ADRIANS BY SKILFUL WORK SEIZE GROUND A Well-Managed Operation Brings About Capture of Strong Points. GET CLOSE TO LENS Dominion Outpost is Now Twenty-Seven Hundred Yards Distant.

By Stewart Lyon. Canadian Headquarters in France, via London, June 12.—Another well-managed minor operation on the Tuesday morning of the Canadian front, resulted in the capture and occupation of strong points which have a menace to the security of our left flank since the capture of the electric station. The Souchez River at this spot has been dammed by the Germans, and in the marshy area along its banks have been placed skillfully concealed machine guns, which have swept all possible means of approach from the south bank of the stream. Some of the positions were destroyed by the raid of Saturday morning, but others remained in the enemy's hands. The artillery having not been able to smash them, it was decided that the only effective way of putting them out of business and ending the annoyance and loss was by a night surprise attack with bomb and bayonet. Only a few men were engaged in the enterprise, which succeeded beyond expectation. The enemy showed the fight in a few minutes, and an entire company, with three machine guns and six prisoners, all that were left of the gun crews, passed into our hands. At once steps were taken to incorporate the captured ground within our lines. The post captured yesterday was only twenty-seven hundred yards from the centre of Lens. It marks the furthest advance toward the city. One of the officers captured stated that his battalion had just relieved another, which had suffered very heavy losses during a short period on the front lines especially from gas and shell fire. The enemy artillery was less active today on our front, and that the points on the Scarpe and other points had been shelling Arras and other points on the Scarpe with a 12-inch naval gun.

LOYALIST FORCES WIN VICTORY OVER REBELS Russian Army Wins First Great Success in Suppression of Anarchy—Compels Pacifists, Regiments to Surrender.

Petrograd, June 11, via London. June 12.—The forces in the army at the front which are loyal to the provisional government have had their first test of strength with disloyal pacifists, and have won a notable victory. Two days ago Lieut.-Gen. Stecherbatoff, commander of the Rumanian front, gave an order to disband one infantry, one tirailleur, and one Serbian tirailleur regiment, all of which were considered useless for fighting purposes. Three regiments of another division were ordered to take up a new position, but refused to do so, and thereupon received an order to disband. The soldiers openly mutinied. The men of one of the regiments arrested the commander and seven officers, tore their badges from their uniforms, and beat two officers, leaving one insensible on the road. A regimental committee resolved that the regiment should not move. Thereupon a loyal committee of soldiers of the whole army, after deliberating with the army staff, pronounced for stern measures against the mutineers, the ringleader of whom was named Philippoff. A resolute general was chosen, having under his command two divisions of loyal cavalry, two battalions of infantry, one light battery, armored cars, and airplanes, and undertook the task of suppressing the revolt. When the loyalist general had occupied positions against the mutineers, he sent an ultimatum to them, demanding the surrender of the ringleader; that they take up positions as ordered, and that they undertake to serve faithfully in the future. The mutinous soldiers, seeing that they were surrounded, attempted to negotiate, but at the last moment Philippoff incited them to new resistance. The loyalist general immediately ordered his guns into action, whereupon the rebels unconditionally accepted the ultimatum and surrendered Philippoff and others, who were transported to prison in an automobile. The loyalist reserve troops became enraged and fired upon the automobile, but their commander, in order to save the prisoners' lives, jumped into the machine, whereupon the firing ceased. There is great rejoicing in government circles tonight over the first success in the inevitable struggle against the forces of anarchy. (Concluded on Page 2, Column 6).

NEXT WINTER'S COAL OUTLOOK IS IMPROVING Visiting American Authority Tells Dealers Supply Will Be Adequate. WARTIME MEASURES U. S. Government Takes Effective Steps to Cope With Extraordinary Conditions.

Extremely optimistic was the note struck by Arthur M. Hull, editor of The Retail Coalman, of Chicago, Ill., in an address on the coal situation given before the members of the Toronto coal section of the Retail Merchants' Association last night. "I am glad to be able to say," said the speaker, "that every possible effort is being made by the coal producers and the United States Government to meet the extraordinary demands now being made upon them in this world emergency, and I firmly believe that the foresightedness and wisdom of President Wilson will be more clearly shown as the months go by."

French Troops to Control The Harvests in Thessaly Sir John Willison Denies Acting on Rowell's Behalf

Denial that he had sent a telegram to Sir Robert Borden stating that N. W. Rowell, K.C., would enter a coalitionist-cabinet headed by the premier, was made by Sir John Willison last night. A despatch from Ottawa said that Liberals had heard that Sir John had made the proposal. "I am glad to be able to say," said the speaker, "that every possible effort is being made by the coal producers and the United States Government to meet the extraordinary demands now being made upon them in this world emergency, and I firmly believe that the foresightedness and wisdom of President Wilson will be more clearly shown as the months go by."

PERSHING DINES AT LANCASTER HOUSE British Government Entertains American General and Staff Members. PREMIER PRESIDES Eight Cabinet Ministers Attend Dinner—Thirty-One Guests.

London, June 12.—Major-Gen. John Pershing and his staff were the guests of the British Government at a formal dinner tonight in Lancaster House, which is a government building devoted solely to the purpose of state entertainment of distinguished visitors, and was last utilized for the dinner of the imperial conference a month or more ago. There were thirty other diners, including eight members of the cabinet. The prime minister, David Lloyd George, sat at the first table round the table in the sumptuous dining hall, looking out across the green lawn of St. James' Park at Buckingham Palace, opposite. At the prime minister's right sat the American ambassador, Walter H. Page, and at his left, Gen. Pershing. At the same table were Sir Edward Carson, first lord of the Admiralty; Lord Robert Cecil, minister of blockade; Lord Hardinge, under-secretary of the foreign office, and Gen. Anderson and Bethel, of Gen. Pershing's staff. The other tables were presided over by Lord Curzon, lord president of the council; Viscount Milner, member of the war cabinet; Hon. George M. Balfour, pensions minister; the Earl of Derby, secretary for war, and Sir Alfred Mond, Sir Alfred, whose office of commissioner of works makes him official host at government functions, received the guests, of whom Mr. Lloyd George was last to arrive. Vice-Admiral William Sims, United States Navy, sat at Sir Alfred's right. Arthur J. Balfour was unable to be present at the dinner. Early in the evening before Major-General Pershing left his hotel, ex-Premier Asquith called on him. General Pershing came downstairs and greeted Mr. Asquith in the lobby, where they engaged in a five-minute conversation, surrounded by an interested group.

LIBERALS STRIVING FOR UNITED FRONT Caucus Appoints Committee to Frame Amendments to Conscription Bill. NEW COALITION MOVE Toronto Delegation Asks That Portfolio Be Offered to Rowell.

By a Staff Reporter. Ottawa, June 12.—The Liberals held a caucus this morning on the conscription bill which was adjourned until Thursday. They evidently agreed to disagree on the bill itself, but a committee was appointed to frame some amendments in support of which the party could present a united front. No date has yet been fixed for the second reading, as the bill has to be translated and printed in French, and the Liberals have asked for more time to study its provisions. A mild flutter of excitement was caused by the arrival this morning of J. M. Godfrey, Amelius Jarvis and J. G. O'Donoghue of Toronto. They had a long interview with the prime minister and are said to have urged the formation of a coalition government, the advantage of national unity by a campaign of education in all the provinces, and the conscription of wealth as well as of national unity by man-power. They are also said to have suggested to the prime minister that he offer a cabinet portfolio to J. M. Godfrey, K.C., provincial leader of the Liberal party in Ontario, and it seems to be understood that Mr. Rowell could be induced to accept. Liberal members of the house, however, are holding aloof from the coalition, and cabinet reconstruction may soon be attempted along party lines.
