceding month, and also with January, 1909. The figures are:

	Jan.	Jan.	Dec.
Diphtheria	104	165	134
Scarlet fever	140	219	192
Typhoid	51	4	29

Dr. Sheard says typhoid is distributed thru the city and that it is advisable to keep boiling the water. Interments in the city cemeteries during January numbered 254, compared with 339 for December and 306 for November. Interments of persons over 70

WANTS SIXTH INTEREST
George Green Sues for Share of Profits in Mining Deal.

Justice Britton heard a mining action in the non-jury assize court yesterday in which George Green, a mining broker, sued A. W. Jacobs, Sam Bilkly, H. T. Shillington, George Craig, D. H. Baird, R. W. Jacobs, Consolidated Mines, Limited, and H. P. Glidden. The plaintiff endeavored to recover one-sixth of the profits in a mining property for which he had secured a property for the defendants who were forming a company, the profits amounting to \$50,000. Green claimed that he dealt with Glidden, who owned claim 634, near the O'Brien mine, but the defendants said he had nothing to do with whatever with acquiring the mine. The case was dismissed against the defendants except Glidden and Justice Britton will give judgment today with regard to the claim against Glidden.
